Astonishing True Story of the Miracles That Are Changing Africa

Born into a long line of witch doctors, Surprise ("Surpresa") Sithole was destined for a life of fear, oppression, and poverty in the jungles of Africa. But at the age of fifteen, he was awakened in the middle of the night by an unfamiliar voice. Urgent, but not harsh, it told him to get up and leave his family immediately. As Surprise stepped out into the night, away from everything dear to him, he had no idea who God was--or what he had in store for him.

From miraculous signs and wonders to supernatural deliverance from certain death to divine revivals that overtook countries, Surprise has followed wherever God has led, becoming an agent of hope and change in a continent devastated by war, poverty, and spiritual oppression. *Voice in the Night* is the amazing true story of what began that night in a jungle hut more than twenty-five years ago: a journey--an adventure--of faith and miracles.

Wow! What an incredible life and testimony to God's power! This book was a quick and powerful read following the life of a man born in Mozambique, Africa, to witch doctors. He was called at a young age to leave and follow Christ and God subsequently used him to plant over 10,000 churches throughout the continent of Africa. If you don't believe that God is still working in the same ways he did through the early church in the New Testament, you will after reading this book. This book definitely encouraged me as it gave me a window into what God is doing in Africa, and it caused me to long for more of His power in my life.

Here's an excerpt that I loved:

"I have often been asked why so many miracles occur in Africa while they seem to be so rare in America and Europe. I believe it is because the African people have a simple faith, and that pleases God. When they hear His Word, they believe it, and then God blesses them.

In the West many people think they are too smart and too sophisticated to simply believe and accept God's Word. Instead, they question everything, including the Bible, and that displeases God. When simple people accept and believe what the Bible says without question, God blesses them. If we do not accept the Gospel the way a little child accepts what his parents tell him, then we miss much of God, because He reveals His mysteries to the simple-hearted. As Jesus said in Matthew 11:25-26, 'I praise you, Father, Lord of heaven and earth, because you have hidden these things from the wise and learned, and revealed them to little children. Yes, Father, for this is what you were please to do.'"

Inspiring and amazing!

This is a great book about God's calling, God's love, and the power of miracles. God called a boy and used him to reach many people with the gospel of Jesus Christ! Along the way God performs many miracles in and through the author! This book reminds me of the power of Jesus that is available to all who have faith in God and are obedient to His calling on their lives. Highly recommend this book!

Alex Gordon says

This book is amazing! Wow! I am going to read this again soon. So many amazing stories of God's faithfulness to him: being woken up at night by a voice telling him to leave everything, adventures in the jungle, preaching the gospel from village to to village with amazing miracles, being caught up in the middle of a civil war, a bomb blowing a whole truck of folks to death except for him -something grabbed him and protected him... I could go on (there are sooo many great stories here) but I don't want to give them all away before your first time reading it.

Trust me, if you like miracles, adventure, evangelism, or a just love Jesus, you will get something from this book that may stay with you forever. :)

Christian Fiction Addiction says

The story of Surprise Sithole is a jaw-dropping account of God's power and grace, and of what God can accomplish with a willing heart like that of Surprise. From the first pages, I was drawn deep into the account

of Surprise's life, rejoicing along with him when his life was spared over and over, and celebrating as the spiritual and physical needs of the African people were met on account of Surprise's obedience to God's call on his life. The miracles Surprise has experienced in his life, and continues to experience, are a testimony to the fact that God continues to be on the move today, winning the hearts and minds of people the world over. How fantastic to read of people being healed, being set free from demons, set free from darkness. It would be difficult to read this book and not be convicted in your own walk with God, and I felt stirred to consider how God may use me to be his hands and feet.

I encourage you to pick up a copy of this book and be swept into the world of Surprise Sithole, and to consider, as you read, how God would have you put your own faith into practice. I highly recommend this life-changing book and give it 5 out of 5 stars.
