This was a fantastic read. Skip Beat is one of my favourite mangas of all time. All of the volumes will get 4 stars from me. Each volume just keeps getting better. I especially loved the Violence Mission arc portion of the story. I laughed a lot during this volume. In this volume, Kyoko gets into trouble with Lory, the president of LME, along with Chiori and Moko. So, Lory gave the Love Me Section girls each a task to complete: Moko - something messy, Chiori - something fun, and Kyoko - something dangerous. I was wondering why Lory gave Kyoko the task of something dangerous, but as the volume continued, I fell more and more in love with Kyoko's character. It was interesting to see Ren as Cain and act differently than he usually did. I am wondering if there is more to him than he let on. Also, I hope he and Kyoko admit they have feelings for each other. I loved this volume, it made me laugh so much. I am proud to say that this was an A+ read for me. I cannot wait to read Volume 27. Overall, an amazing read.

Sinopsis

Kyoko Mogami vivía dedicada a su amigo de la infancia Shotaro Fuwa, "Sho". Su devoción llega a tal punto que se escapa con él a Tokio para que el pueda realizar su sueño, convertirse en famoso. Cuando su sueño se cumple Kyoko descubre la verdad, Sho la había estado usando como una sirvienta.

Con el objetivo de vengarse, Kyoko decide cambiar su aspecto y entrar en el mundo del espectáculo para ganar a Sho en su terreno. Con una nueva actitud, mucho más salvaje, Kyoko entra en LME, donde se encuentra Ren Tsuruga, el rival número 1 de Sho.

El anime queda en el capítulo 25 ,mas o menos en el capítulo 57 del manga. Es una anime que me gustó demasiado y obvio tenía que seguir la historia con su manga. Es mi primer manga y le tengo mucho cariño. Vale la pena releerlo y nada mejor que desde este tomo y en especial por una serie de evento que nuestra protagonista tiene que enfrentar. Los cuales para mi son los mejores capirulos de lo que lleva el manga. Aquí Kyoko tiene que enfrentar el papel de una hermana obsesionada por su hermano. Por otro lado tenemos a Tsuruga san que es como el personaje principal masculino y es un actor muy bueno al cual Kyoko le tiene un respeto enorme. El hace el papel del hermano y juntos tienen que trabajar y forjar un vínculo como hermanos de verdad. A partir de allí se irán enfrentando a situaciones a las que ninguno de los dos ,estan preparados para asumir.

Auch Band 26 war mal wieder super toll. Die "Love Me" Abteilung hat Zuwachs bekommen, Chiori Amamiya. Sie muss lernen die Schauspielerei wieder zu lieben, was nicht einfach für sie werden wird. Aber auch Kyoko wird vor eine schwierige Herausforderung gestellt. Sie und Ren schlüpfen jeder in eine neue Rolle und müssen ab jetzt sehr viel Zeit miteinander verbringen. Die Heel Geschwister sind geboren. Werden sie dadurch endlich in der Lage sein ihre Gefühle füreinander zu zugeben??

Ich liebe die Heel Geschwister, Kyoko sieht so gut aus und Ren ist so gefährlich. Ich bin sicher jetzt wo sie so eng aufeinander hocken werden wir eine Menge schöne Szenen mit den Beiden erleben, Ren kann sich ja so schon nicht wenn sie sich normal begegnen zurückhalten, fehlt bloß noch der doofe Sho damit Ren wieder

eifersüchtig wird.

Ich bin gespannt was der Präsident sich dabei wieder gedacht hat, er hat doch immer Hintergedanken. Ich hoffe wirklich das Kyoko mehr zu ihren Gefühlen für Ren steht, sie sind so ein tolles Paar. Für Ren wird das diesmal eine richtig harte Herausforderung und ich bin gespannt was er uns dabei alles so von sich selbst offenbart.

Fazit: Spannend, lustig und super schön, wie wir es von der Serie gewöhnt sind. Ren und Kyoko kommen sich, hoffentlich, endlich näher und bringen dadurch wieder neuen Schwung in den Manga. Das Cover ist ok, aber nicht so schön wie sein Vorgänger. Die Handlung ist super schön und die Figuren muss man einfach lieben!!

SO with this volume we start the Violence Mission arc. I'm actually really looking forward to this arc, because it has been awhile since the last Love Me assignment arc... especially now that there are three Love Me members. It's definitely going to be a good arc with this volume as the beginning. I really enjoyed it. It's really interesting to see Ren's secret role/character. I also found it hilarious how and why Kyoko recognized Ren, that was just so like Kyoko...

overall a really enjoyable volume, really anticipating seeing Kyoko get into character as Ren's sister, and seeing the rest of the Love Me members getting by with their assignments!

Hi, guys and welcome back to Katie's Corner! Today I'll be finishing up with a series of Skip Beat! reviews, as I will mostly cover everything there is released, therefore the next review will be in a far future, maybe 4 or even more months later. I will need some material to read and review. Today's review will not cover a lot of events, I did want to add the latest chapters, but thought not do it as that arc is still not complete. Well, today's list is very short but I still made it:

- Heel siblings are born!
- The past that he would have loved to bury deep down!
- Feelings!

Before I start let me just tell you that I'll be mixing all those three points together so, please, be patient with me. The biggest part of the chapters I'm reviewing today is focused on Ren or we should call him Cain Heel for the time being. This time his role is of a cold-blooded murderer, and for that role he will need to resurrect his real self. You should know who he really is from previous chapters, but if you don't, well I'll be spoiling

this very soon as I will need it for a statement. We finally get to see what Ren is hiding, though we do get only pieces, we still can out the puzzle together, however, what is really missing is how he became like that. It still is a mystery and hopefully we will get the answer very soon.

But while Ren is assuming that he's fine playing a murdered and engulfing his past self, president of LME has his own agenda. He wants Kyoko to feel so he gives her a job: she's to play Cain heel's sister. The rules are simple: she has the biggest brother complex in history will she be able to play Setsu well? How will she play such an eccentric person? And the most important question: will president's dreams finally come true? They partially will and the moment when Kyoko recognizes her feelings are simply fantastic. The box of Pandora is now fully open but what will happen between those two in the end? I remember seeing Ren angry throughout the story. I shivered many times reading and seeing how Kyoko performed Mio, but when I saw this:

My mouth fell open and I think I forgot to breathe. I have this picture as a poster in my room and every morning waking up I see it.

Are you ready to get to know Heel siblings? Are you ready to find out the truth about Ren and his past as well as a secret that he's still keeping from Kyoko? Are you ready to see Ren snap numerous times while letting his past take control? But don't forget that there is even more is coming, as now it will be Kyoko's turn to embark her past and out an end to her misery. Trust me you do not want to miss these chapters! I hope you'll start reading this story if you still haven't, it's fantastic, don't forget to share your thoughts below! Stay tuned for more reviews as well as promos. Don't miss your next favourite book or manga! Happy reading!

XOXO

Katie

I fell in love with this manga immediately.

It drew me in and kept me there. Sadly to say i have been reading it from the internet and hate to wait in between chapters.

I've also been watching it's anime and I've seen the first episode of the TV show extravagant challenge based on this manga.

But nothing beats the manga because it has all the extra details that are not shown elsewhere.

I'm writing this review for all of the volumes of Skip Beat because i tend to read them all together. I enjoy Kyoko's personality, the way she is inexperienced in various things(such as friends, boyfriends, etc.), serious with others(her acting,etc.)..Her relationship with Ren and how she won't admit to her feelings. I also like the turn of events with Sho, how he is now interested in her.

I like reading this manga over & over again because it basically shows a young girl who had her heart broken and was stepped on, who gathered up all her anger, her little left hope and decided to get revenge. Along the way she makes friends, experiences new feelings, develops a deep love for her acting which changes things around for her.

No matter how many time you get knocked down, you should get back up and fight!!

This is the start of the weird Cain Heel storyline. I remember back when I read it the first time being very confused and disliking it. So minus 1 star for making me realize I still dislike it all these years later.

Samantha Bustos-Hubeny says

The lust at the end of this one is hilarious and sexy as hell.

Julie (Manga Maniac Cafe) says

3.5 stars

This volume just can't hold a candle to the awesomeness that was V25, and I was afraid that would happen. I am glad that Ren is playing a bigger role in the manga now, even if I find the current story arc kind of silly.

Glaiza Champion says

Man, I love all the characters in this manga. Even Sho, though I still stand by my earlier statement that if Kyoko and Sho end up together after this, I will be beyond pissed.

Anyway! All the character are perfectly interesting and well written!

GuisBell says

Vaya que divertido, nuevo personaje, uhmmm creo que gusta, los hermanos heel... :D :D :D

Sam says

My favorite parts:

Natsuko the friendly snake

Ren giving Kyoko head pats because she was scared

The president's secretary laying on the floor next to Kyoko to get her attention

Kyoko blushing real hard because of pretty Jelly Woods

Natalie says

First of all, I just need to say that I need more of Ren as Cain. SO MUCH MORE. Everything about the portrayal of Cain is just AMAZING and I love it so much ;u;
(Why couldn't the anime adaptation have covered up to here? Why couldn't I see an animated Ren-as-Cain? ;u;)

This whole thing is just amazing. I adored the makeover that Kyouko was given by Ren's makeup artist, and just have loved every moment since - from the hotel room mishap (with ONE BED :o XD) to the dragging of Cain's "sister" (of COURSE they had to make Kyouko his sister. That's just amazing XD) shopping... it's all so great ;u; <33

Marguerite says

4 Stars.

Hahaha, love the President at the start being all upset over the Love Me members hating Valentine's Day! I've also heard good things about the Setsu/Cain arc which is starting, so looking forward to reading how it all develops.

Re-Read 1:

hahaha, the President's face when he watches the Love Me Members dissing Valentines day is just perfect!
