Joss says

Awesome as usual. Nothing more to say. This team is bringing the best of Star Wars every month.

Steven Shinder says

I love that we got to see the lengths that Vader would go to keep his identity a secret. Also liked the Rogue One connection. I thought it was kinda dumb though to have the clones fire at him by mistake. The teaser at the end is great, but it just reminds me that it may still be a while before it pays off. This feels like the end of the arc, yet there are two more parts to go, which is odd.

Micah Ulibarri says

This series is still going strong. Its amazing to see Anakin become more and more Vader. There is at least one scene that gave me chills. This must be the end of the arc because I'm not sure where they're going next and the conclusion was very satisfying.

Spencer says

Another fantastic issue, this series continues to be the best monthly Star Wars comic by a long mile.

Sans says

Anakin is a rule breaker no matter his Force affiliation. I like seeing him not doing exactly as he's told. He's sewing the seeds of his rebellion (ha! sorry.) against his chosen Master early on.

Erik Gidewall says

It was good

It was a good comic to read and I recommend to others. Think you I hope the next one will be great.

Eduard says

Read as part of Vol. 2, Legacy's End.

Brandon St Mark says

This was such a cool issue and I liked the Luke teaser at the end. Definitely the best Star Wars title coming out now. I wish Jocasta had survived (I've really come to appreciate her character throughout this arc) because I think she could've been a reoccurring "villain" of sorts, but I understand why she had to go. I liked the "I am one with the force, the force is with me" throw back (forward?) to Rogue One too. Can't wait to see the next arc.

Etienne says

Really great!!! Loved every part of it!

Raymond says

Epic ending to this story arc. Seeing Vader in all new light.
