### **Piano Technic: Level 3** Alfred A. Knopf Publishing Company

Piano Technic provides a wide variety of studies to develop the necessary skills for performing music. It can be used with any piano course or library. The music in the David Carr Glover Piano Library is graded gradually so that the student may play with ease, beauty, and an understanding of musical values. Level Three studies cover triplet patterns, triads and inversions, leger lines, tone balance, harmonic minor scales, and left-hand sustained accompaniment.
