Love Me Twice

Love Me Twice Kate Laurens

Jax Kennedy isn't interested in girls.

Kayla Connor isn't just some girl, though—she's his best friend Nick's girlfriend. That means hands off, even if she'd been his type.

But there's a little something between Kayla and Jax—and Nick knows it.

When he asks Jax to be part of a wild experiment involving all three of them, Jax knows he should say no.

But what do you do when the guy you've secretly loved forever and the only woman to ever catch your eye both want you?

Well. That's complicated.

Gigi White says

This author, Kate Laurens, is now going by Lauren Hawkeye or Lauren Jameson. She also published Tempt Me Twice 1 with the same characters. At the end of Tempt Me Twice 1, it was stated that another part of the serial was to be published October 28, 2013 under the title of Tempt Me Twice 2. I was really looking forward to Tempt Me Twice 2. I've searched for a continuation in this series but have been unable to find one. There is now a Tempt Me Twice Part One and Two under Lauren Hawkeye, but with totally different characters and in a different series. Because the author no longer publishes under Kate Laurens, I haven't found a way to get my money back from Amazon. This is why I will no longer buy serials that are incomplete. What a rip-off!

Good prequel

Nice little introduction to next book. Well developed characters but it's really a bit of a teaser to get you to buy the next book.

Bennita says

Although this was really short, I was really drawn into the story. The love and angst between two hot guys probably had something to do with it also. Even Kayla's innocence was endearing. I was so engaged when the ending came, I was kinda like WTF! It caught me off guard and ended abruptly. Although this story could have been longer, I really enjoyed it and I would definitely read the continuation of their story.

¿Qué.Caraajo?

Primero: ¿Qué fue ese final?

Segundo: No termino de entender si la saga va a ser sobre Nick-Jax o Jax-Kayle, fue una mezcla de los dos.

Tercero: Además: A Jax le gusta Nick y Kayle. A Nick le gusta Jax y Kayle. A Kayle le gusta Nick y Jax.

¿PERO QUÉ CARAJO?

Sarah Black says

This book isn't normally my kind of thing, but I like the story and chemistry between Jax, Nick and Kayla.

What do you do when you've been in love with your best friend, for as long as you can remember? In Jax case you throw him a party after not seeing in over five years and long for him while wanting his girlfriend.....that's logical...right?

Nick has hidden his true feelings for Jax since they were seventeen, since the night that they kissed. Nick loves Kayla, but he wants, no he needs to finish what he started with Jax and he wants her to be apart of it.....what could possibly go wrong?

I guess we'll have to wait and see. ;)

Denise says

this is before tempt twice 1 about
Jax and Nick and Kayla

Sólo diré : que carajos ???! Nos muestra la historia pendiente entre Jax y Nick ... Y adición de Kayle que quiere a ambos ???! Pero y ese final .. Porque no continuar y escribir todo el libro ??! Esto deja con un mal sabor de boca ..

Jamie Leigh says

I was so excited about this storyline. I knew it was a novella but really? I liked the story and the author's style of writing...BUT.....why release this instead of the whole story? thank goodness it was free or I would be very pissed.

Sol Belenda says

Este es un libro bastante corto y la verdad es que hasta el momento no leí ninguna historia que involucre a un trío, por eso es que lo elegí.

Desgraciadamente me encontré con otra cosa y para evitar que les pase lo mismo, tengo que decirles que en este libro NO hay escenas del trío sino que más que nada se cuenta la perspectiva de Jax: que desde siempre le gustaron los hombres y que tiene un pasado con su mejor amigo -del cuál todavía lo sigue queriendo-.

Su vida da un giro de 360° cuando Nick vuelve y junto con él, su novia. Jax no puede creer que esté mirando de otra manera a Kayla - de hecho se vuelve loco, porque imaginen que es como que él se replantea su sexualidad- y, para colmo se encuentra con ambos todo el tiempo.

El libro se centró mucho en los dilemas de Jax y nada más, por eso hizo que se tornara un poco aburrido. Encima aparentemente iba a haber una continuación, la busqué y me entero que no la hay ni tampoco la va a haber :S

Hechas todas estas "advertencias" dejo a su criterio el leerlo o no.

I WANT THE FULL STORY NOW DAMMIT!!!! ARGH!!! How am I supposed to wait after THAT ENDING... *runs around screaming* Jax and Nick... *SIGH*... I know Kayla is in there SOMEWHERE, but ALL I can focus on RIGHT NOW is that kiss between Jax and Nick... OH KILL ME NOW!!!!

Jackie says

Really....I'm just pissed that it ended like that. I THINK it was a novella...but really...why not just keep going and make it a book...Possibly a review to come...

Dee says

For what it was it was a good read - but why is it only 57 pages and another book on the way?? Why not just publish the whole thing and not split it up??

Thank god it was free....shame - could have been a great read instead of just good.

Joy Greenwood says

Loved it but can't find second part of love me twice anybody got any clues???????

Simone says

Cristina says
