[Meredith went psycho, screaming about how she's an xenophobe. Bonnie was offended that Damon called her a baby so she basically tried to seduce

This is what I get with watching the tv series first and not even bothering to read the book - frustratingly confused!!!

I would have been more forgiving if there were more Damon Salvatore...

J-rose says

So hilarious especially when Stefan question Matt's preferred gender ... haha funny

?να πολ? μικρ? short story για το τι θα γιν?ταν "αν". Και μπορε? να μην ε?ναι τ?ποτα το ιδια?τερο, αλλ? ε?ναι κ?ααπως καλ?τερο απ? τις προηγο?μενες, αν?λογες απ?πειρες, οπ?τε θα δ?σω ?ναν π?ντο υπ?ρ.

I don't know why I keep reading this series.

Maybe for the reason that I always hope that the next book will be better. . . .

But actually it never does.

This looks as if it has been removed from the web site as it gives a 404 error. ~~Hopefully it will be back up again later on as I would love to read it.~~ Found it elsewhere to read online.

This is an interesting piece that shows what might have been if Elena had intervened to make Stephan drink from all three of his friends before facing down Klaus. Each of them have significantly different reactions and reveals as a result of the experience. Overall and interesting look into the psych of four of the main stars. The part with Stephan, and even the others aside from Bonnie, hearing Elena clearly is very out-of-character with the actual book. It certainly has a very clear and drastic effect on all of them, but I wonder if only having the silence compared to *seeing* and *touching* her at the end of the real book isn't a more dramatic comparison and made all the better for not having that continual contact prior.

a bit of a struggle to get through

Nice little side story that sheds a bit of light on the more important side characters and their view towards vampires in general and Stefan specifically.

However, I don't really see the point in publishing it. If you wanted Stefan to drink human blood and try to become strong enough to bash some kitsune heads, then why didn't you just write the story that way in the first place?

And then when you do write it, why stop halfway? We now know Stefan is pumped up and ready to fight, but will it work or will he get his head ripped off before he is able to land a single blow?

Because that's the whole point of him sacrificing his way of life and starting to drink human blood, isn't it? So you could at least show us what it was worth.

That was weird... would have liked it even more if there was more of Damon.

Maya says

Okay, so this was absolutely unnecessary and drawn out.

2/3 dosadnog i nepotrebnog hihotanja, filozofiranja i ljubljenja (jer, kad se spremaš za kona?ni obra?un s ultimate evil bossom full imaš vremena za takve pizdarije), 1/3 ok. Jedva za 1.5*, ali osje?am se velikodušno pa dajem 2.

Amanda says

Meh...was good, but I would have liked more Damon in it.
