Bonifacio's Bolo Ambeth R. Ocampo

Find out why Andres Bonifacio preferred his gun to his bolo and why he was not the "Great Unwashed" as myth would have him depicted. In Bonifacio's Bolo, Ambeth Ocampo adds even more interesting bits to another scrapbook of history.

Nikki says

Another re-read. Worthwhile re-read.

Michael Gerald says

Another good read that debunks many of the myths about Andres Bonifacio. This book also reveals the tragic power struggle between Bonifacio and Aguinaldo which resulted in the deaths of Andres and two of his brothers and undermined the Philippine Revolution.

Katipuner0 says

Since this book is a compilation of news paper articles by the author, there are references to the current affairs happening at the time the article was printed. It gives a perspective of the life of Bonifacio and our other heroes, together with the parallelism with the issues faced by 90s Philippines.
