Andy Nichols says

By no means all of the works of these great (two) authors. New York Press is working on a more exhaustive English work that will be done in 2023. Augustine wrote 5,000,000 words in Latin and it may never be fully translated into English, but I certainly hope it will.

I read the Augustine works in this set and am very pleased at how readable the translation is. Don't start with this set if you are just starting, but this series and its original printing have been inescapable in quotations by scholars.

Augustine so greatly disagreed with himself through his life that it is as if you find two authors in his works. Still, a writer that shaped western theology and arguably a core writer in the east and west split.

John Chrysostom is by far my favorite preacher to read-I read through a few of his homilies in preparation for my own sermons and appreciate his sassy and to the point exegesis of the texts.

Have not read all of him, but will work through his throughout my life.
