Christian Lipski says

The latest in increasingly disjointed teachings. A short 140 pages of actual material with one-sentence paragraphs and many chapter breaks. Changes to the "goal" of auditing, from just clearing engrams to raising tone level, and now increasing self-determinism.

Introduced in this volume is the concept of the tractor beam that the thetan can use to influence physical objects. Tractor beam. Oh yes: when at its most fully-functional, the thetan can move and create objects in the physical world.
