Plato: The Complete Works (Book Center) Plato , Benjamin Jowett , George Burges

Plato was a philosopher in Ancient Greece. He was an essential figure in the development of philosophy, especially the Western tradition, and he founded the Academy in Athens, the first institution of higher learning in the Western world.

Plato's dialogues have been used to teach a range of subjects, including philosophy, logic, ethics, rhetoric, religion and mathematics. His lasting themes include Platonic love, the theory of forms, the five regimes, innate knowledge, among others. His theory of forms launched a unique perspective on abstract objects, and led to a school of thought called Platonism.

This collection contains the following works by Plato:

The Complete Plato

Part 1: Early Dialogues

The Apology

Crito

Charmides

Laches

Lysis

Euthyphro

Graham Cammock says

Excellent translations!

I only read Charmides, Cratylus, Euthydemus, Menexenus, Parmenides, the Sophist and the Statesman in this collection, to finish off my reading of all of Plato's works. The translations are excellent, and I would highly recommend these translations and Plato's works in general to anyone.
