## From Reader Review The Girls Get Even for online ebook

### Rachel Wanlass says

I thought it was amazing. I love how funny it was and how the girls got more revenge than "the boys started the war". I thought the boys were so cruel in that, I feel better about how the boys get in trouble I loved that not to be rude to them but, I hate how mean to the girls because they are not boys though.

---

### Rachel says

Loved by my daughter, tolerated by me.

### Savannah Thomas says

It's a good book and I really enjoyed this book in the 4th grade.

---

### Diane says

Second installment in the Hatford vs the Malloys series revolves around the Halloween parade costume contest. The bet is on ... the losers have to be the winners' slaves for a month. The boys are so desperate to find out what the girls are planning for their costume that they send Peter in as a spy. In the meantime, Caroline becomes the Goblin Queen in the school play, both groups are disqualified from the costume contest for destructive behavior and the boys Halloween party invitation backfires.

---

### jessica chen says

it was very very funny. i wish i was as smart as the malloy girls. :) lol

---

### **Macii says**

i read this book in about 5th grade and still have it.  
i remeber liking it.its fun even if you arent in the 9-12 range it was written for

---

### **Amar says**

Great continues the boys vs girls series!!

---

### **Emma Sabrina says**

i thought that it was funny and i loved the part when the girls joined a new school and the boys did as well and it had to get even . I think you ppl should read this book as well.

---

### **Em says**

Even more fun than boys start the war

---

### **Kathryn Marie says**

I was totally drawn in to these very fun books as a kid. I just couldn't get enough of the pranks, and the drama between the kids just filled out the story for me. They are great for very young readers.

---

### **Reader Girl says**

Like the first book, this is a good, fun, quick read. I definitely recommend reading the first one first. There are a few places where this book is repetitive, presumably because the author feels the need to fill in background information, but the information has already been included in this book and is repeating itself from this book rather than the previous one.

---

### **Melissa says**

I liked this one a bit better than the first (The Boys Start the War), but I still didn't find much intellectual stimulation in it, so it was totally a reading-for-the-kids-sake book. It's hard to say no to a book that the kids laugh out loud at and beg for more when reading time is done. We'll probably be reading more in the series, or I will at least get them for the kids to read if they want.

---

### **Kimberly says**

Thoroughly and completely enjoyed this series, which I read to my daughters through Nov & Dec at bedtime. Love, love, love Phyllis Reynolds Naylor for elementary aged readers. Love, love, love this series for the Brady-bunch era of hijinx between children... Love, love, love that neither the boys nor the girls are clear-case winners of the "war", though, my daughters do believe there was a winner. Whole-heartedly recommend as a family read and to all elementary-aged readers.

---

### **Michaela says**

This book was good but it wasn't as funny as the last one
