John Derian Picture Book John Derian

John Derian's home goods empire reaches far and wide—in addition to the four John Derian stores he owns in New York and Massachusetts, his products are sold by more than 600 retailers worldwide, including Neiman Marcus, ABC, and Gump's in the United States; Conrads and Selfridges in the UK; and Astier de Villatte in Paris. It all started with his now-iconic collectible plates decoupaged with 19th-century artwork sourced from old and rare books, a process that credited him with elevating the decoupage technique into fine art. Over the past 25 years, the brand has expanded greatly to include home and general design gifts and products. From intensely coloured flowers and birds to curious portraits, hand-drawn letters, and breathtaking landscapes, the best of John Derian is here. The result is an oversized object of desire, a work of art in and of itself, that brilliantly walks the line between commerce and art, and that is destined to become the gift book of the season.

Mel says

An absolutely beautiful book for fans of design and history alike. I received almost as much enjoyment from reading the catalog in the back as I did looking at the awesome images. My favorite? The Devil's Toboggan.

Gretchen says

Ahhhhh I want every single image in here tattooed on me forever! An awesome and fun collection of images with surprisingly good citations at the end (you can take the librarian out of the library but...)

Leonard says

A large format book of illustration of a variety of topics. I found it mildly interesting .

Sandra says

Amazing. I love this so much! One of my favorite artists sharing his favorite vintage and antique images in large format--what could be more fun?

Rebecca says

This giant coffee table book was another on-point Amazon suggestion. (I'm starting to get worried about the Feed...) John Derian collects and reprints images from 18th- and 19th century books and uses them in decoupage art. This is a collection of them, presented large-format, as-is, no history or science. And it's really fun to look at.

Rhianna says

I want to plaster every page on the walls in my home, that's how much I love every piece in this book.
