The Real Mother Goose by Selena Kitt

In this modern retelling of a fairy tale classic, former beauty queen Jolee Mercier finds herself in big trouble, locked in the trunk of her husband's BMW on her way to a remote location in the woods of northern Michigan where she's going to be killed.

Her crime? Knowing too much. An anonymous letter arrived addressed in her name with proof that her husband, Carlos, a state logging and mining mogul, had been the one responsible for her father's death years earlier, killed for supporting the unions at a local logging camp.

When a terrible accident ends her husband's plan to kill her, Jolee wakes up alone in a cabin in the middle of the woods, rescued by a masked man they call "the beast," with a husband who wants her dead, and miles of state forest between her and civilization.

Warning: 18+ ONLY This title contains erotic sex, graphic language and violence.

Miku says

A modern retelling of Beauty and the Beast.

It started with Jolee being duct taped and was on her way to getting killed when an the car hit an elk and crashed. The elk was actually hunted by Silas. The brother of Jolee's husband, Carlos.

The story was quite interesting and not what I actually had in mind. Jolee and Silas were both likable characters. The story ended with a HEA and would recommend it to everyone.

Dragana says

Interesting & original interpretation of 'Beauty and the beast' fairy-tale. Sex scenes seemed forced and unnecessary to the whole story and that's why it gets a low rating.

? BookAddict ✍ La Crimson Femme says

What just happened here? Ms. Kitt who is my go to author for a sensual smexy hawt sex session is writing a bit more dark material. Added to this, it's a fairy tale retold kind of theme. This is not at all what I was expecting. The ending did make me do a little happy dance. The sex in here was so-so. I enjoyed the plot better.

susan says

Looking forward to read this soon ty

carol says

An up to date retelling of the traditional Beauty alias Joley and the Beast alias Silas...yet Silas has damaged appearance, but don't judge this book by its cover as he has a beautiful nature, is caring and loving. It is Joley's husband the handsome Carlos who couldn't be more evil and ugly on the inside.

This is very different to many of Selena Kitt's stories I've read so far, it has plot and tension, plenty of tension, I wanted to keep reading just to see that she had kept to a traditional HEA/HFN and wasn't disappointed. There was a scene that was touching and a tear came to my eyes over Isabelle's roses. The sex when it eventually came was lusty, loving and quite vanilla. I loved the plotted demise of the baddy...justice prevailed.

I thought this was good 3.5 star and rounded up to just 4 stars. Decent standard of English and edited. This story can be found as a stand alone or part of Selena's compilations too...Modern Wicked Fairy Tales:

Volume one.

Tina C. says

I really liked this book. Ms. Kitt is fast becoming one of my favorite authors. I assume this is imagined to be a modern retelling of Beauty and the Beast. I see some similarities but would not recommend it based on that criteria. What I would recommend it for is someone looking for a lovely tale of romance (in the form of wounded hero rescues damsel in distress and learns to love again) with a few hot and steamy sex scenes. This was a complete story that gave you not only a great beginning, middle, but that so often missed great ending..

Quick read.. roughly two hundred plus pages..

Not Now...Mommy's Reading says

I absolutely LOVE the story of Beauty and the Beast! It's my all-time favorite fairy tale and love story so I'm always quick to pick up any book with this plot. With that said, I was uber excited when I came across A Modern Wicked Fairy Tale: Beauty by Selena Kitt.

Jolee finds out that her husband Carlos was involved in the death of her father and confronts him about it. Instead of giving Jolee a heartfelt apology and a dozen red roses, instead, Carlos orders his men to take Jolee into the woods and kill her. On the way to carry out the task, the trio are involved in a car accident that leaves the thugs dead and Jolee seriously wounded.

Enter Silas. Silas has been living in the woods alone for years after a fire leaves him disfigured...and a widower. While hunting in the woods, Silas comes across Jolee unconscious and bleeding. He decides to take her to his home and nurse her back to health. When Jolee finally awakens, she soon discovers that she and Silas share a connection that threatens to destroy them both.

I really enjoyed the story of Jolee and Silas. I did feel, however, that Jolee's husband Carlos was more of a beast in nature than Silas. Silas was kind and caring – you couldn't help but fall in love with the way he looked after Jolee and tended to her every need while she recovered. Because he continues to feel guilt for failing to protect his wife, Silas initially is afraid of allowing himself to get close to Jolee. I felt that the face mask that he constantly wore while in Jolee's presence was used for more than just hiding his disfigurement from her. I felt it was symbolic of an emotional wall that he kept erected between them. What a joy it was when that wall came down!

A Modern Wicked Fairy Tale: Beauty contained some VERY hot scenes . Selena Kitt can indeed put together steamy and erotic love scenes! However, I found myself more intrigued by the way these two characters slowly grew to trust and eventually love one another more than by just their physical interactions.

Although I wouldn't place it in my top favorites of Beauty and the Beast re-tellings, A Modern Wicked Fairy Tale: Beauty is an enjoyable read that will not disappoint. (Originally Reviewed for BlackRaven's Reviews)

Amelia says

A short but fairly sweet story. I liked that the "beast" was fighting to protect the environment - I do have a thing for an eco warrior. I also liked that when he refused to remove his Phantom of the Opera-esque hunting mask, the heroine knitted him softer ones in every colour. Adorable. The idea of a rose growing from the ashes and remains of a lost loved one is rather beautiful too. The only thing I really didn't like was the sex scenes. Taste varies immensely as far as sex scenes go, but I personally found them somewhat nauseating. Still a decent little freebie worth a look through.

Nikki Wilde says

This one seemed to take a little bit longer to get to the good stuff!

Jolee finds herself locked in her husbands trunk. She knows she's being driven off to her death by her husbands goons. She's tried to escape but she's tied up and can't find a way out. That is, until there was an accident. While hunting "The Beast" happens to see the accident unfold. The two passengers are DOA, but he notices the trunk is open and a woman has been thrown from the wreckage.

Silas, "The Beast" carries her to his home and when she wakes she has no recollection of what happened or who she is. She is deathly afraid of the man in the mask who keeps checking in on her. Silas, refuses to remove his mask throughout the entire story. It got a little irritating for me.

A few things happened that confused me a little but the story progressed well. A little slow at first but it picks up and goes gangbusters from there.

I enjoyed this well enough. Fairly good short story that retells a classic.

I would like to add that the narrator reading this one was clear and I enjoyed her reading style.

Scott-robert Shenkman says

OK, so this is a twist on the usual Beauty and the Beast theme: There is Jolee, the traditional Beauty, and Silas, who though he is physically disfigured, is a beautiful person and doesn't need to be redeemed from any bad personality traits. He is also a Beauty and definitely not a Beast. No the real Beast of the story is Carlos, Jolee's husband. He is bad. He is very, very bad. And he is dangerous.

I really enjoyed this novella. The love story was sweet and believable (it took place over the course of a winter and part of the spring), there was no BIG MISUNDERSTANDING whatsoever (unless you want to go into the story before the book where Jolene thought her husband-to-be was a nice guy).

And the end....Ahhhh

This is not a spoiler, unless you have been living in a yurt in Outer Mongolia for the past 40 years:

The villain gets what's coming to him. He gets it good. I haven't relished payback this much since Dorothy threw the pail of water all over the Wicked Witch of the West (God, I hope I don't need therapy because I

enjoyed this scene so much. It was just so...appropriate).

A??ela W. says

Spoiler Ahead This was a short quick read erotic read about the fairytale *Beauty and the Beast* that was a pretty good read. Jolee Mercier finds herself locked in the trunk of her husband's car on her way to a location in the woods where she is going to be killed, because she knows too much her husband killed her father. When they have an accident she wakes up in a cabin with a man they call the Beast. Silas who though he is physically disfigured he was also kind and loving to Jolee. I didn't like her husband Carlos he was a real as*whole. The sex scenes in this book was hot which is one of the things that I like about reading Ms. Kitt's books they are always hot. This was a well written book with no errors in grammar or spelling. Although I don't read a lot of fairytale type books I am looking forward to reading more books in this series.

crashqueen73 says

Well! That was THE tamest Selena Kitt book I have EVER read!!! I had to recheck the author at the end of the story to make sure she was actually the author!

A quick story about a woman who is rescued after her husband tries to have her killed. They predictably fall in love and the ending is 1000% guessable too.

I did not feel the connection between the hero and heroine at the start and there was no sexual tension at all... that surprised me a lot. As did the AMOUNT of storyline versus the quantity of sex! Definitely not what I expected at all.

So, for a predictable, tiny spark novella, I say 2 stars. It WAS OK.

Hollie says

Silas and Jolee found love in a wonderfully natural way, especially since this was a short story. Not a bad read, but didn't knock me off my feet!

Kadijah Michelle says

[My problems with this were the first sex scene. It had none of the romance that t
