Revenge Sam Crescent

Two MCs and one enemy—who will come out alive?

Any threat against The Skulls and Tiny deals with it, but Gonzalez is not any ordinary threat. Taking him out will require more than a bullet to the head. It's going to take time, patience, and help, but can Tiny trust Devil? No one's been able to control the leader of Chaos Bleeds, so how far does Devil's loyalty go? When Eva and Angel are attacked, Tiny loses it. He'll handle the threat alone—and a friendship is torn apart.

Called away from Fort Wills, Devil has no choice but to deal with the dead body hung up outside of his compound. Lexie's sister wasn't part of his world, but now he has to deal with her death. He's done with the threats, the deaths, and the uncertainty—and with Tiny. Devil's going to take out the fucker that has almost destroyed his club, no matter who stands in his way.

No one is going to be the same again as Gonzalez leaves his mark wherever he goes. Who will survive? Who will die? And what will happen next?

Flavs is Mrs David Gandy♥~♥' says

I did so not agree with the treatment of Butch.
And Alex I so do not like him. Seems a bit dodgy to me

But otherwise loved it. Finally got rid of Gonzales...

Now to read about Whizz... Whoop Whoop

I love this series, even if this one ends on a sad note and on Christmas :(

Karen says

Gritty MC that I read mainly to see Gonzalez die...that evil bastard.

4.5 Stars for me..This was action packed all of the way through. Whether it be a ton of sex, or a ton of action scenes regarding the club; there was never a dull moment! I thoroughly enjoyed it, and it is up there with my favorites of this series.

I must say that this book had the feeling of a transition book for more to come in the series! There was major stuff going down with the villian; Gonazalez, and he was a bad guy to the extreme. Plus, we were dealing with not only the Skulls; but the Chaos Bleeds, and the Savage Brothers. They were all MC's with a common goal--to get Gonzalez, unfortunately though there began fighting amongst the clubs. So, there was a ton of chaos going down. Lots of action, which meant there was never a dull moment!

It was nice though, in between the fighting and worry was a sneaky peak into the lives of more than a few couples who we have read about in past books! I loved that. Seeing into their lives with their kids, and even better we got a glimpse of their sex lives too! There was Tiny and Eva; Devil and Lexie;Butch and Cheryl; and Lash and Angel. You get the idea! We were updated on a ton of the couples, and I loved every minute of it! There are big changes going down for both clubs..In fact, the peace between Devil (Chaos Bleeds) and Tiny (Skulls) is coming to an end. This makes me sad, but I'm hoping that at some point they will be able to

see eye to eye again. They were under a ton of stress so I can understand all of the fighting one another. Yes, I am talking as if these are real live people! LOL This is what I love most about this series, the fact that as it goes along I become more and more absorbed into the lives of all these club members.

Next up is Whizz's book. This is the book that I have been dying to read. I know a lot of others have too. Whizz was tortured and raped a few books back, and he hasn't been the same since. This is understandable..I am so hoping he will get a HEA. His pain and suffering that he has gone through has been horrendous to see, and he deserves something better, and some peace.

As long as Sam Crescent keeps writing about these clubs; I will keep reading! I adore this series and can't wait to see what comes next!

Brandi says

"I don't know about you, Devil, but I'm getting tired of men trying to use our women against us." Yeah, Tiny... you & me both.

Wow. I felt like so much happened in this book. Lots more relationship time with Tiny & Eva and Devil & Lexie, a new (or rather, old) MC causing trouble for both The Skulls & Chaos Bleeds, a new love interest for Whizz, more details on Rose & Hardy's seemingly dissolving relationship, indecision where Butch is concerned, & oh, yeah... the demise of the current big bad guy.

I think my favorite part was getting more Devil & Lexie time. I REALLY liked getting inside Devil's head some more & learning all of the different reasons why he loved Lexie & how important she was to him. The same goes for Lexie. I LOVE how strong of an old lady she is! She understood her role in things & really took the bull by it's horns & got things done. The love they share is beautiful & their love life... well, it was hotter than EVER!

The Savage MC... what were they thinking? I mean, I know what they were thinking but they could've been so much smarter about things. Twenty years they yearn for revenge & this is what happens... *shakes head*

Whizz's new predicament... LOVE it! He's obviously in a tough spot right now with Lacey & The Skulls who are bound to be at each other's throat but his story is going to be SO good!! I LOVE that he was able to find solace in her arms... and other parts of her body. Both he & Lacey deserve happiness.

Rose & Hardy... Ugh. I know they have a book coming up (I'm a bit late to this Chaos Bleeds & Skulls party) but I already HATE what Hardy has done. A cheater is always a cheater in my book & I don't blame Rose for how she still feels about everything ten years later. What a difficult situation.

Butch... I'm a little confused where his part in the story stands at this point. I know he's been downgraded... again ... but they obviously don't trust him even more than the first time he flubbed up with the club. It's gonna be a long road for him.

So relieved that the central bad guy was put to ground. He was an extremely nasty piece of work & honestly, he deserved to suffer more than he did.

I'm excited to see how long the wedge will remain between Chaos Bleeds & The Skulls. Trouble is always brewing whether these guys are together or not but they certainly seem stronger when they have each other's backs. On to Whizz!!

Side Note: Is Alex's son Michael or Matthew? In Butch's book he was Michael but in this book was Matthew... Consistency please. :)

Revenge and betrayal?

With Gonzalez attempting to ruin life for both MCs things get very tense. Words are said that cannot be taken back. Alliances are tested and lives are changed.

This book brings everything together nicely. I am on yo the next one.

Lely says

Worst book in the series, its like Sam changed her mind on certain character development and reversed it.

The plot twists in the one were so ridiculous and over dramatized that it ruined it for me. I can handle an over the top book but not when it's this repetitive. The way the MC handled everything with Butch was so ridiculous. I felt like the women were the strong and powerful minded ones and the guys were the wimps unsure of their feelings. Don't get me started on Alex, he was a character I was looking forward to and now he's a douchebag. The way he call Cheryl a vindictive Butch for blackmailing him made me laugh when he was trying to blackmail Butch before. I'm like really? I'm just disappointed with this series. since I'm buying these books (because sam isn't on kindle unlimited) I just feel like they lost their value, big time. I was just renting them it wouldn't be so bad but the 4.99 investment isn't here, maybe .99 I wouldn't be so salty.

5 Stars

Revenge is intense, sexy and raw. This story consists from many POVs Tiny, Eva, Devil, Lexie, Whizz, Lacey. Revenge is all about getting Gonzalez out of both Skulls and Chaos Bleeds lives for good. Great addition to both series. These two series keep getting better and better cant wait to read about Whizz and Death. If you haven't read The Skulls or Chaos Bleeds I suggest you give them a go. The reading order for these two series is on Sam Crescent's website. I highly recommend reading them in order to help better understand the storyline and characters. Happy Reading!!!!

Loved it! Storyline was well written, entertaining, action packed and so dang hot! I could not put down and at times was on the edge of my seat. Sam Crescent's writing style made the characters come alive. OMG! A roller coaster bundle of emotions. Love these sexy badass bikers & their will to protect their women, children and what's theirs. Enjoyed the interaction between the two MC's. Definitely a must read book. Would recommend this whole series.

Sara says

Damn. This book had so many good moments. A few that just kinda dragged but i got over them. I enjoyed reading about Whizz and Lacey a bit cause obviously I liked seeing him have someone or the start. At first I didn't like her but as time when on I started to. The rest of the couples causes drama with each other and the other couples. I enjoyed it. It wasn't that hard to get through so I know I enjoyed it. And the length was wonderful.
