Luca's Bad Girl

Amy Andrews

Luca's Bad Girl Amy Andrews

Welcome to the world of Sydney Harbor Hospital (or SHH...for short—because secrets never stay hidden for long!)

One night in the on-call room can never be enough for this couple!

Regular lovemaking is Dr. Luca DiAngelo's preferred antidote to stress. But even he is surprised by the passion a brush with danger inspires in prickly E.R. doctor Mia McKenzie.

Vulnerable Mia is furious she slept with the devilishly charming Sicilian and she's determined to give her hot lover the cold shoulder. But the chemistry that blazes between them might just melt the hardest of hearts....

Rakisha says

So good that I didn't want to stop reading it and was sad that it ended.

Pauline Destinugrainy says

Luca dikenal sebagai dokter yang biasa melakukan one night stand. Hampir semua karyawan mengetahui hal itu termasuk Dr. Mia. Mia sendiri tidak pernah mau terlibat hubungan serius dengan lelaki manapun. Sedapat mungkin dia menghindari affair di tempat kerja.

Namun, ketika Mia menghadapi keluarga pasien yang membangkitkan kenangan masa lalunya yang buruk, dia membutuhkan distraksi. Luca hadir menawarkan distraksi yang menyenangkan. One night stand di on-call room malam itu kemudian berlanjut dengan malam-malam lainnya. Hubungan mereka menjadi semacam kebutuhan di antara mereka.

Dari beberapa serial SHH yang sudah saya baca, saya menemukan hubungan antara Mia dan Luca ini yang lumayan menarik dan tidak membosankan. Keduanya memiliki masa lalu yang buruk, yang membuat mereka menjadi seperti sekarang ini. Namun mereka saling pengertian, dan pada akhirnya ketika mereka terbuka satu sama lain, mereka menyadari kalau keduanya saling mencintai dan membutuhkan.

J-nine April says

Nothing like a near brush of death and past infidelities to bring two broken people together.

Tracey says

Mia and Luca are both tortured and both are equally stubborn in their resolve. No relationships, no cuddling and definitely no spooning. So expect lots of heat as the author wonderfully writes her way around her characters needs.

Mia and Luca stay true to their self inflicted rules almost to the end, with both only admitting their sexual attraction but denying any other emotion. Which makes their revelation moments even sweeter.

A great read!

Miniseries: Sydney Harbor Hospital
Category: Classic Romance

Fiona Marsden says

Number 3. My autographed copy of this book says "Get some heat into you." There is certainly enough heat in this little book to power the Sydney Harbour Bridge for Eternity.

Luca is just the kind of hero I don't like. A one night stand artist, irresistible to women and as charming as all get out.

Mia is badly broken and is in many ways, Luca's female equivalent. They both have rules against getting involved. One night stand means strictly one night only.

But somehow, Luca and Mia keep coming back for more. Granted, it's the best sex Mia's ever had and Luca seemed pretty satisfied with how Mia lights his fire. But it's supposed to be easy to walk away. Because if they don't, it could get dangerous.

This is a great story of two broken people who find each other. This isn't a case of opposites attract, but of two people with so much in common on every level. The sex sizzles but so does the emotion. A recommended read.

Karen says

Earlier this month I was lucky enough to attend the Australian Romance Readers Conference in Brisbane where I received loads of free books in give-aways and goody bags. I was lucky enough to score some Amy Andrews books. She is an author I've kept my eye on after a recommendation from my friend Teddyree.

This is a light and easy read, perfect for a lazy afternoon read. This is book 3 in the series and I'd really like to read the others in the series, I'd especially like to find out what happens with Evie and Finn. My mind kept turning to the TV series ER whilst I was reading, which is a good thing because I loved ER and one of my favourites in that show was Luca!

Kathleen Schilling says

Another good book by ms andrews

My Blog: HarlequinJunkie Romance Reviews

Luca and Mia, two more tortured and damaged souls you won't find, but boy are they ever made for each other....too bad they don't know it as yet :)

This story is beautifully written and the characters well drawn out, no surprise there considering it is written by the brilliant Amy Andrews.

Yes there is lot of hot, steamy wham bam thank you ma'am sex in this book, but I think it worked well with the premise of this story to project Luca and Mia's no intimacy, no strings attached, no relationship lifestyle.

Amy did a wonderful job in giving us a glimpse into Flinn and Evie's relationship, I can't wait to get my hands on that book.

Luca's Bad Girl is not a light, flirty, sexy book, it is so much more than that, this story has a lot of depth and emotion to it, it's about survival and perseverance and falling in love against all odds even when you have every intention of never risking your heart.

A definite read.

4.5 stars: I would have liked a little longer epilogue, but I do understand word count restrictions.

A teaser

Mia felt utterly dominated as Luca lounged against the wall, arms crossed. His gaze raked her body lingering on her breasts, her thighs, her boots. Then travelled all the way back up again to rest on her mouth. The seconds ticked by as his eyes locked on her lips. Her tongue darted out to moisten them, a nervous gesture. His nostrils flared. She swallowed. His arms dropped. Her heart skipped a beat. He took a step towards her. She tensed. The lift dinged. He stopped. She breathed again. "Ladies first," he murmured. "Number nineteen."

Kegan says

Loved the story! This was the first I read in the series so I can't wait to read more. I loved the characters and their story. So sweet.

Nas Dean says

Sydney Harbour Hospital: Luca's Bad Girl by author Amy Andrews is a Mills & Boon Medical release for March 2012.

To forget his past and to relieve stress Dr Luca Di Angelo engages in a string of one night stands. Then he meets Dr Mia McKenzie and their one night turns to lot of nights together! Both are surprised by the sexual chemistry between them and can't stay away from each other despite their misgivings. But what secrets are these two hiding?

Sydney Harbour Hospital: Luca's Bad Girl is a humorous story with steamy sensuality and heart-tugging pathos. Amy Andrews has written a fun, engrossing and fascinating story of heart-ache amid all the medical drama which will keep a reader involved in the story and their interest riveted right from the very first page!

Cookie1 says

I felt this book had very little in the story line, it was more about Luca and Mia jumping in and out of bed. There was Luca's history from Italy and Mia's from her youth and very little else. Unlike the first 2 stories in this volume.

This is the third story I have read about the Sydney Harbour Hospital. I look forward to reading Volume 2, which has another 3 stories in it.
