I've had this forever but recently found it on an old flash drive. I was looking for a quick fluffy read today and remembered finding this. It fit the bill perfectly. Short, kind of sweet and a little heat.

Krista says

Cute and sweet. Don't know how anyone could not like it. To each his own, :)

Billy and Mitch had a one night stand years ago . But billy wanted more they meet up and things lead to another but can this time they get it right..

Chris says

Good short m/m romance about Billy, whose brother drags him to a party celebrating his brother's friend Mitch winning the lottery... Mitch, the guy to whom Billy lost his virginity to years ago in a one night stand. I had a couple of niggles about this one.

Aredhel says

A very nice story. Nothing remarkable, but the page count makes it rather hard for this story to be something outstanding.

The story serves its purpose - it makes you feel warm inside and makes you smile in that way, that watching or reading about sweet reunions usually do.

Sadonna says

Cute short story about a second chance with a high school crush - and big brother's best friend. Hot and sweet and sexy.

blub says

The story was a bit shorter than I liked. It was a nice read but I would have liked a longer story so readers

could have built a better connection for the two MC's and have gotten to know Billy and Mitch better.

Hc says

short story. Bare minimum of background given in spite of the fact that this is the second time these two hooked up after six years

Rachel Emily says

I'm gonna say the same thing say about almost every Shawn Lane book I read - cute, sweet story that I really enjoyed, but it's just so short!

Merith says

One of my favorite tropes is younger brother and older brother's best bud falling into romance and other things. One of my least favorite conflict-inducing parts of a story is non-communication. This story hits both and draws right in the middle.

Nothing new about this story that you haven't read before, but it's not a bad quick read. The non-communication and assumption explanation of the story leaves me shaking my head, but what can you expect for less than 30 pages?
