McKettrick's Luck

Linda Lael Miller

McKettrick's Luck Linda Lael Miller

A new generation of McKettrick men stake claim to their land -- and the women they love . . .

Like his celebrated ancestors who tamed the wilds of Arizona, Jesse McKettrick's Indian Rock ties run deep. The triple M Ranch is in his blood, along with the thrill of risk. But with his land at stake, Jesse won't get involved in Cheyenne Bridge's scheme -- despite the temptation she brings.

Cheyenne grew up in Indian Rock and left its painful memories behind to become a self-made woman. Now her job is to convince Jesse to sell his property. Jesse's not the kind of man Cheyenne could ever forget, but he's too wild and dangerous for a woman committed to playing it safe. Yet sparks of attraction fly, tempting Cheyenne to lay it all on the line for the passion she sees in Jesse's eyes.

From Reader Review McKettrick's Luck for online ebook

Alicia Jespersen(BehindThePicketFence) says

“McKettrick’s Luck”, is the first in one of Linda Lael Miller’s series about the continuation of the McKettrick family. I haven’t read the previous books, and you don’t need to read the previous books. I mean there is really nothing that continues from those books into this book.

This was my first Linda Lael Miller book, and to be honest I didn’t really see what everyone likes so much about her books. I mean there is a possibility that it was just over exaggerated, but I still didn’t feel that usual connection I get when I read some of my favorite authors. I do plan to read more of Linda Lael Miller’s books, because I can recognize that I maybe just didn’t like this particular book.

It starts out with Cheyenne coming back to her childhood town of Indian Rock, where she plans to buy part of the McKettricks land. She brings her mother and her younger disabled brother with her. Jesse is the gambler; he is also the wild boy in the family. He doesn’t see the point in getting a job, because he makes so much money playing poker. “McKettrick’s Luck” was pretty much just sex, lies, and then comes love. In that order, and with very little character development.

This book was kind of slow, and it seemed like the author didn’t feel much of a connection to the characters. I couldn’t feel the passion that I usually feel when reading a romance book, the passion that is there when the author truly enjoys writing the book. I did like the relationship between Cheyenne and her mother, and the relationship between Jesse and Mitch. But that was pretty much it.

Some of the other reviews I have seen were of people who have read all of the McKettricks books before this one, and they stated that “McKettrick’s Luck” was not one of their favorites. I think that if you want to read this book than you should, but if you were wondering if it was good, than maybe you should just pass..., because it just wasn’t worth it for me.

monica says

Última apuesta

Interesante, sencilla y fácil de leer.un amor de juventud ,un regreso a su pueblo natal .la búsqueda de la realización personal.chayanne encontrará más de lo que nunca imagino.la recomiendo.

Miss Kim says

This was my first Linda Lael Miller book, and I was pleasantly surprised. Cheyenne has come back to her home town on a mission to get Jesse McKettrick to sell a portion of his land to develop condos. He is against it, but is attracted to her. How they try to work with their attraction, and also make a deal makes for a nice romance. I love Jesse McKettrick. How could you not? It took me a while to warm up to Cheyenne, though. She's quite uptight and snappish most of the time. I'm always happy to find a new author, especially with hot cowboys in the series!

Annalyse Knight says

This book was a pleasant surprise.

I had never read a modern-day cowboy romance. Back in the day--like twenty years ago--I read historical romance and historical romance only, so I'd read a few westerns and wasn't all that impressed.

Linda Lael Miller changed my mind on cowboys. *rawr* This was my first jaunt into this genre and I have to say that I was thoroughly sucked in. So much so that I bought several other cowboy romances, though I haven't been as impressed with Miller's stories(but that's another review).

Jesse McKettrick is the bad boy we all want to reform. He gambles, has a long line of women and doesn't care about the family business. However, there's a soft spot in him that cares about the environment, he's a perfect gentleman, he wants to prove that he's something without the family name, and he does kind acts of service for Cheyenne and her family even though she's trying to get something out of him that he doesn't want to give up. You can't help but fall in love with him.

Then there's Cheyenne. She has a horrid boss that manipulates her to get what he wants, but through it all she's an extremely strong heroine with difficult decisions she needs to make and she figures out that sometimes the right thing to do is the hardest.

The chemistry between these two was electric and sizzling and you can't help but fall in love with Rance and Keegan (the other two McKettrick men) that encourage their relationship and even push some buttons to make Jesse get off his duff and realize a few things.

Overall, I enjoyed the story very much and if you're looking for some sexy cowboys this is the series for you. The other two books were equally engaging.

Kristi says

Apparently I have read this book before (I made notations in the book and dated it) but don't remember a thing about it or nor did anything seem familiar. But anyway, I enjoyed it and thought the author did a great job with the development of the characters. There were some "deep" thoughts/expressions throughout that made me want to hover and sit and process. She truly has a way with words and I love that about a book.

This book is about love and truth and coming to know who you are and what your capable of despite everything that is thrown at you.

Jesse Mckettrick and Cheyenne Bridges

Rating: R+ (some sex scenes and language)

Language: use of deity and other profanity -but nothing crazy and not overbearing

Recommend: Yes

Tracy Hall says

Great

I've read this several times over the years. It is full of stubborn McKettricks and one good cowboy at heart.

Lisa says

The "sex" scenes were a "little much" for me; but I loved the characterizations and the way she referenced previous characters and stories.

Gretchen Fatouros says

4-5 Stars. Clearing off books from shelves. No idea when I bought this or what it was about. Enjoyable read. Makes me consider the next book in the series...

Harlequin Books says

"I haven't read this series in order, but have enjoyed every one I have read. Jesse's a good man, who refuses to see that he needs a family to love. Cheyenne has been in love with Jesse ever since she was a pre-teen. Watching them move through falling in love is joyous!" from an eHarlequin.com community member review, read more [HERE!](#)

Regina Mastrogiacomo says

I love the McKettrick's series, they have horses, dogs and great romances. There is always a troublemaker but they always are given the boot and everything turns out great.

Michelle Frollo says

Felt like the descriptions were very slim I felt more frustrated as the story line continued. This could have been a good book in my opinion but just lacked the detail that makes a person become fully engrossed in a book.

To add a note to the audio version. Mispronunciations are very annoying! Was it a Escalad? (Don't know what type of car that is) or an Escalade?

Dee says

Two-haiku review:

Her boss wants his land
She's supposed to convince him
Falls for him instead

Good Western romance
Deep characters, well done plot
I rooted for them

Kathrynn says

The entire series:

9. The McKettrick Way 2007
8. McKettrick's Heart 2007
7. McKettrick's Pride 2007
6. McKettrick's Luck 2007
5. Sierra's Homecoming 2006
4. McKettrick's Choice 2006
3. Secondhand Bride 2004
2. Shotgun Bride 2003
1. High Country Bride 2002

But, #'s 6, 7 and 8 can be read alone as a trilogy!!!! I'm not sure about #9 because I have not read it. But, I did read Luck, Pride and Heart in 2007 and then went back to read some of the earlier. There are slight references to the earlier book as they are their relatives, but I found that I didn't miss anything. FYI

This is a modern day romantic western.

Jennie says

I was happy to discover that the McKettrick family is continuing. I have been following this family from the beginning and have loved every book.

Tarsis says

4.5

Un toquecito más de drama y rollo malvado y hubiese sido la perfección. ¿Qué me encantó de ésta novela? El hecho de que sea una novela muy adulta y el comportamiento de sus protagonistas también. Cuando él le dice: sabes lo que va a pasar cuando vayas a mi casa y ella aún así va. Porque en la vida real, es así. No son

niños para estarse peloteando ni nada por el estilo. Me gustan ambos personajes, aunque pensé que meterían más drama con Reegan allí, también hubiese quedado perfecto.

En fin, resumen. Ella vuelve después de muchos años decidida a comprar las tierras para su empresa, él, el dueño de ellas y aparte un amor de adolescencia de Chayenne, decide no vender. ¿Hasta donde llegará ella para obtenerlas?

Stacy says

Ok. So yes this was cheesy. Yes it was predictable. No it's not winning any literature awards and no the diverse representation (several Native American characters and a disabled character) probably wasn't the best ever. But I don't care. It gave me all the feels, it made me cry and restored my faith that smutty romance novels can actually be good and non-problematic.

Natalie says

I fell in love with Jesse McKettrick. I wish I can meet a passionate and free-spirited man in my life. Well, Cheyenne Bridges, you're a very lucky girl indeed. As for me, I think I should start learning poker. :D

Stacie says

This was about a man who does not work because he is a rich man from family money. He plays poker and works around his ranch house with horses. The woman he falls in love with is someone who grew up with her father squandering the family cash on gambling. However, the book never deals with this couples glaring issues.

Jeanne Miller says

Loved it. Loved it. Loved it. Great author.

TinaMarie says

A woman returns to her home town, to try and persuade the man she crushed on to sell some of his land. It's fun to watch these two play with each other but I'm a bit tired of the withholding vital info storylines
