Laura the Highland Hussy says

cute book! My kids love this one!

Darlene says

We haven't read any of this author's books to my under 2 aged granddaughter that she doesn't ask to read again and again. She is saying a lot of the words, too!

Donna Mork says

Cute story about baby loving his blankie and his blankie loves him too.

Aimee says

One of Ansel's all-time favorites.

Erica Mayberry says

This book shows that it is alright to have a bond with things. This is a book that most children can related to because there is usually one aspect or another that corresponds to the relationship a child has with an object.

Laura McLoughlin says

Very cute. Kathryn enjoyed it and we read it about 6 times yesterday

Kelly says

This book was cute but after reading it Abby decided she needed to carry her blanket around everywhere like a baby for a few weeks which was annoying. The book doesn't exactly set a good example although I guess if your kid is already obsessed with a blanket it's not bad.

Allison says

I love these books. Patricelli's illustrations are adorable and the topics true to age. Older toddlers will enjoy watching the baby while understanding exactly how baby feels:)

Megababy says

I HAVE A BLANKIE!!! This book is kind of long for my attention span right now, but mom and dad seem to like it (they say it's funny because it's like it's about me and my blankie). Maybe I'll like it more when I'm a little older.

11/2 - dad read this to me because mom stayed out late with her friend.

11/25 - bedtime story

Archit Ojha says

This is one of my favorite Leslie Patricelli Board Books so far. I can relate to the story very much. With simple words and cute drawings, the author has managed to tell the relation of a baby and its blanket which we think to be too trivial!

Marie says

My son's favorite book

Nicole Gray says

This is a cute book for little ones. Has lots of colors and children can relate to this book. Simple text and easy to read.

Rachel says

Sweet simple and expressive of childhood.

Abigail says

I read this book over and over and over again on a daily basis. The illustrations are simple and basic but very sweet and colorful. If your baby loves books, these are great because they're easy to understand and might even teach your little one something.

Ms. Jeane says

I read this one during Blanket Storytime and it was a lot of fun, my only thing that makes me sad is that I can't get this book in a regular picture book edition! Only board book!
