This book was written for a Christian audience. It is a self-help and self-motivation book written for the Christian reader. Most of the principles are written to work only with the acceptance of God in your life

Great book for finding your purpose & your voice

If you've ever felt like you were born to make a bigger impact in life, but you were stuck in a rut/getting in your own way, read Unstoppable Influence.

Filled with practical action steps for getting your mindset right and moving out of your comfort zone, this book is like a conversation with a good friend who is not afraid to give you a kick in the pants. The author has an energetic way of telling her story and inspiring the reader to shut up their inner critic and finally take steps toward their true purpose. If "spicy language" bothers you, don't read this book. But if you don't mind the occasional curse word sprinkled in with a whole lot of eye-opening truth bombs, then you need this book! I am grateful to have found it.

This book helped me get back to the real me!

The author is a breath of fresh air! She is so open and doesn't hold back. If you are looking for a way to find yourself again, to find your true calling over your life and learn how to "be the light" this book is for you! Discover things that are holding you back and holding you down, learn how to release them so you can be the true influencer you were created to be! Through years of stress, pain and struggles I had lost touch with the real me, this book helped me to get back in touch with who I really am! If I compare her to another author it would have to be Brene Brown. I love the book so much I am reading it a second time!

Exactly what I needed... and I didn't even know what was wrong!

I still don't know why or how I ended up crossing paths with this book but at this point I am just extremely grateful I did... for whatever reason! After enduring the loss of BOTH my parents AND my little sister (I'm only 39), I found myself really lost. Basically feeling stuck and frustrated with no idea which way to turn next. Then I read this book!!! I'm pretty sure Natasha actually reached into my soul and re-lit a "fire", one that I wasn't sure would ever burn again!!! Her words came across in a way that no other book has, made me mentally uncover "stuff" I never even knew bothered me and she gives great suggestions and/or instructions on how to move past it all. She also gives you access to lots of free tools all throughout the book!! Since I've read this book I feel alive again, I step out of my comfort zone regularly and most importantly I "STAY IN MY OWN D@MN LANE" (best advice EVER) This book is a necessity for your personal collection and definitely one that you will read more than once!!

Life changing book

This book is a very easy read and is more like you're having a conversation with a good friend than reading a book that can transform your life. The lessons in it sound simple, but when applied to your life become life changing. This book is well worth the read. Natasha speaks of many lessons from her life and gets you to dig deep into your own and do the work necessary to enter into your purpose. This is an awesome book guys!! One of the best I have ready dealing with self-help or business. Do yourself a favor and get this book and read it now!! Then become an Unstoppable Influencer like you were created to be!
