Both time travels are hot but also have deep emotion attached to them. Wonderful read, with romance, adventure, fantasy. Great love scenes. Loved this!

Timeless Heart takes place in a contemporary setting with a Regency era hero who finds himself in the future.

Timeless Love finds the regency heroine landing in —1969! What a great twist. Very entertaining stories!

Timeless Heart:

I can't possibly tell you how much I'm in love with this book. It's so sweet, romantic, magical! Think about it as a sexy "Kate and Leopold".

Kate and Leopold is one of my favorite movies, and I'll tell you why I decided to relate these two. Ross, while travelling in his carriage when he's caught by a storm and passes out. When he wakes up, Ross is rescued by the lovely Sara, but 190 years have passed. She takes him to her home and the sexual tension is too much to handle. Kate and Leopold has the same unique atmosphere of love beyond time, prejudice, and the hero is just as hot!

The love scenes were a very welcomed surprise. Ms. Gerrard has written an in depth story, with just the right amount of emotion and sexiness. Ross and Sarah are perfect together. I would like to have seen a bit more of dialog between them. This title could easily have been written as a full novel. By the end I just wanted to read more!

I hope Ms. Gerrard starts a series with the other people that went missing from the carriage. Where did they go? I wonder what this author will be writing next, cause I'll sure read it! Timeless Heart is a spectacular debut and a novel I would highly recommend.

Timeless Love:

I believe it was a fantastic idea to set this story in the 60's. It gave this story an unique touch. Not a contemporary romance, not quite a historical, but a modern approach.

The couple was so adorable and honorable! Perfect for the part of hero and heroine. However, I must admit I enjoyed Timeless Heart, the first in the series more captivating and with a lighter and fun atmosphere.(...) I hope we'll have the chance to read more Timeless stories by Karyn Gerrard! I had a good time reading Timeless Love.
