In Her Best Friend's Bed J. Margot Critch

She wants him so much!

Abby Shaw has had *enough*. She's done with relationships (why are guys always so needy?) and wants to focus on getting her career off the ground. The fact that Trevor Jones—her new best bud *and* her boss—is seriously hot shouldn't complicate things at all. But that deliciously hard, tattooed body? A kiss that suggests hours—and nights—of wicked pleasure? Yep, Trevor is trouble...

Abby and Trevor can't resist turning "just friends" into "friends with sexy benefits." Which means lots of hot sex, no messy emotions. It's the perfect arrangement—at first. But their searing sexual chemistry verges on becoming dangerously intimate...and Abby will do just about anything to keep herself from falling in love with Trevor Jones.

Miniseries: Friends With Benefits

Geraldine Sadiku says

Hot, sexy, passionate read that has a friends with benefit theme, excellent read.

Farrah Johnson says

They don't call it Harlequin Blaze for nothing! This book was hot and steamy as Abby and Trevor try to tow the line between friends and lovers by becoming "friends with benefits." I loved the beginning of the book where they have a will they or won't they moment. The author builds on that moment beautifully and believably and catapults the reader into Trevor and Abby's super hot "not -a-relationship" relationship. These characters have a surprising amount of depth for how short this novel is but they never manage to feel false. I loved that it was set in Montreal, but at the same time, would've loved a scene where they spent some time walking through or visiting at least one well-known site (I'm Canadian so I can't stress how much I loved a Canadian setting). I really enjoyed how well-written this book was and how the author was repetitive but not in an annoying way. If you're looking for a hot read with fun characters, this is for you.

Jo Reads Romance says

Not a book for me
2 stars

I primarily bought this book because it was the follow on story from In the Boss's Bed by the same author. While I wasn't particularly keen on that story, I still wanted to give this one a chance and see the love story of Abby and Trevor - who first appeared in the first book. Sadly, I wasn't hugely overwhelmed with this story, either.

The story started off strongly as Abby and Trevor are introduced to us (you don't need to have read the In the Boss's Bed first) and you get the anticipation of the start of their relationship. This is when they come to their deal of friends with benefits. The first time they get together is very hot and sexy and everything looked good for a fun story...

...but it suddenly seemed to get a bit stale. The story seemed to be the pair having sex, wondering what they were going to do since they weren't in a place in their lives to have a relationship, a wee bit about their fledgling careers and another bit of sex thrown in for good measure. I love a sexy story and I love a Blaze romance but when the story seems to be predominantly sex and you find yourself skimming through those

parts, there's something amiss.

The writing was fine and the story did hold my interest - for a while at least - I just couldn't really feel anything for the romance story and didn't really believe in it or the love between Abby and Trevor, I'm afraid.

So, not a story for me but not really offensive in any way. I wouldn't recommend you rush out and buy it but if it's already in your 'to be read' pile then it whiles away a couple of hours. 2 stars.

Amanda says

This is my first book by J. Margot Critch and I'm so impressed with the author's skills as a writer. Her characters are realistically portrayed and they leap off the pages. Her writing is detailed and her storytelling is fluid with a slight allegorical nuance to it and since this is a Blaze book, do expect a hint of humour, oodles of sexiness, fiery passion and boatloads of drama. Overall, Ms. Critch knows how to keep your attention.

Highly Recommended
4.5 Stars

Jennifer Schultheis says

In Her Best Friend's Bed by J. Margot Critch, two friends cross boundaries and enter into a friends with benefits relationship.

Abby is through with relationships and is only up for some fun. She never gets serious about relationships and even has rules she lives by. Trevor, her boss, and new bestie has his hands full with his work, but can't resist his attraction to her. Trevor has been with many women but there is something about Abby that calls to him. Since technically he's her boss, she's off limits or she should be.

"There's nothing a man can regularly give me that my best vibrator can't. And it won't leave the toilet seat up."

When Abby tells Trevor she's through with men completely, he proceeds to show her how good they could be and a friends with benefits relationship begins.

Trevor gave Abby a job when she needed one, but she's looking for a career. When she lands another job, Abby takes it, but doesn't count on missing Trevor. What was supposed to be one night, turns into something much more.

The chemistry is great between Abby and Trevor. They have a strong friendship and honestly enjoy each other's company, even when they aren't getting busy under the sheets. They would be the perfect couple if Abby could face her fear of relationships and take a chance on them. Will Trevor break down Abby's walls, so they can have a shot at something amazing or will Abby let her fear overpower her heart?

The writing is great, the characters kept me interested and I honestly cared whether or not these two were

going to get a happy ending. Trevor was a great guy and made his feelings for Abby clear. As for Abby, it's understandable why she resists relationships, but I'm glad her feelings for Trevor make her question her fears. Overall, this was an enjoyable friends to lovers story and highly recommended.
