Enjoyed these

These were stories of stubborn males and the females who bring them to their knees. Quick read and worth it

Yolonda says

i loved re reading these stories. they are quick and I just love the brothers and the women that show them how to love and make them happy.

I love reading these books as they are such a pleasant switch off for me but I must say book one is my favourite.

1 - THE TYCOON'S PREGNANT MISTRESS

I have the older version, both paperback and ebook.

A real Harlequin story with the wronged mistress being thrown out after being framed. No questions, no reasoning just out you go.

Poor Marley is pregnant but before she can talk this over with her lover Chrysander, he is throwing her out the door for something she hasn't done. She is then kidnapped but the ransom demands are sent via the conniving secretary who framed her in the first place so Chrysander knows nothing about her kidnapping until he sees Marley on the news MONTHS later, when the kidnappers give up waiting for any comeback to their demands and tell the police where she is.

Of course he rushes to the hospital, then says he is the fiancé. HUH. Chrysander and his two brothers have maligned Marley for ages and when she comes back into the picture, it is a very cool reception for poor Marley.

Marley in the meantime has been so traumatised during her kidnapping she has amnesia, so of course Chrysander gets to take her home.

I really enjoyed this story especially when Marley is talking to the specialist and says no one asked her if she had done it.

In true harlequin style Marley forgives Chrysander as soon as he says he is sorry.

I did like how Theron came through and helped Marley.

2 - THE TYCOON'S PREGNANT BRIDE

I have the older version, both paperback and ebook.

This is Theron's story. I found I really liked Theron and how much of a gentleman he was in this is own story, after being such a nice guy to Marley in book one. He treats both the women in his life, his intended future bride and Isabella well.

He is planning to marry a good Greek girl whom he is friendly with as they will make a good match and to secure an heir for himself. But suddenly his ward is all grown up and throwing herself at him. Isabella is the ward of Theron and has crushed on him for years. She sets her cap at him and blatantly pursues him even with the ten year age gap.

Isabella starts off immature and selfish but grew on me. After overhearing a conversation, she realised how childish she had been acting and stepped back to allow Theron to choose the bride he wanted.

3 - THE TYCOON'S SECRET AFFAIR

I have the older version, both paperback and ebook.

A good fun read that rounds out the last of these brothers, not my favourite but I don't hate it either.

Typical harlequin she done me wrong, so now I don't trust any woman but will marry you as you are pregnant with my child. Damn those condoms.

Piers is likeable enough and gives Jewel everything except himself emotionally. When he believes Jewel has lied to him he throws her out, sound familiar, read book one. When he realises his mistake, he hunts for heroine who of course forgives him but also brings back the son he loved but was not his. Confused, read the story.

Meh...

I wish MS. Banks would write the third book in the Montgomerys and Armstrongs series and leave the Greeks be. These books are freakin' awful and so badly researched that you wouldn't believe that a successful author actually wrote them. I know that a Harlequin romance isn't supposed to be the epitome of literature but come on...

I was browsing through the new releases and this came up. My dislike of this series hasn't faded yet.

I love Maya Banks a terrific writer

Leely says

Une écriture (ou une traduction ?) loin d'être exceptionnelle. C'est un peu (beaucoup) tiré par les cheveux, mais j'ai quand même passé un bon moment, en somme une lecture sans prise de tête. Une romance et un livre détente à ne pas trop prendre au sérieux.

Gussie Porter says

The Anetakis series was great. I just wish the story could continue with one more story with Bella completing the family by having Theron's baby. Maya Banks is such a great author I can't wait to see what she comes up with next.

Melody Cox says

What a great trio of books. I really enjoyed two out of the three. Bride I did not care for. The other two were super! I have read them many times and will continue to do so when the mood strikes.

Alison Vibert says

Lovely

I enjoyed the first book with the interaction between Marley and the first brother and was looking forward to the second book. This did not disappoint than the third book. Wow.

Havoc, thy name is Marley, Bella and Jewel!

Marley and Chrysander - Mistress and Tycoon, until he accused her of corporate espionage. Marley, heartbroken, ran into the street and right into the grasp of kidnappers. Various months later she was rescued and was hospitalized, pregnant and with amnesia. This is where the story truly begins.

Bella and Theron - Bella has been in love with Theron since her early teens. She has finally grown up and at 22 she is ready to capture her mate. In NYC, Theron helps her find an apartment and settle in. He then informs her, as her guardian, he has eligible friends he wants her to meet to see if they are agreeable marriage material for her. He then informs her, his fiancée is coming from Greece with her Mom to finalize their engagement and set up his wedding. This is where the story gets sneaky and convoluted.

Jewel and Piers - They had a 1 night stand which was erotic and fulfilling. The next day she starts her new job and guess who her boss is...Mr. 1-night stand. Piers calls Human Resources and tells them to transfer her to another hotel but the communication breaks apart so instead of transferring, Jewel got fired. Months down the line, Jewel has to call Piers because she is pregnant and was told she had to have absolute bed rest. She can't work, so he has to become responsible for them. Piers rushes to her side and the insult games begin.

<http://www.unbrindelecture.com/2014/1...>

Une petite déception pour cette romance contemporaine qui aurait mérité d'être plus complexe et approfondie pour vraiment faire vibrer son lectorat même si le trio grec est assez craquant. Il manque de surprises, les intrigues son un peu cousues de fil blanc et cela m'a vraiment laissé sur ma faim. Une romance qui a maintenant quelques années et qui n'a pas forcément bien supporté ces années en plus...
