I don't think I've ever read a story this intricate and spell-binding. I thoroughly enjoyed the magic weaved between these pages. It speaks of the dark nature of man and the masks we wear to hide our truth, and the bonds that we make to soothe our conscience. The journey of Saphira and her Marquis was soulful and beautiful, while simultaneously heartbreaking and cruel.

This was an engaging story that kept my interest throughout. It's filled with suspense, deviousness, horror, and love, and while it is technically a modern day tale, it does have a very Gothic feel to it. There are a few odd turns of phrases which take away from the flow of the story, but I found it to be so interesting that I could overlook those instances.

An Unexpected Love Story

Ana Calin takes the reader on an imaginative trip in her novel The Soul Trapper. She paints a story weaving the fantastic with the emotion of romance. I wish the author emerged her readers in the main characters artistic life. With words as beautiful as these, that would have been pure pleasure.

Oh, so much to love!

Well written! Engrossing! Engaging, involving, a whirlpool in which you find yourself so completely immersed you cannot disengage until the last word has been read.

Amazing! has romance but the action and plot totally kept me from putting my phone down. realistic and well thought out. perfect twist and great characters. I have 2-3 questions left but with the way things ended, there better be a book two!

as much as the story ended for Kieran and saphira, I need to know about zed and vivie as well as if theres anything more with Jeremy and lauren. great freaking book! first book ive read from this author and I was far from being disappointed

In the beginning, I would have rated The Soul Trapper a four because of a few grammatical errors and the like. But, as the story progressed, I became so engrossed that I couldn't read it fast enough. Ms. Calin found her groove and the rest is history as they say.

Some of the side characters were quirky and interesting but the two main characters, Saphira and The Marquis a.k.a Kieran were sizzling Hot! Loved the premise of the story with all of its twists and turns. All in all, a great read and I would highly recommend The Soul Trapper by Ana Calin to anyone who loves a great Gothic Romance.

LOVED THIS BOOK!

It's been a while since I found a book so gripping - I didn't stop to cook but called in a take-away instead! Ana is German so there a few words that are out of place... however, they are hardly noticeable in this gripping, exciting tale.

There's a Marquis, took me back to Barbara Cartland books, with the dark, handsome bad guy, and the damsel in distress.

Yet there is also an element of Twilight with forbidden love between a human and a superhuman, and feverish desire.

Besides compelling main characters the story is great, nail-biting stuff!!

I couldn't stop reading this book. Read it in one sitting. There were surprises galore and the action kept happening.

This is the first book by this author I have read and I know it will not be the last one, the book grabbed my attention from the very first page and did not let go until the last one. I hope there is going to be a book to follow this one. There is suspense, drama, danger, and love. I received a copy of this book and I am voluntarily reviewing it.

It's rare that I find a unique and superbly crafted paranormal romance and The Soul Trapper doesn't disappoint. I'm a HUGE fan of both The Phantom of the Opera and The Picture of Dorian Gray. Calin takes the reader to another level with this plot line and I was both intrigued and fascinated, hooked from the start and couldn't put the book down.

The Marquis and Saphira embark on a seductively dark and sensuous relationship with moments of sinister delight and beautifully written scenes with just enough macabre suspense to keep the reader engaged from start to finish. Plenty of twists and turns and nail-biting action along with a plot that was as refreshing as it was unpredictable. A real pleasure (and that isn't just because of Keiran!)

Add this one to your tbr and don't miss out!!!

This is one exciting book. I loved the sizzling chemistry between the protagonists. the Marquis is all brooding and sizzling. Dark eyes smoldering et al gave him a very hot personality. The chemistry is superb between them.

The story has many subplots that will keep you glued to the book. It really was unputdownable for me. After Saphira witnesses a murder, her life changes. Nothing seems anymore as it should have been. Betrayal and treacherous relationships stalk her everywhere. Yet in her heart, she can't understand why she holds those feelings for Marquis, the man she should hate. He has total control over her feeling yet she can't stop him.

Those who love Paranormal romances will love this book. I did.
