this should have been one whole book.....

Emm's Book says

Would have given higher rating if the series would have been just one book with a bit more development. Overall I liked it!

Selena says

Therese accepts that she cannot be with Max because she doesn't want the drama. However, after Max shows up and they talk and she decides she cannot carry on a relationship with him anymore, her sister redeems herself in this book and gets Therese and Max back together.

I enjoyed the series, however I wished they would have just made this one book and each book like a chapter. But otherwise it was good and kept my attention.

Adriana says

Nice end to this short story :)

Amanda says

YAY got my happy ending....

Overall I loved the series, and this last book though everything happened really fast and in a short amount of time the books were well written. I LOVE the fact that the rocker chooses someone who HAS flaws, and isn't a perfect size. It is very refreshing to read books like this one.

Kay says

Overall, I liked it but didn't fall in love with it.

I loved this whole series. All five books. It was a quick read and it did leave me wanting more but I really enjoyed it. Well worth it. Thanks for a great read :)

The book picked up right where the last one left off. This series was a total cliff-hanger. It kept me anxious every time. Can't really wait to see how it ends.

Aww. My heart broke for Therese and Max. Can't they just live happily ever after?

I'm a little sad since they broke up. But Nikki made me laugh. Totally. It was so hilarious. I can actually imagine Sarai's being tied up and beaten by Nikki. That's tough.

And with Max's confession I was like.. **OMG! Oh.My.Gosh.** So fuckin' sweet.

"I want you in my life, Therese. And if you join your life with mine, I promise that I'll protect you from anything else like this. I promise that I'll love you, and only you."

swoon I wanna meet someone like Max in real life. He's just amazing.

And as for the sex, it's still HOT. SEXY. STEAMY.

I loved the way Emma Rose wrote this fifth installment. And she really knows how to keep her readers interested. I enjoyed it so much. This book give us big girls some lovin' too! :)

Let me just say, I love Nikki. The sister who defended her sister who is plus sized. Ya know the one we all thought was narsasistic. and belittled Therese for plus siezd. I also loved, Max. Yum! Gorgeous hot rockstar who wants Therese all to his fine ass self! Yum again! Sarai well she got what she deserved and more. I loved it. Maybe I'm being a vindictive beyotch but hey. Karma is a. Loved the ending. I would have loved it more if Therese actually had a backbone though. She to learn to stand up for herself!

reviewing all 5 books in one.. I enjoy this series, eventhough I think that most of the time the story felt rushed. I kind of hated Therese for giving up just like that when the ex started going cray cray with her, I mean it's not even Max's fault :(yeah having a popular, hot rockstar is crazy as shit and scary.. but you can't have your rainbow w/o a little rain :p

Gloria Herrera for As You Wish Reviews says

Endearing love story. About time a size 12 female is featured as the heroine and love interest! Therese is a gorgeous girl, sweet and intelligent. Max is the rock star who falls for her. The pursuit is worth reading this series. Fully recommended!
