Heather says

I wish I had this book when I was a teen. Makes me glad I don't have to deal with pimples anymore. Quick and easy to read with lots of pictures. Includes tips for school, work, pool, dates, and parties. I find this lying about on the table after a class has left, so I know it's getting browsed a lot.

Bri Cobb says

VERY helpful, it had some great beauty tips

Pandabeargirlie says

how can I read these books?

Rebekah says

There were a lot of good tips in this book but I thought some of them were simplistic and fairly common.

Jonni Hagerman says

Hello! every girl should have seventeen magazines

TL says

One of the cutest little books ever. I've read every beauty book out there, but this is one of the best and most accessible. The pictures are great, they show a good diversity of girls, and the tips are interesting and useful. I'm in my 30s, but I love this book.

becca sporky says

Very helpful tips, from everything to haircare, skincare, to makeup for dates and parties.

paige d says

this book is super tiny! it's like a bit larger than the size of a hand.
it has some new tips i'd never heard of, but many generic ones. it's worth reading, i guess. but not worth buying.

Andd Becker says

Skin care, health basics, and makeup advice combine to form a useful guide for teens.
