It is what it says

It has a lot of information about kid beginner chefs, but it's dry. My 8 year old son wouldn't read it. He likes the colorful title, but no interest in reading inside.

There are word games in it, but it's similar to the word puzzles given by his teachers in school. Ultimately, he gets bored with them. He likes cooking as an activity, to help in the kitchen, not learn it by text books.

I think the way it is presented would be better for 11-13 year olds.

I was about 10 when my mom bought me this book, at 20 I still look at it for recipe ideas and inspiration.
