Rate: ???????? This review is for the whole collection: "Girls reading!". Probably. "Cute,". True. "Too sweet!". Also true! "So romantic!". Indeed! "Cliché!" Yep. And yet unique!

But the truth is that I got the collection on-line, and after starting the first volume, I couldn't put it down until the last one! Literally. It took me around 6-8 hours to finish. Barely stopped to have lunch.

Kaho Miyasaks "Kare First Love" Romance-Reihe hat so wahnsinnig viel Herz. Ich liebe die Charaktere und die Storyidee, nur der Zeichstil könnte eventuell abschreckend wirken. "Kare First Love" zählt zu den älteren Shjo Mangas, dennoch ist mit viel Liebe fürs Detail gezeichnet worden. Karin und Kiriya kämpfen in jedem Band dieser Reihe um die Festigung ihrer Liebe, aber immer wieder spielen Ungeduld, Eifersucht, Zickereien, Schulstress oder Stress mit den Eltern rein, sodass die beiden keine einfache Liebesbeziehung führen können. In diesem Band stresst sich Karin allerdings selbst, denn sie hat große Angst vor dem "ersten Mal" mit Kiriya und weiß nicht genau, wie sie es ihm beibringen soll.

I was horribly disappointed by this volume. What I enjoyed so much about the earlier volumes was how cute, happy, and in love the couple was without bringing sex into the equation. This completely ruined that for me and made it your typical romance novel with crappy shojo art.

(Contains spoilers.)

This series is being surprisingly good about the sex issues, and that was just not something I was expecting.

The chapter starts with a big almost sex scene between Karin and Kiriya, one that I very much remembered. They talk a little, they make out, he enters her a little, but they don't end up having sex. (Although I'm not really sure why. But maybe that's just me, in thinking that, if you've started, why not just go all the way, when it didn't really seem like she didn't want to at that point?) They exchange presents, they almost get caught, and they cuddle for a while.

Afterward, Kiriya starts getting pushy, and Karin decides that she's actually not ready to have sex yet, and they have a fight. I rather liked this fight, though, because Karin isn't giving in. She believes that he shouldn't be pushing her when she isn't ready, and is standing up for herself, is confident enough to do so, while Kiriya doesn't think he's done anything wrong. The fight lasts a while, with neither of them really talking.

Until Karin's family goes to get a family picture taken, and end up having Kiriya as the photographer. Karin's father warms up to him, and finally gives in to letting them go out, and that pulls them to make up. And Karin even held out, wanting to make him learn his lesson so he knew not to do it again, which I liked. Then Karin pierces her ears with the present Kiriya gave her, and they make plans to go on a trip together.

However, they end up going on a trip to visit a photographer at this shoot Kiriya's sister-in-law is part of. That turns out not so well, though, when they get lost and it rains, and when they do run into the photographer, he kind of hits on Karin with devious intent, steals her earring, and Kiriya gets jealous. Good things are definitely not happening in the next volume.

Either way, I'm looking forward to it. Especially since, I think this is about the spot that I left off reading the first time.
