Banking the Billionaire

Max Monroe

Banking the Billionaire Max Monroe

Uninhibited. Sarcastic. Confident. Beautiful.

With a thriving photography career that allows her to travel all over the world and capture the hottest of men behind her camera lens, Cassie Phillips is the woman who can't be tamed.

Adrenaline-junkie. Jokester. Billionaire. Hot-as-sin.

At six-foot-five, with muscles for days, and that perfect playful smile, Thatcher Kelly is the kind of man you don't want to deny.

Wild for wild.

Prank for prank.

The two most unlikely of people may be the only ones to see that some personality traits only run skin deep.

Uncensored. Hilarious. And too damn hot to put into words.

Grab a fan and get ready for one hell of a ride because when the opposite of opposites attract, things are bound to get a little messy.

4 Crazy Good STARS

Too wild to be innocent, too authentic to be wicked.

Who would have thought I would be giving 4 solid stars to a romcom book? I'm not much of a fan of romcom books, and I'm even worse with romcom movies. But this book was so good I actually enjoyed it a lot more than I expected to.

I must say that the first 10 chapters had me doubting about if reading the whole thing was a good idea, but after that I just felt the story got better and I was really into it.

We had started our relationship on a joke, constantly trying to one-up and out-prank each other, but somewhere along the way, things had changed.

The characters are so **likeable**. Cassie is a successful freelance photographer, and she is so damn crazy. She's loud and opinionated, and is not afraid to be herself in public. She gave me a lot of funny moments to laugh about, and I'm sure that if I'd have been with her I would probably passed out because of embarrassment. She was fun, sweet, loyal and I really enjoyed her as a MC. Thatcher on the other hand was amazing. He was a prankster and a sweet guy as well. He didn't get intimidated by Cassie's antics and always looked for her to be happy, and I just plainly enjoyed of him as a character.

The humor was amazing. It started a little ridiculous and I was scared of repeating the fiasco of the previous novella in the series, but it wasn't like that. The freaking pranks and one-upings were so damn fun, the antics they played to each other never ceased to make me shake my head at how ridiculous funny they were.

"Only one type of woman would pull a dick move like that, and she ain't doing it while wearing Louboutins."

"What about a guy who would pull that kind of shit? What's he wearing?"

"Tommy Hilfiger."

"Thatchastasia is a bit of a fashionista. I had no idea."

He chuckled. "I'll let you spank me later."

As far as their relationship, I enjoyed it more in this book. The previous ones the romance was meh, but in this one I just loved it. The chemistry this two had was obvious, and I loved how from a joke of "moving in" together their feelings started to grow to something more.

I'd actually say to just read this book and forget about the other ones, because they are nothing compared to this one. **If you're looking for a crazy fun romcom, with hilarious and wild characters that are sweet as well, this is the one for you.**

nicklein says

This was a hoot! Another title added to my FAVORITES AF list.

Michelle says

In the second full length novel from the secretive writing duo, Max Monroe, we get the full story of Thatch & Cassie that started with the novella Tapping Her.

Going into this book I knew that these two would be off the charts crazy and sexually explosive. But.... but boy was I surprised by the way the emotions hit me towards the end. I have to be completely honest, rom-coms aren't really my favorite sub-genre of romance, and I over-the-top-crazy isn't really my thing, so I was worried as I started this about the book having enough substance to hold my attention. But what got me was the way it went from this out of control laugh fest to this emotional rollercoaster that had me loving Thatch and my heart breaking for him. I didn't expect that and it was the best sort of surprise.

Banking the Billionaire delivers in both the laughs department and in heart. Cassie was this anti-relationship gal, worried about giving her heart to anyone long term when her life had always been about the short term gratification. How is a woman going to go the distance when nothing seems to hold her interests? But that is when Thatch comes into the picture. Rich. Player. Goof-ball. But not adverse to love.

But the hilarity ensues when these two pranksters refuse to give up, a constant stream of one-upmanship that turns a game into a relationship and then so much more.

Not only has Max Monroe intrigued the reading world by trying to sort out just who these writing duo is, they have captivated with this laugh out loud romance that is addicting and off the charts hot!

Shayna says

Continuing my obsession with a certain series...I just finished Cassie and Thatch's story, and they were just EVERYTHING! This just keeps getting better and better! Each one is more hilarious and more sexy than the last. I can't wait to dive into Wes's story!

Paige says

4.5 "Banked" Stars

Best one yet! Max Monroe gets funnier each book. I'd definitely Thatch that.

Banking the Billionaire is Thatch and Cassie's story. They're Kline and Georgia's best friends from Tapping the Billionaire. They also play a prominent role in Tapping Her where we get to see them start shining in all

their inappropriate glory. This addition follows two witty and devilishly goofy people who are much to much alike. What starts as trying to one up each other slowly turns into something much more meaningful. Even amidst all their hijinks, Thatch and Cassie both have a lot of depth and history and watching it unfold kept a smile on my face and my heart near full.

I loved this story line. It was genius really. And so unique. Silly, yet meaningful. I adored watching them try to trick the other with no way to actually win yet finding how surprised they were when they didn't mind not winning. I also really enjoyed learning more about Thatch and Cassie. While they have a dirty talking charm about them, they were relatable with a quiet intensity to their relationship. While the final conflict didn't seem like a big deal to me, I loved that the characters stayed true to themselves and showed so much growth. Plus the ending was delightful and I'm pretty much dying for the next book. And the set up for Wes's story has me all aflutter.

JewelsyGoolsy says

3.5 stars

This was super funny and enjoyable. Been looking forward to reading this couple's story, and they delivered! Some parts of the story lagged slower than I liked, but the steam was hawt and the characters were likeable, so I'm not complaining :)

Onwards to the next book: Banking Her.

Told in dual POV with multiple POV epilogue that introduces us into the heads of the next 2 characters. Could be read as a standalone but due to so many background references from the previous book, this story would be better enjoyed read in series order.

1-Click Addict Support Group says

It's maybe a little ridiculous how much I loved this book, and Thatcher Kelly. Seriously, I wouldn't thatch that... I'd thatch THE FUCK outta that.

Good grief, I don't think this book could have been better. It was smart. Unpredictable. Sexy as hell. Funny as fuck. Touching. Emotional. And left me with a tear in my eye and a Thatcher Kelly sized smile on my face.

Which, let's be honest, is pretty damn big. The Jolly Green Giant is...well, perfect. Playful and flirty and kind and thoughtful and oof, with a dirty mouth and the moves to back it up. I don't care to admit how many times my thighs clenched and my heart got all mushy while reading *Banking the Billionaire*—sometimes even at the same time.

And that's just ONE of the reasons why I loved this book even more than the first, *Tapping the Billionaire*. (Don't tell Wheorgie and Kline I said that, okay?!) Other reasons include, but are not limited to: Cassie and her sassy, snarky mouth; Georgia, Kline and the friendship they have with our main couple; Wes, and the promise of another *Billionaire Bad Boys* book, which has the potential to top this one; the seamless writing

which meant that I never quite knew what was coming next, and which kept me interested, involved and guessing from go to whoa.

And finally, the big, fat epilogue that was...simply brilliant. That absolutely flawless ending was rewarding and satisfying and left me wanting MORE, while giving me everything I needed to round out this ridiculously excellent book experience.

So, yeah, it might be a little crazy to have loved this book so much—you know what? No. It's not crazy AT ALL. And if you don't believe me, that's that and find out for yourself... ~ Beth, 6 *Honey* stars

☆ Bianca ☆ BJ's Book Blog ☆ says

??? IT'S LIVE ???

We all remember Thatch & Cassie from the last 1.5 books!

And now they're finally here with their own full-length book!

And I'm sooooo happy that it's really a FULL-LENGTH book - like pretty long for a summer romance! ?

Thatch and Cassie have been on each other's minds a lot recently. Both are horribly attracted to the other, but they think that they're just too similar to have a real shot at a Happily Ever After.

Not that Cassie would want that. Yet. Or does she? No... ?

But Thatch does. Even though he comes across as this man-whoring jokester, he's really looking for a forever kind of girl. And he thinks or rather knows that he found her in Cassie.

...and fuck if that hasn't become my singularly most important goal - mean something to the woman who already means all the things to me.

But he also knows it'll be hard to convince that woman to give them a chance.

And while he's doing that he's happy being in love with her tits and knowing that she's kind of obsessed with his dick! ?

....if there was one thing Thatcher Kelly loved, it was my boobs. For all I knew, he had a fan club dedicated to the mounds on my chest.

And when a game of one-upping each other ends with them living together.... the real fun begins. ?

But can love that started as a joke be the real & forever kind of love???

WHAT WILL HAPPEN WITH CASSIE & THATCH???

WILL THERE BE A HAPPILY EVER AFTER?

I'm not telling you that of course ?

????????????????????????????????????

Eeeeeep - finally CASSIE & THATCH!

I L0oOoVED THIS BOOK!

How can two people be SO effing perfect for each other?

They shouldn't - don't people always say opposites attract? And those two are not opposites. They're the same. The same kind of crazy and adorable and sweet and sexy and good and kind and ugh. It's almost a bit incestuous they way they're attracted to a person that similar to themselves. ?

I JUST LOVED CASSIE & THATCH.

The way they are with each other. Starting with only liking each other and talking/texting and yes, being attracted...but it was all just friendship with the hope of some future sex. Nothing serious.

But now they're living together trying to out-joke the other all while falling in love, but not really being sure if it's all real, because it was all supposed to be a prank....but it's not anymore.

A little confusing but so amazing.

The banter and one-upping. It's just beyond hilarious and adorable and sexy.

I'm sure their life will never be boring for one second!

Should there be a Happy End for them of course...who knows. I'm not telling you ???

Of course it's not 100% all happy, funny, easy... there are some serious parts too.

PERFECT SUMMER ROMANCE! YOU WILL PROBABLY SHOCK SOME PEOPLE ON THE BEACH WHILE READING AND LAUGHING & QUOTING OUT LOUD! ?

BANKING THE BILLIONAIRE was beyond hilarious! Such a fun & adorable & sexy romance! Run to your nearest amazon to get THATCHED!!!

And now I can't wait for more - there will be a novella coming and after that it's time for Wes - the 3rd buddy and football-club-owner & his Winnie - who was Georgie's brother's boss at the hospital and she's a single mom! GIMMMEEEEEE!!!

Amazon * Barnes & Noble

Banking the Billionaire is the second installment of Max Monroe's Billionaire Bad Boys series and will have you laughing like a loon. Thatch and Cassie are two very out-there and crazy characters that had me constantly wondering what they would do next. There was no limit on the amount of insanity that these characters brought to the book and that's what I loved about it.

Cassie and Thatch were the perfect match for each other, both crazier than you can even imagine and both very confident people. I actually really liked how their relationship started and it definitely wasn't in a conventional way, which fit these characters perfectly.

Bottom line, this is another winner from this series and another book that I will highly recommend.

J. Grayland says

This is book two in this series and it follows the budding romance between the confident, sarcastic and beautiful photographer Cassie Phillips and her BFF's husband's BFF, the adrenaline junkie, sexy hot billionaire Thatcher Kelly as they fall, play and prank each other into bed. The story line was good and the comedic banter between these two characters was hilarious, the sex was hot and so was Thatcher I just didn't

like Cassie she was just too whoreish for me. Narrated by unfortunately an annoying narrator that sounded like she was sick with a cold or had a speech impediment didn't help my interest, although the sexy tone of Jeremy York certainly did.

Violina The Romance Lover says

Review to come! Laughed my ass out!

Angie - Angie's Dreamy Reads says

"Cassie. My Cassie," he whispered, the sound of my name guttural and penetrating and completely unfiltered. I felt it all the way to my toes.

This series is **EVERYTHING** a **superb** RomCom should be. It's downright hilarious, unequivocally sexy, and enchantingly fun. Sweet, charming, swoony and sassy, it's a series that makes me grin at just the thought. I'm so *invested* in these characters. They are a part of me as a reader. They make me happy. They give me flutters, shivers, warm flushes. They make me want to sing and dance. They inspire joy and *every good thing*. That's exactly what a great romance does, it inspires *happiness and contentment* in the reader.

I'm not sure where Max Monroe came from but they've found a home with *this* reader. These characters, these books, have burrowed into my heart. I honestly feel as though I've been romanced down to my bones by this extremely well written and well rounded series. And I'm in love.

I am so so so in love.

Each character is a wonderful blend of unique quiriness. They are lovable and relatable. I swear, I didn't think it could get any better after reading *Tapping the Billionaire*. Georgia and Kline stole the beat of my heart. They were *more than* a delight to read. I laughed. I cried. I swooned. I loved. And God, I was not ready to let them go at the end. So when I got *Tapping Her*, the novella that came after, I was beyond thrilled, but I didn't think it could get better. But then it **DID!**

It freaking did.

It got better and better. We not only got more of our sweet Kline and his beloved *Benny*, but we got an epic introduction to our hero and heroine in *Banking the Billionaire*, Thatch and Cassie. And by God, I fell deeper. I didn't think it was possible to fall so hard and so deep for a series, but I did. **I am slayed by the perfection that is these characters and their stories.**

In *Banking the Billionaire* we get Thatcher Kelly and Cassie Phillips. Thatch is our fantastic and charming Billionaire playboy who is knocked off his feet by the fiercely fiery Cassie. Their story is the complete opposite of what Georgia and Kline's was. Cassie is as far from innocent and sweet as you can get. She's mouthy. She's spicy. She has a deliciously wicked bite to her that Georgie didn't have. She does things that make you grimace and blush. Wild. Untamed. An uninhibited mare in female form. And so much flipping fun.

And then there's Thatch, equally reckless and wild, but yet in the same breath laid back, sexy as f*ck, confident down to his bones, sweet as sin, and completely enamored by this crazy woman who he wants to steal for himself. It's endearing. So breathlessly charming.

Together, Cass and Thatch are **FIRE**. They're burn you down to the ground. Their chemistry is electric. They have very similar personalities and one of the things they have in common is that they love running pranks and one-upping each other. They get a thrill out of getting a rise out of one another. And they push and push and push each other to their limit.

I can't explain how much I adored the sizzle between these two. Addictive. At first I wasn't sure about Cassie. She's intense. She did things that bothered me, things that made me pause, but then she'd have these moments of softness, of vulnerability, that made me melt.

This is romance with a feisty touch. Two characters who find one another at the perfect time in their lives. Recklessly fun. An attraction leads to a prank that leads to so much more. I'm not telling you much plot wise, but be ready to laugh with abandon as Cassie invites herself into Thatcher's life. And be prepared to swoon for days as Thatch meets her head on and you watch as these two fall in love.

This is romance, you guys.

This. Is. Romance.

A magical series that will entice and enamor you beyond words. One that will take your breath away, that will leave you feeling like you could ride a damn unicorn into the sunset. *HAHAHA*. It's an unforgettable ride. And I cannot say enough good things about this book, this series, or Max Monroe! I want more words. I want more books. I just want more more, more, more. **FANTASTIC**.

Beware of Spoilers!

Star Ratings:

Heroine (Cassie): 20s? – 4/5

Hero (Thatcher): 35yrs old – 5/5

Plot: 5/5

Grovel: h grovelled well

Cheating: none

HEA: yes with pregnancy!

Triggers: none

Average score: 4.5/5

Best Line: so many funny ones, hard to pick one!

Worst Line: none!

Personal Review:

This was a funny rom-com between a financial advisor and a photographer (the secondary characters from the first in the series).

Random Ramblings:

- It took me a while to warm up to the h
- I loved the banter
- I completely understood the H's anger with the h during THAT scene

Overall Feeling:

“Put your boner away, Thatcher”

Stacey is Sassy says

Sometimes you just need a good laugh

Max Monroe is a fairly new to me comedy duo, that is quickly becoming one of my favourites. Now, I will admit that writing a review with a couple of people as the author, going by one name, is hard for me to be consistent with. I may mistakenly refer to “them”, “her” or any other multitude of terms. So, to make it clear from the start, I know they are two, writing as one, I just may not seem like it sometimes. Sorry, tangent...like bloody usual. Anyways, I friggin loved *Banking the Billionaire*.

If I was to take both of these characters, break them down, separate them and put them in other stories with other people, I *probably* wouldn't like them. See, he's a flirt and winks and smirks at everything. Thatch is also a goofball, prankster who is 35 acting like a 21-year-old. He's a giant of a man, with good looks, a big bank balance, a big brain and a big...smile. Thatch loves women and makes a conscious effort to share that love frequently. So, Thatch is one of those guys where I may look at him in admiration for his...assets, but I don't look at him for the long haul.

Now, let's look at the fun-loving, flirty, reckless and stubborn heroine. She's got all the right moves, a smoking hot body and a career that many women would envy. Photographing naked hot guys hardly seems like a job, but she's made herself a name doing it and gets paid for it. Cassie also seems a little immature and takes her pranking very seriously. When I met Cassie, I knew that she was going to be a hard one to nail down, and may not be great with relationships.

So, we take these two characters, and magic happens. What started off as a joke on each other ended up being the real deal. There's heat, heart and humour that shows their connection. These two were meant for each other. It goes to show, that everyone deserves their happy ever after and your perfect match is out there just waiting to be found.

What makes *Max Monroe* such a success (in my eyes), is their ability to make you laugh, cry, cringe, smirk and blush...all within one page. It's a treat to read one of her books and you can't help but make it an experience. I loved that I could go into my zone (*the reading zone*) escape reality for a little while and be entertained from start to finish. There is no “spot the errors” and no “please don't cheat, please don't cheat” running through my head. It's just a fun journey towards love that takes a few turns, may involve a slippery slide or a mountain to climb and gathers momentum until the end.

Do I recommend this series? I sure do. Will I keep going with this series? Yeppers. Do I love the characters? Too bloody right.

Now, that I've had a wee bit of a squiz at Winnie and Wes, I can't wait to get started on *Scoring the Billionaire* soon...ish.

I'm an Aussie chick who loves to read and review romance, drink coffee, be a *Style Setter* and stalk David Gandy. To see more of my reviews, fashion, food and pervathons -
