Holy Sex: Song of Solomon

Michael Pearl

Holy Sex: Song of Solomon Michael Pearl

God created his children as sexual opposites, and designed marriage to be the context of erotic pleasure. While the church has been mostly silent on the subject of sex, the world and the devil have attempted to make it their domain. The church has rightly proclaimed biblical prohibitions on the misuse of sex, but it has failed to speak out on the godliness of erotic pleasure in the context of marriage. Out of 66 books composing the Bible, one whole book is dedicated to promoting erotic pleasure - Song of Solomon. Michael Pearl takes his readers through a refreshing journey of Biblical texts. This sanctifying look at the most powerful passion God ever created will free the reader from false guilt and inhibition.

Brandi Leblanc says

It was short, simple and easy to read I enjoyed it and think other Married couples would enjoy it too.

Kalyn Young says

This is a great book. It takes the scriptures from Song of Solomon and breaks down the meaning of them for you to understand. I highly recommend it to all married women.

Josh Miller says

A short, solid read on one of the most unique books of the Bible. Pearl spends about three-fourths of the book just giving a verse-by-verse study of the Song of Solomon. He then finishes the book with some tremendous truth concerning the sexual relationship in marriage and how important it is in a marriage.

If you have never read Pearl before, you might be shocked by his frankness. However, I find it rather refreshing in a day and age where most Christians are silent on a topic that God created. The world shouts about sex from the mountaintop while Christians are silent about it.

As the author states, "the devil didn't create sex; God did. Sex is not the original sin; it is the original blessing."

Every married and soon-to-be married couple would do well to read this book.

Here are a few of my favorite excerpts:

"That the ancient nation of Israel was comfortable including an erotic text in their Holy Scriptures reveals the difference in their attitude and that of this present culture."

"In this present age, where believers have accepted the cloud of shame cast over sex, the Bible still contains not just a discussion of sex, but a song to be sung in public, performed as a drama, presented at weddings, applauded in public, practiced at home - or in the fields and forests."

"The merging of bodies satisfies our God-given 'itch,' but the merging of souls satisfies our God-given spirits."

"God will give you salvation, but he doesn't give anyone a good marriage. You work for it. You sacrifice...marriages grow as people grow."

Mandi says

Excellent book - highly recommended to my married friends!

Virginia says

All in all, it was a good review of the Song of Solomon, not unlike many of the other commentaries I have read on the Song of Solomon.

Heather Leipart says

This is a good one! If you love Song of Solomon and it's permission to, well..ya know...then you'll love this book!

Freedom says

HIGHLY RECOMMEND! Would be a great wedding shower gift or A GIFT FOR YOURSELF! :).
~Freedom

Renee says

Good book for every married couple, to have opened eyes to the joys of intimacy!

Cary Sawatsky says

A very disappointing book. About half of the book is actually referring to the Song of Solomon, the other half is Pearl's personal feelings and admonishments related to sex. You can get a much better explanation of the SoS by doing a Google search, which I would recommend to the author. If any research was done for this book, I couldn't tell. I am very happy for him and his wife. They seem to have a healthy sex life. However, while I'm not a fan of political correctness, I don't think that it is in good taste to use the term "queer" to refer to homosexual men. I also dislike his preachy style. All said, I bought the book thinking that I might gain some insights to the meaning of SoS's descriptive language, but Pearl offered nothing from the original language (unless he thinks the King James version was the original.)

Scar says

I agree with most everything. I have always thought that sex is a Yahweh created and given thing and not in and of itself ever a bad thing. Though I've had to and still do at times fight perspectives that sex or sexual related things are only dirty and wrong or even simply associated with guilt, judgement and negative overwhelming feelings. I don't like the churches I've grown up in and how they tend to treat sex like it's a dirty word. Leaving the topic taboo all too often unspoken even at times when it should have been discussed.
