Geronimo Stilton Spacemice #2: You're Mine, Captain! Geronimo Stilton

Geronimo Stilton meets outer space in this cosmically fun spin-off series!

Meet Geronimo Stiltonix:

He is a spacemouse -- the Geronimo Stilton of a parallel universe! He is captain of the spaceship MouseStar 1. While flying through the cosmos he visits distant planets and meets crazy aliens. His adventures are out of this world!

YOU'RE MINE, CAPTAIN!

The MouseStar 1 is contacted by strange aliens whose ship has broken down! Geronimo Stiltonix is happy to help them out, and even accompanies them to their home planet Flurkon. But during his visit, the alien queen becomes enchanted by Geronimo -- and wants to marry him! Will he be forced to stay on Flurkon forever?

This was my first read in the new Stilton spinoff: Spacemice. I do not usually enjoy sci-fi but with traditional Stilton charm, this book is full of hilarious situations. One of my favorites was Trap eating the plates, etc at the banquet. Mmmmmm... flurk is yummy.

Rotten tomatoes are the best thing ever since you don't want to see how I feel like a good thing

Pee and dash and dash and I don't think you are the first to get to see if you don't like the first one is going on tonight or www men and dash and the same thing is that it was a good thing

Somewhat of a quick read, but that ending with the queen and her advisor has be cringing. my student is oblivious to the political aspect of the ending but I'm not. Then again I might be reading too many royal intrigue and conspiracy novels. lol

My Brother Review: *I loved this book and I like the adventure in this and how funny it was and I loved how trap made all these jokes but the only thing I didn't liked that it talked about marriage a lot and romance so I didn't like that and the rest was good and I can't wait for more*

My review: I liked it and had a great time reading it but the only thing was that it talked about marriage a lot and I was like little kids know about this but don't need to know a whole lot about it so but overall it was really great and can't wait to read more.

My students are obsessed with Geronimo Stilton. Obsessed. But, I'd never read a Geronimo Stilton book myself. I decided to see what all the excitement is about.

Geronimo Stilton is the Looney Toons of books. I have never been into Looney Toons, but I understand why kids like them. They are bright, they are silly, they are simple.

In You're Mine, Captain!, Geronimo and his friends find themselves stranded on planet Flurkon. The queen falls for Geronimo at first sight and plans to marry him and keep him on the planet forever (gasp)! While reading, I was offended by the characterization of the romantically aggressive queen. But, then I realized that she reminded me of The Muppets Miss Piggy, and I decided to let my annoyance go. I love the Muppets and I think Miss Piggy is hilarious. So, I recognize Geronimo Stilton for what it is: fun, simple, and politically incorrect. These books make kids excited about reading, and Your Mine, Captiain! will keep them entertained.
