The Successful Internship H. Frederick Sweitzer

THE SUCCESSFUL INTERNSHIP: PERSONAL, PROFESSIONAL, AND CIVIC DEVELOPMENT, 4th Edition, offers you more than just a resource for how to find a position or how to interview. It addresses the concerns, emotions, needs, and unique personal challenges that are the essence of an internship or field experience, and focuses on the internship as a vehicle for your development as a civic professional. The authors describe in detail the path of change you'll find yourself embarking on and the challenges you'll face along the way. A four-stage model of the internship process--anticipation, exploration, competence, and culmination--places the material in a meaningful framework that lends structure to your understanding of the work you'll be doing. Available with InfoTrac Student Collections [http: //goengage.com/infotrac](http://goengage.com/infotrac).

Jay says

This book was written clearly and for all kinds of internship possibilities. I am currently in a mental health program and this internship book was extremely informative regarding how I should approach my supervisor and grow as a student. I think it's important to note that this book is written with the expectation that the student has a mentor at their educational institution as well. However, if one does not have access to an educational mentor, this book is fantastic all on its own because of its concise directions. I would recommend this book to anyone who is looking to get the most out of their internship experience.

pinK says

This J's one of the few tomes that I've had to read a textbook cover to cover, but I feel that all the information here is valuable. I will definitely be hanging on to this book throughout my internships.

Jana says

I am using this for one of the courses I teach, and while it is perfectly acceptable for classroom use, I do wish it included more about student development in the internship experience.

Diane says

Absolutely excellent book. It really helps frame the internship experience in a manner to encourage the intern to get the most out of it, particularly in a service learning setting.
