Should bring back Miss Scamper into the series later.

Sydney says

when hank is on his way to Belulah's house he meets his old friends rip and snort who are coyotes and they convince him that a smell of a stinky and dead scent will make a love potion so Hank goes to Belulah's house with his unusual smell and Belulah doesn't fall in love with Hank.

Awesome

Good book. I love these I kind of books. They have a good sense of humor. Hank the cowdog is a must read.

Darryl Cole says

I read pretty much this entire series years ago after I discovered them in my elementary school library. The plot, and characters are great. Plus these books are extremely funny. I loved this series then and I still love it.

Male dogs can be weird around female dogs.

Heather says

So silly, but fun — my boys love these audiobooks!

You can't be readin' this one to family under seventeen. You know. Love scenes, and ... a death scene. Edgy stuff.

First thing, Hank seeks "the whole story" from a fowl character with a speech inpedimun ... impedime... . Poor speech. He then confronts snakes-in-the-grass, coyotes, a putrid polecat, a collie, a beagle and a

Doberman. You're thinkin, it can't get any worse. Right?

It does. It involves the most treacherous animals on earth. Women. Hank and I have suffered thousands of them. Well hundreds. A dozen? Okay, one or two.

Some shocking passages.

I thought this book was good for middle school aged kiddos. Definitely good to read! It's a chapter book. Start with book 1 to 31

Kristen Holland Shear says

We listened to this as an audiobook. Hank the Cowdog is such a great series. The kids love it and it has as much adult humor as possible in a kids book. I can't recommend the series enough to anyone with kids and this book in particular is a hoot!

Picked this book up for Teilee. Completely inappropriate for her age and I wouldn't recommend it for any age. She adored it after a few pages and I couldn't convince her to stop so we continued with the book changing much of the wording. Inappropriate language, improper English, adult topics, all around BAD book.

Renee says

I like this book because its about dogs falling in love and stuff.....
