Head Over Heels Cindy Procter-King

Third Edition – Updated Author's Cut. Formerly published by Amber Quill Press.

One tiny lie can cause a whole lot of trouble...

Magee Sinclair has had it up to her sassy short hairdo with the recent blunders pushing her family's advertising agency to the brink. How can she accept the promotion her father plans when she keeps making costly mistakes? She needs to bring in more business however she can. So when new client Justin Kane asks her to role-play as his girlfriend for a weekend in exchange for a lucrative campaign, she jumps at the chance.

Justin's goal to expand his chain of bike stores hinges on a distribution deal with a manufacturer. First, he needs to impress the man at a mountain resort while they bike trails with their significant others. But Justin's girlfriend dumps him, forcing him to find a quick replacement. Magee—pretty, clever, and a skilled cyclist—is the perfect choice to masquerade as his "lover."

Or so Justin thinks.

Because Magee is in major trouble. She knows no more about mountain biking than Justin does about demi-bras. Before long, an irate ex pops up, fake identities abound, and a whole lot of doors slam in the middle of the night. Yet, through the chaos, Magee and Justin discover what it really means to fall head over heels....

I really wanted to like this book. I'm a huge romantic comedy fan, but haven't read anything from this author before.

First, I had trouble relating to the two characters. The whole thing hinges on their businesses and I didn't enjoy her advertising agency role or his bike stores. Since I have no interest in either, it didn't really help me connect.

Also, the concept was in no way original. I've read a million books with the same concept. Since I wasn't a fan of the characters, this one didn't stand out.

Yes, there were cute and funny moments and I was happy there was a good ending. Overall, it gets three stars for being a good read but not anything to get excited about.

Good story

I like this reading story. Was a cute, funny story. Loved Magge. She was my favorite. Will have to read more by this author.

I found this book for free on Amazon.ca via BookBub; this is my honest review.

-First I have to agree with one other reviewer that the timing for sex wasn't that great BUT he wasn't unfaithful - and won't be - and that's enough for me.

-It starts as a fun read and doesn't let go until the end. There are a lot of LOL/OMG moments, all believable because Magee is so klutzy and Justin desperately wants to do business.

-Justin and Magee make a balanced pair and it was fun to see them getting "in these nutty situations" as the author would say.

-Loved the end at Magee's office and loved the end at Justin's office. This is business, and business only.

A cute, regular, happy ending, warm and fuzzy feeling romance story :)

Relationships don't work well when they are build on lies. I didn't like the lies they were telling. I didn't like the resolution, it is unrealistic. Business doesn't work that way. For those who love chick flicks and don't have any real experience with romance, maybe this book would be fun for them to fantasies about. I need more than lust and drama to enjoy a book.

This book read like a romantic comedy movie....

It was cute, but extremely predictable and cliché..... why is it in all, well maybe not all, but most books with humor the female has to be a klutz??? Not going to lie, there are parts where I actually laughed out loud, but it was so over-the-top and so predictable, I mean really nobody is quite the klutzy, I don't think....

As in on romantic comedy movies this book also had a happy ending, although I found it very rushed....

Cindy Procter-King did it again! I loved Where she belongs, and although I knew nobody would ever be able to compare to Adam Wright, I really loved her writing style so much that I was pretty sure I would like this book too.

I wasn't disappointed in the least. I read it from the first to the last page without interruptions, I couldn't put it down.

Head Over Heels is a fast-paced, funny and romantic novel, which will keep you entertained from the first to the last page. I even cried with laughter when I read the scene of their first "practice kiss", and I swooned throughout the book at things Justin said or did. He's quite a charmer, that one!

Magee Sinclair is a great heroine, and although she's a little clumsy every now and then, she's also strong and determined at the same time. I couldn't help but love her, and laugh at her clumsiness but I also easily related to her. She was a very believable character, a girl I'd like to have as friend in real life.

Justin Kane might appear as the typical player, the businessman who doesn't want to commit himself to a woman before he's achieved his goals. That's the impression the reader gets when the book opens with him being dumped by his girlfriend who wants to get married and have babies. But as the story goes on, and he starts interacting with Magee, we get to know the real Justin Kane, (view spoiler). Justin is hot (no denying it!) but he's also sweet, and he's funny. I loved their interactions, their friendly banters, and the dialogue was just brilliant.

Kudos to the author; once again you didn't disappoint my expectations, Mrs. Procter-King!

PS will we get a sequel? It would be fun to read more about Magee and Justin!

I received a free copy of Head Over Heels by Cindy Procter-King and this review was given freely.

A strong sense of family duty, and a ingrained need to give her all in any situation has Magee agreeing to impersonate her client Justin's ex-girlfriend. Sabotage, Irony, some episodes of clumsiness, realistic characters, and attraction leading to a happy ending make this short sweet romance an interesting and quick read.

Steph says

This was just OK nothing remarkable about it there was some funny parts and some parts that were really annoying and the whole part on basis for lying I didn't buy but overall not bad and I liked that it was based in Canada Vancouver specifically and could recognize some of the settings so that's always fun.

Ty says

Funny and cute. It makes you laugh to know what they will do to make a deal. I still couldn't figure out how he didn't know she wasn't an advanced cyclist. I am sore after a little riding and then to go on the mountain? I also like how he handles the other girlfriend. Scenes are hot!
