As far as devotionals go, I'd rate this one okay. I was hoping for more depth (which seems increasingly difficult to find in daily devotionals these days). And as an editor, the periodic typos drove me batty. For the most part, I enjoyed the devotionals themselves, and of course I appreciated the inclusion of several Bible verses for each day's devotion. I honestly would have preferred more of those to all of the quotations from other writers, many of which I felt fell into the category of Christian platitudes.

Regardless, I'm glad I read this devotional, and I know from past experience that even if the messages I've read don't resonate with me at that particular moment, they often become useful in the future, to me or someone else.

This devotional is short and sweet. I strongly recommend it to anyone going through a valley.

Janaya says

best devotional ever! One of the ones you can read all in one day, or big chunks at one time.

Angela says

If you are looking for a good daily devotional/study, this is the one!

Hannah says

Such an awesome and uplifting devotional! The quotes and scripture used in each devotion were great and I will read them many more times in the future :)

Ed says

I read the chapters here and there it is a topic book if you care to call it that way. The Author includes quotes

and scripture dealing with the topic at hand. Very soothing and comforting material to read...

Sandra Blanchard says

AWESOME BOOK!

Carol says

Laura's book is a blessing! Scripture, quotes & a brief personal narrative from the author combine in powerful, encouraging devotionals through which Jesus speaks hope, faith & love into every situation.

Rachel says

I love the song this book is based off (the singer is also the author of the devotional). If you have never heard it, go to youtube and check it out. It is really encouraging for the dark times of life. Yet, I'm not too impressed with the book. Now, the book is good but felt the devotional part was too short; more times than not, only a page in length. My favorite parts were the quotes of others like C.S. Lewis, Billy Graham, and St. Augustine and bible verses that spoke on the topic for that day. I felt I got the most out of those. So, while this was a good book, I felt there could have been more for the main part, the devotional part, then there was.

Laura is an amazing inspiration. The book is written in a way that you feel as though you are there with her on her journey with her husband. I highly recommend this book for all to read, but especially if a family member has gone through a hardship. It teaches us how to find blessings even in our storms.

Cassandra says

I tried so hard to get into this book. I LOVE the song!! But the devotionals were so short. I'm not a fan of devotions in general and these were even more shallow than most. I'm sure others will receive a blessing from the book but it wasn't for me.

Kim says

Lots of great encouragement....and lots of scriptures.

Kristen Hill says

Very good devotional based on Laura Story's hit song. I also love that they have quotes from famous Christians and from the Bible at the end of each section.

Diane says

Honest and real♥?

Laura speaks and writes from the heart with biblical quotes that helped her personally get through difficult times in life.

Stephanie Wright says

Story's book by the same title breaks down the verses of her song into thirty chapters that can be used as a devotional. For instance, in chapter 18 entitled "When We Cry Out in Anger," Story writes, "Sometimes, it's very easy to become angry: angry with ourselves, angry with other people, and even angry with God. Sometimes, we face life-threatening situations that shake us to the very core of our souls. but more often than not, our frustrations are of the more mundane variety. More often than not, we are angered not by earth-shaking events, but by the inevitable distractions and disappointments of everyday living: jammed traffic, difficult people, financial headaches, and a near-endless stream of minor inconveniences masquerading as major hardships. Our challenge is this: to display anger when it is appropriate and to rein in our tempers when it is not. How can we learn to maintain better control over our tempers? We do so by learning to focus our thoughts, not on the inevitable disappointments of life, but instead upon the innumerable blessings that God has given us (Philippians 4:8). When we allow our faith in God to become the cornerstone and the touchstone of our lives, we cultivate trust in the righteousness of His plans. When we do so, we begin to see God's hand as it works in every aspect of our lives - in good times and in hard times - as He uses every circumstance to fulfill His plan for us. So the next time you become frustrated by the inevitable challenges of life, do yourself a favor: turn away from anger and turn, instead, to God. Turn to Him, as best you can, with open hands, a clear mind, and a trusting heart. When you do, you'll discover that defeating anger is difficult but not impossible - because with God, all things are possible."

In each chapter, Story also includes quotes from notable Christians that are related to the subject of the chapter. She also includes Scripture and a section to journal your own thoughts. She ends the book with additional Scripture on a variety of topics. This small book of 220+ pages is an excellent addition to any library or better yet - your coffee table! Share it with friends and strangers alike.
