Highs and lows and everything in between this book will take you on a rollercoaster ride through your emotions. Wow. I really didn't want to put this book down. The growth Lori accomplishes during the course of this book is amazing. And I loved reading how Kaleb supports her through it too. I'm looking forward to reading the next book of the series!

I was given an ARC of 'Lease on Love' from Violet Vaughn, in exchange for an honest review.

WOW, what can I say about this book without giving away any spoilers, it was intense, sweet, steamy, with a tad bit of angst, as well as loads of steamy scenes. It captured my interest straight away, learning everything about Lori as the book went along, it's not for the faint hearted, some memories Lori took me on where difficult to handle, but they explain her situation. Moving to Breckenridge as a new ski instructor, she finds herself with her first lot of friends & a support group she'd never had before.

I'll stop there, I feel that if I say anything more it will be ruined & you need to read this & find out everything for yourself. I LOVED everything that happened, well except for a lot of memories Lori shared, but Violet made them a vital part in her story & they were pivotal for the person Lori becomes. 'Lease on Love' is book 2 in Violet's latest series "Snow Kissed Love", I would love to read the next books in the series.

A wonderful second book! I was delighted I got to read Lori's story. Sweet and sexy I couldn't put it down. Lori was a figure skater who made it to the Olympics only to have tragedy strike when her coach ups the anti on their abusive relationship. Broken mentally and hurt physically she never made it to the Olympics. 3 years later she takes up skis as an instructor in Colorado and meets Kaleb. Love at first sight. Can they weather the past when it rears its ugly head time and again in her memories? What about when the past physically threatens them. The suspense piles up sorely until you don't even realize you have tensed up waiting for it to explode.

I was given this e-book by the publisher for the purpose of an honest review. My conclusions are my own. I was not compensated in any way

LEASE ON LOVE-SNOW KISSED LOVE BOOK 2-CAPTIVATING - HEART-MELTING-ROMANCE!

What you'll find in this story; a cast of remarkably impressive and engaging characters, spectacular story-line, picturesque and dynamic vivid scene descriptions, superb banter, camaraderie, gripping suspense, emotions spiral, pent-up tension, jealousy, gut-wrenching moments, life-threatening incident, earth-shattering heart-throbbing sensual romance, and a heart melting conclusion that leaves you wanting more.

Lori's abusive ice skating coach has left her with inner scars of the past, but with the coach now out of her life she has gone to Colorado to be a ski instructor. Lori is sexy, sweet, makes friends easily, and enjoys her job as a children's ski instructor. Kaleb an expert snowboarder and skier is also an instructor where Lori works. Though Kaleb is a gorgeous giant of guy he is compassionate, and extremely respectful of the opposite sex, learning from his sisters. A romance flourishes between Lori and Kaleb, but they do face many challenges in their relationship. Danger lurks in the shadows and is coming after Lori with a vengeance.

WOW/INCREDIBLE fast paced well written roller coaster of a story by a truly gifted author. The fusion of reality and fantasy make this a most impressive story. The story if filled with fun, explosive passion, emotional ups and downs, true friendships both male and female, and true love. The characters come alive with the intriguing plot, breathtaking scene descriptions, humor, and action keeping you glued to the book. The chemistry between Lori and Kaleb is strong and their devotion for each other shines like a dazzling star. Kaleb gave Lori inner strength, made her feel worthy, and in the end she is a most valiant heroine. The author does show that though terrible things do happen, there are ways to bury the demons that haunt you. I loved this story, a most gratifying read. If you treasure fantasy romance this is definitely a fantastic book for your library. I was gifted this book, and this is my completely truthful review}. In the world of fantasy romance the possibilities are endless and always fascinating. Without reservations I highly recommend this book.

Well, I guess that's it for me. The second book of this author has confirmed that her writing style is not for me. I don't usually like stories told in the first person, so it's definitely a personal preference. However, sometimes a great or interesting story will elevate the narrative and I was hoping for that here. Unfortunately,

a potentially interesting plot was overwhelmed by the bland storytelling. Please don't let this review discourage you from reading this book. You might really like it (and it's on KU, so it's free!).

Ms Vaughn has written another great story with this book. It will quickly grab your attention and keep you engaged throughout wanting to know what will happen next. The characters are likable and well rounded, they help each other become better and it's evident throughout the book. The scenery is vivid in detail you feel you're in the scene with the characters. This story has a lot of emotion and Ms. Vaughn has written it in such a way that the reader feels and experiences those emotions with the characters. The book is certainly a roller coaster ride. I couldn't put the book, I needed to know what was going to happen next! I'm looking forward to reading the next book in the series.

I received a copy of this manuscript from the author in exchange for an honest review.

This review is for the second book in The Snow Kissed Love Series , Lease on Love by Violet Vaughn. Violet Vaughn is a fantastic author! This is the story of figure skater Lori Langley and sexy snowboarder, Kaleb Wakefield. A fun read, enjoyed reading this a lot. We met Lori and Kaleb in Crave, the first book in the series. Lori was a great skater trying for a spot in the Olympic Team but then after a lot of drama and abuse from her former skating coach Lucas, she disappears and escapes to Colorado and becomes a children ski instructor. Lori and Kaleb start to know each other and spending time together, the chemistry is so hot! But then her past returns to haunt her and puts Kaleb in danger, so what will happen next? No Spoilers here, go buy the book!

Masterful story of life's trials, tribulations, and the power of love!

If I were not a fan of Vaughn's writing already, this series would definitely sway me. The storyline is like listening to an old friend talking of their life and the characters are easily that old friend. Lori has had more than her fair share of trials, an abusive relationship with her coach ruined her chances for Olympic gold but she did not let it destroy her. When she met Kaleb, the chemistry was unreal but old fears and danger get in the way. Loved sharing these characters journey, although I may have to buy stock in Kleenex by the time I finish this series! I highly recommend it, but only if you can laugh AND cry for them (never fear, it is happy ending though).

Victoria says

This one didn't exactly leave me thrilled with Gretchen or Kaleb. Since the next book in the series revolves around Gretchen, I hope it changes my mind about her instead of leaving me with the impression that she's a trashy, drunken, attention seeker as this one did.

??????????

WOW is this book Spectacular! I am a huge fan of Violet Vaughn! I give 5 star reviews to books I really enjoy, 5 stars must make me laugh, smile, cry a little and feel romantic, OMG does this one deserve it. This is the book we really get to know these Two characters. I loved the romance in this storyline. There is a darker part to this one and I had to break out the Kleenex! I am in awe of how Lori over came her fears and made her life all her own! I can't believe how realistic this story felt and that's a truly great thing! The storyline is so SPECTACULAR, because there is this 'conflict' or disconnect between Lori and Kaleb that is so real and believable. It had me saying what a male move. This is so amazing, it's one of the two main qualities that had me so intrigued & captivated by this story! The other being how Kaleb handles not BEING HERO of the moment, but also how they broke up to make up too! This is the second book of the Series Snow Kiss Love and WOW! I am very much enthralled with ALL of it! The love and romance that was flowing between Lori & Kaleb was very sweet, beautiful, precious and not too over-the-top. In fact I absolutely loved the romance between these two characters. This is an amazing book about love, strength, and fighting for something you never thought you could have. This storyline has a great depth to it. I am so impressed with V. Vaughn story-telling, her content and how captivating the storyline is. I'm so excited and I can't hardly wait to read the next book in the series! It's obvious to me that she has a truly fantastic amount of talent and after you read this story, I think you will agree!
