Into Temptation

Skyla Madi

Into Temptation Skyla Madi

I'm not a good Catholic girl.

A good Catholic girl would never use church on Sunday to lust over the Father's son.

A good Catholic girl would never pulse between her thighs and lose her breath over the boy who recites the closing prayer - even if his voice is low and sinful enough to make her toes curl in her shoes.

A good Catholic girl would never allow herself to be led into temptation by dirty, blond hair and dark eyes...

And a good Catholic girl would never use Bible study as an excuse to be used and abused.

But, like I said, I'm not a good Catholic girl...

And he's FAR from a good Catholic boy.

Caleb Andrews is everything I don't need, but he's everything I want...

God help me.

1-Click Addict Support Group says

Arghhhhhh, Skyla Madi, what the hell did you do to my heart?! Chapter one sucked me right and my goodness, I didn't realize what I was getting myself into.

I thought, 'Oh, Cassia is just rebelling against her parents', but when her story came out, I realized it was much more than that. In reality, she was looking for her freedom from her parents and I would have also. But what caused her to be in the predicament that she finds herself in?

Dirty, dirty Caleb was just DIRTY, and he had my thighs clenching, my toes curling and my heart speeding like it was nobody's business. The first time he opened his mouth he had me thinking naughty thoughts that I almost felt guilty about...almost. He was anything but an obedient pastor's son—he was the total opposite of his father.

Caleb and Cassia have a tumultuous relationship, and it had me getting mad, irritated and just plain grouchy! They were both stubborn, not wanting to give in until the other did first, but when they finally did...
BOOM Fireworks went off everywhere!!

The sexual chemistry between them was off the charts! Though there is plenty of steam, there is also a story of love, fighting for your freedom, and moving on, too. Hold on for this roller coaster ride between two stubborn people wanting the same thing, yet wanting it done their own way!

Now, Skyla Madi, that ending had me... Well, you'll have to One-Click to find out! I just have to ask, there will be more on them, RIGHT??? ~ Kara, 4.5 stars

Brie says

Sinfully enticing, **Skyla Madi** leads us *into* the desirable world of *temptation* with her hot and sexy words.

Cassia is the girl that wants to be a *good Catholic woman*, not because she truly desires to be. More so because in her parents' eyes, specifically her father's she's the *black sheep* of the family. So she does whatever they demand of her without hesitation, trying to make up for a past that she tainted for them all.

But that's not who she is, nor the person she thrives to be deep down inside.

Sinful.

Wicked.

Corrupt.

And **depraved**.

Caleb is definitely a *wolf among sheep*, but what a seductive creature he is. Smooth, and erotic in every way, shape, and form. *Nothing you'd expect* from the Father's son.

But Caleb is a walking talking *façade*.

In the eyes of the church, especially his father's he is a servant of the Lord. Definitely not the man Cassia sees, or the man who *hides* his true self.

"They're good Catholic women. They're what I should try to be, but I can't. Not when all I can think about is the Father's son, the one with the rosary beads, fu*king me six ways from Sunday. On the altar. Bent over the pew. In the confession box. Against the gold statue of Our Lord and Savior who grips his own rosary beads."

Together, **Caleb and Cassia** are provocative and arousing. They are drawn to one another almost immediately. Both try to resist the pull and deny their wants, but like two magnets these two giving in is *undeniable*.

Skyla, Skyla, **SKYLA...** Lord have mercy on my poor soul after reading this novel!! Add in the ending **pounds head against imaginary wall** and I don't know if to pull my hair out, or sit here with an evil smile on my lips.

Into Temptation will surely lead you *into temptation* as **Skyla Madi**, breaks the rules and *entraps* you within the pages of her alluring novel.

Anne Mercier says

SO GOOD! Taboo topics, intense relationship, unique and original plot... I love original! But--Blargh! Cliffhanger. MUST READ! Five Sinful Stars!

Dinjolina says

The premise of the book was somewhat interesting. Since I woke up one day and realised that oversexed barely legal people don't fix my romance cravings I bought this strictly on a whim. Sadly, it made me remember why I try to not binge on high school and college drama. Some might call it getting close to 30, but I just call it realism – young love is dramatic, and sometimes overpowering. But it's really hard to write about it and not have the whole book play out like a bad sitcom.

My overall verdict is – messy. *I don't understand the high ratings, but I am sure it will be filtered out in time.*

The characters lacked depth and the 'surprises' had no build-up. Most of the revelations are in-your-face and coming out of the left field by being totally unconnected to the story, or just badly executed. The heroine's parents are so over-dramatic it's not even funny, and the hero's family reverts from bland to theatrical. Also, while I appreciate some good old lust, calling it love is just sad. This is basically a mediocre erotic read centered on two (very) young (and immature) adults that flirt and have lusty sex. ***We can say it is sinful and titillating – but it's just sex and chemistry.***

The ending or epilogue hints at more books to come, but I have never seen a cliffhanger in an epilogue before. I don't actually know if this is a series, or if the author wanted to have a histrionic ending to fit the melodramatic tone of the whole book. What I can safely say is that if this turns in to a series – I will not be buying the sequels.

I am not even going to comment the ever so classy silhouette of the lusty curvaceous lady on her knees that represent Caleb's chapters or the unconnected silhouette of a rose that signal Cassia's thoughts.

Liz says

Cliffhanger; new adult; tons of typos

19 yr old Cassia is raised by extraordinarily strict Catholic parents who were so appalled that she'd had sex with a boy that they packed up and moved from ND to AZ. Seriously. So she can be "fixed". Her parents are emotionally abusive, lock her away (literally) in their house with no phone or computer. They enlist the local priest to help this slutty daughter of theirs see the err of her ways.

But they can't lock away her thoughts. Cassia lusts after Caleb, the priest's son (this is explained) who isn't all good himself, despite the lies he tells to his father and the community. In fact he's got serious emotional issues stemming from his mother's suicide and sister's kidnapping and now he's all into Cassia.

The story is dark, and is all about how people are not always what they show to the world. They sneak around a lot and Caleb is a dirty-talker. What really blew me away was the last chapter and epilogue... which I'm not sure I'm buying. But is exciting nonetheless.

Elle says

i don't understand the reason for the high rating. skimmed through the book for the most part. the ending was terrible.

Sammy- Just Let Me Read says

In Into Temptation, Skyla Madi wrote a taboo, sexy and emotional story that I loved from beginning to end. I

have read other books that tackle religious and erotic themes, but none of them were quite as hot and wicked as this one was. The story centers on Cassia, the daughter of faithful, churchgoing parents, and Caleb, the son of the church's priest. The two of them experience an explosive chemistry when they meet, and its only a matter of time before they both fall into temptation. Told in dual POV, the story was well-written and had a unique storyline that kept me hooked until the end.

Caleb was such a kinky, dirty-talking bad boy. Having dealt with tragedy at a young age, he acts out by sinning, and is unapologetic for it. As soon as he meets Cassia, he wants her, and pulls out all the stops to get her to give in to him. She really didn't stand a chance in resisting him. He was determined to get her and wanted her with a need so strong, he wasn't sure how to handle it. He tried in vain to fight any sort of connection with her, knowing that getting close to anyone would be a bad idea. He had demons, and wanted to fight them alone. After years of meaningless sex, the last thing he expects is for a girl to get under his skin so quickly. Cassia was someone who really didn't know who she was as a person. She desperately sought the approval of her parents after being caught doing something "sinful". She tries in vain to repress the part of herself that longs for sexual satisfaction, but once Caleb inserts himself in her life, that becomes impossible. I was so frustrated by her unwavering love for her parents, who essentially treated her like crap throughout the book. They were so strict in their morals, that there was practically nothing Cassia could do to redeem herself in their eyes. She had been paying the price for months, and I wanted so bad for her to just break away from them and become her own person. These two characters deserved to find happiness with each other, and I really wanted them to find it.

The author did a great job infusing elements of humor, angst, and sexual tension together in a well-balanced way. I liked the banter between Cassia and Caleb, and when the two of them came together physically, it was like a blazing inferno of heat. Their encounters were so intense, and neither of them could get enough of each other. Their relationship quickly grew into much more than sex, and I don't think either of them saw it coming. This book was so much different than what I expected, and I loved it. The ending was an unexpected one, and I am really, really hoping that the author follows up with another book. I have not had nearly enough of Cassia and Caleb.

Andrea Joan says

OMG THIS BOOK!!!!!! Review to come.....

Millie says

I loved Loved LOVED this book. Caleb is a hot, sexy and dirty preachers son! I was hooked from the first chapter and couldn't put the book down. The story was kept me hooked!! I'm excited to see where Skyla takes us on the next book. I 100% recommend this sinful book.

Tamara says

4.5 stars

Taboo books are my favourite romance sub-genre; give me a naughty, "we shouldn't be doing this, in case we get caught" relationship and I'm all over it! So even though I hadn't read a Sklya Madi book before I

knew that Into Temptation was going straight to the top of the reading pile.

What I was expecting was a sexy story of 19 year old Cassia, and the 22 year old son of the town priest, Caleb sneaking around and generally not being the good catholic people they are forced to portray themselves to be.

Perhaps, he's not a good Catholic boy like I'm not a good Catholic girl

What I got was so much more.

I wasn't expecting the depth and range of emotions I felt while reading. I wasn't expecting to feel so connected to the two main characters - it's not like I have much in common with a girl whose been labelled the town slut by her own parents and the boy who feels like his father blames him for the abduction of his sister 11 years ago. It's a testament to Madi's writing that I became so invested with these two characters and wanted to keep turning pages, and forget anything else that didn't involve this story, which I had become absorbed in.

The relationship between Cassia and Caleb stated out taboo and there was the sneaking around I was expecting, and if I'm honest looking forward to.

But, somewhere along the way it turned into that all consuming first love, that even though I'm a little older and married with kids still gives me butterflies.

"There's a swirling in my stomach that won't stop and a thumping in my chest that prevents me from sleeping. I don't know what it is, but I know it's linked directly to you. When you're not with me, my palms sweat and my brain scrambles. I feel needy and tired, and...I just want you."

I received an arc in return for an honest review

Phyl says

I came across this book because a readers had said it shitted all over her religion and put it in a bad light, I loved the fact the author didn't back down and said she would write whatever she wanted because it's her book.

Readers telling author what to write is a pet peeve of mine. If you want a book written your way write the damn thing yourself.

Anyhoo, it brought my attention to this book and I had to read it. I love taboo reads. Dark, erotica and religious. Win win in my opinion.

Good catholic girl Cassia is smothered by her strict religious parents and kept on a tight lease. Then she meets Caleb. He's the epitome of bad he volunteers to help with Cassia's bible study.

I loved this book, great main characters the bantering between the two him trying to get in her pants and her trying to keep him out of it. His unashamed manner and how he loves sexually harassing her.

'lets spread your bible wide open'

She tries to be a good girl but with Caleb that is not an easy task.

My first read won't be my last, hopefully there's more of Cassia and Caleb

TITLE: Into Temptation
AUTHOR: Skyla Madi
GENRE: Contemporary Romance
RELEASE DATE: 21st February, 2016

MY RATING:

WARNING Into Temptation contains occasional dark content. It is not suitable for those who are sensitive to strong language, self-harm, drug use, and dislike the mixing of erotica and religion..

Written in Cassia's and Caleb's POV which I LOVE

OMG this is NOTHING like I expected, this is *fans face* VERY VERY HOT!! The things that race through their minds are definitely sinful..

All I can think about is the father's son, I'm going straight to hell. Perhaps he's not a good catholic boy like I'm not a good catholic girl.

I can't exist in this state any longer. The pent up arousal is killing me. I saw a nice tree with a decent sized hole in it on the way to church this morning and I'd be lying if I said it didn't turn me on. God, that's so fucked up. ~ Caleb

Lord have fucking mercy...give me the strength to resist the temptation her sinful body arouses in me...or I'm going to bend her over the breakfast table and eat her for breakfast—in front of her mother, too. Amen.

It was purely sexual in the beginning. All I wanted to do was stuff her with my dick and maybe a rosary bead or two, but now I don't mind the thought of spending as much time as I can spare with her.

Her parents have carrots so far up their asses they can't see the light of day, it's like they live in the dark ages, the twenty first century, she's slept with one young guy but they make it seem like she's promiscuous and is all around town bed hopping..They have control over every aspect of her life..I wanted so badly to jump in the book and bitch slap the parents from here to Sunday..Gah they made me mad lol

Boys like Caleb have never been my type. The arrogance, the cockiness, the mindset of the world revolving around them, it's too much for me, but Caleb...he has me hook, line, and sinker.

Caleb has no qualms going after what he wants, his alpha domineering, seductive, sinful ways will definitely have you panting, breathless, begging for more..He's hot, aggressive, forceful, unforgiving, cocky, arrogant, too much maleness wrapped up in a preachers son..

He pushes the boundaries of his sexual tendencies, of a man under oath to be celibate until marriage (yeah that doesn't go well for him)..

Cassia tries to be the good catholic girl her parents want her to be..But anytime she sets her sights on Caleb her thoughts turn provocative.

"Caleb is trouble and if my parents find him here, it's off to Antarctica where they'll lock me in a tiny, little igloo and sing prayer songs until I bludgeon myself to death on a giant ice cube. "

MY THOUGHTS: Gods I LOVE books like this, shity az buggery of a day outside, you open up a book and the outside world just ceases to exist, this book had that desired effect on me!!

Once I started this I became so absorbed in the story the house could've fallen down around my ears and I'd be clueless, this book is nothing like what I expected from this author, this book had me glued to my ipad, I devoured those words, fell in love with these two characters..

Her use of words, the story line, the characters just all pull you in and before you know it your invested in this story right to the end..Gods I pray pray loved this book hard!! The feels, the time I sat here reading this I didn't want my journey with these characters to end, so beautifully written..

NOOOOOOOO It can't end like that!!! Please tell me there will be another book!!

***kawehi.reviews says**

? I received an ARC via the author in exchange for an honest review. Thank you!! ?

~~Please don't tell me this is a book standalone?! OMiGAH!! That ending! It just left me hanging. Skyla, where you at?! I'm coming at you with my pitchfork!! lol

Throughout this, we meet Cassia and Caleb, two individuals wanting to break out of the "Good Catholic Girl/Boy" persona and just live their life own lives, on their own terms.

"A good Catholic girl should want a good Catholic boy...but I'm not a good Catholic girl and he's clearly not a good Catholic boy. Does that change the rules?"

Cassia is a girl with a racy past, who moves with her parents to Caleb's father's church, to getaway from the

scandal she brought upon her and her family.

Caleb, on the other hand, is a wolf in sheeps clothing, who pretends to be the quintessential church boy but in reality is scheming at the seams.

"I'm a man drowning in lies, booze and sex. I'm a lost cause suffocated by sin."

As you can guess, both protagonists obviously meet while at church, and from there it's a bit of gnawing of your nails on how their love story is executed. I mean, the poor guy and girl can't get a break from outside influences such as their parents constantly breathing over their necks or interfering, Caleb's own tragic past looming over them, and their own doubts and insecurities lurking in the background. Waahh~~~

"Unlike me, she cares about people in ways I can't even fathom. She is my polar opposite. The color to my grayscale."

I was a little disgruntled with the amount of shame and contempt Cassia's parents held over her. I mean, how can you keep your own daughter, your only child, locked in such a gilded cage?! Was over the top for parents of a 19 year old to have such a hold on her. *But, hey, you can't choose your family can you?*

And Caleb. Mr. 21 year old with a supposed job that I had not seen. To carry such a burden such as he around his own father, and want to appease his own dad, even though he knows deep down that it is futile. I felt bad for him. He and Cassia definitely NEED to escape the debby downer cloud that their families and the church cast on them. It is a recipe for disaster to say the least.

The ending, for all of you who may have wondered about my rant in the beginning, it is an open cliffy that will have your mind going in a million directions. Here, I had it in my mind that everything would be tied up in one inning.....BUT NO!!

Darn it, Skyla Madi!! You got me, you evil, devious woman!! >_<

There are loose ends that I need answers to!!

I would love to say that I hate you but we both know that it is not true. I love you and I love your writing. It has had a calling to me from the very beginning and I look forward to seeing your characters come out of the pages and incite my imagination with their words and their story lines.

I would really recommend for those looking for a steamy, taboo type of boy-girl relationship! It's fast, easy to get into, and gets your libido going all throughout! Definitely had a lot of pent up sexual frustration going! Haha

Skyla, there better be a bk2! *Pretty please with a cherry on top?!* :)

Christy Pastore says

Into Temptation gives us the story of Caleb and Cassia, both struggling with the people their parents expect them to be and the people they truly are, and want to be. They both see parts of themselves reflected in the other and are able to connect on a deeper "spiritual" level. This is the beauty of the story. Neither wants to

give in, and try as they might, they cannot resist the pull of their attraction.

"Bitches love eggplant emojis." ~ Caleb

For all the intensity this story held, it blended well with a mixture of comedic relief and heartwarming moments between the characters. One of my favorite scenes is where Caleb gets some poignant advice from Agnus, an older parishioner of his father's church.

"These days, they say love knows no bounds, but then criticize those who dive in too early."

The place that Cassia is in in her life during the story, God I ached for her character, she was under the thumb of her over-bearing parents (I feel like over-bearing isn't a strong enough description because they were truly awful and blind to everything.) Thank God for the humor in this book, it keeps you from wanting to reach through your e-reader and throat punch her parents.

"Meanwhile, it's assumed I'll be whoring it out in a dirty back alley somewhere, spreading nothing but herpes." ~ Cassia

Into Temptation was a completely fantastic read!!! Skylar Madi, pulls you into her stories with descriptive details, incredible character development, fluid scene transitions, and witty dialogue. She is one of the best writers I have come across in the Contemporary Romance genre. A MUST READ! Five Sinfully Delicious Stars.
