Airicka Phoenix says

Me every time Stacey Rourke writes a new book...

It's a little frightening how excited I get when I get my hands on one of Stacey's books. She is freaking amazing, more amazing because of the fact that she's the creator of Rowan.

Mmm... Rowan...

and...

and a whole lot of...

I know this review is going to get me in a lot of trouble. I know the majority of people are Team Celeb, which is fine 'cuz you know, that just means I get Rowan to myself. I've already petitioned for Ms. Rourke to write a novel of my fictional marriage to Rowan. I think she might do it. Maybe?

Anyway, so this is supposed to be a review of the book so let's get back to that.

The Sidekick Chronicles Vol II; a Pirates Tale is a 30 some page novella with a deeper insight of the characters. But more importantly, a deeper insight into Rowan. We get to see where he'd come from and why he is the way he is. It's perfect for Rowan fans like me!!

Katherine says

I am a huge fan of The Gryphon series by Stacey Rourke and this novella is the perfect complement to the series. A Pirate's Tale focuses on Rowan and gives the readers a lot of insight into who he really is and why he acts the way he does. It also really helps the readers to see how much Rowan cares for Celeste. This is a quick read, but definitely a must read for fans of the series! I loved it!

Christy Sloat says

Once again Stacey Rourke hits a homerun with a novella. I am not usually the type to read them but with her writing skills, I will read them. Always! In this novella we get to see a different side of the sexy pirate Rowan! I usually am not a fan of his, maybe its due to his naughty side. Yet, in this novella I saw a side of him that was usually hidden in her novels. I am super glad I read this novella because now I see him in a different light.

Stacey also introduces a new character that I hope to see more of! I just love her writing and applaud her for yet another awesome novella!

Alana McKinney says

Stacey Rourke has done it again! This novella gives a glimpse into the past of the Gryphon Series' dark, hunky pirate. Rowan Wade has an interesting history that shaped and haunted him some three centuries. He yearned to return to the sea and exact revenge against those that changed his life forever, but a visit from a counsel member might change his heart. In this tale, secrets of Rowan's dark past are revealed that changed how I felt about the sarcastic, hard-hearted pirate and his betrayal of Celeste in previous books. In the classic cliff-hanger style that is Stacey Rourke, I was left craving the next edition of The Gryphon Series to find out what happens to Rowan and The Conduit on their next quest!

Joy Whiteside says

I really enjoyed this novel.

From the very first word to the last word, this story kept me interested and entertained and wanting more.

Stacey Rourke has created a unique storyline with loveable characters that you just need to know more of.

I would have no problems suggesting this book to friends and family.

Way to go.

Toi Thomas says

Nestled neatly between the 3rd and 4th books of the Gryphon series, this 'Pirate's Tale' is an instant hit... well if you like backstabbing pirates, but what other kinds are there? Love'm or hate'm, this backstory into the life of Rowan was entertaining through and through. Plus, we get to see the Phoenix Conduit in action; who doesn't love that. I could read a whole series just about this one character, so of course I adored this mini-installment of the series. While I don't think this side-story is necessary to follow the plot of the overall story, it does influence the way you see the characters moving forward. So glad to have this is the Gryphon series universe.

James says

Another great little side-story in the Gryphon series. I've been wondering what Rowan's story was since his

character was introduced and it was great to finally get some answers about his past. I also really liked the fact that this story continues on from where Sacrifice left off and gave some insight into what Rowan is really like and why he betrayed Celeste like he did. I was pretty nervous for a while that there was going to be a love triangle with Rowan's romantic interest in Celeste, but now I'm just hoping that Rowan will finally show up as her friend and one of the good guys in the final book of the series.

Crystal Gray says

Rowan sure has a story to tell and what a story it is!

Heather Alexander says

If you are a Rowen fan, which I am, because I always love me good/bad boy, this is the book for you. Ever wondered about Rowen's past, where he came from, what happened to make him how he is? All those questions and more are answered in this story. There is even a shocking surprise to be revealed in this book, it's a must read for all of you Gryphon series fans. I fell even more in love with him after reading this and I didn't think that was possible. Yet again, another fantastic book by this awesome author. Cannot wait for the next book. I'm in love with this series.

Alicia Marietta says

Let's get the formalities out the way - I was given an ARC for a honest review, so here goes.

It's no secret that I am a HUGE Stacey Rourke fan but I have to say this was my least favorite of all the Gryphon Series books & novella, and the only reason I say that is it was just too short for me. I have eagerly been awaiting to find out more about Rowan's past. He has a deep seeded revenge that goes back to his childhood, and now we know why. We also get to see a softer side of Rowan and perhaps where his loyalties are now. I just feel like I was really getting into it all, it was done. I can't wait to see what comes of Rowan in Stacey's next book, Ascension - coming soon!

Shannon says

First, I am Team Caleb! This book gives you insight about Rowan's past and how he became a demon. Why Rowan wants vengeance and why he would betray anyone for it. I cannot wait for a book about Caleb. I love this series, Stacey brings you into the story so you feel connected with the characters. I so recommend all of Stacey's books.

Melanie says

I recommend this book! I knew I would love this book, but I really wanted a book about Caleb! Alright, alright... Anyway, Rowan's my next favorite guy. As this book began and the story began unfolding, my

mouth was on the floor and my eyes were tearing up. I LOVE this story! It really made me feel for Rowan and understand the way he is. This is a great addition to the Gryphon Series! If you've read any of these books, you have to read this one!

Redheaded Bookworm says

It's no secret that Rowan is my favorite bad boy from the Gryphon series so when I got the chance to read his story I jumped on it. I loved getting a glimpse of his childhood. We get to see why he went to the darkside..... and it wasn't because they had cookies! Although, I guess you could technically say they had bread and water. For if he hadn't went looking for food and water, he may have never been damned. We also get to see a softer side of him. I knew it was buried in there somewhere. I can't wait to see what happens when he gets back to Gainesboro!!! We get to find out in Ascension....Coming soon!

I received this book from the author in exchange for my honest review.

Kimberly Schaaf says

Oh, Ms. Rourke!! Why must you do this to me? I am 100% and always have been Team Caleb, but now....that sexy pirate has tugged on my heartstrings....

I have to say, I absolutely love these novellas as they are there to hold us over as we IMPATIENTLY wait for the next installment. Ascension won't come soon enough for me!!

Rowan, oh, in all of his sexiness and snarkiness - we finally get a taste of what made him the way that he is. And let me tell you, once you see it....yep, your heart is going to go out to him too.

5 FABULOUS stars!! Thanks, Stacey, for the taste while we wait!!

Review 6*****

I have been eagerly awaiting the release of this novella. When it was released, I snapped up a copy as quickly as I could!

Rowan Wade is an enigmatic character. A rogue, a member of the Dark Army and a pirate, he hides a softer side that he very rarely shows.

I wasn't sure about Rowan when I first met him in Embrace, but I fell in love with him in Sacrifice. This is his story where we journey through his history. I found this tale very touching, and I think I have fallen even more for him - if that's at all possible! I now understand his motivation behind joining the Dark Army. It's not exactly a happy tale, but it is an exciting one! I was totally hooked from the first page! I loved getting to know Rowan a bit more, and I am now looking forward to reading either another novella or another novel in this fabulous series!

Stacey Rourke is a fantastic author! Her imagination has created an amazing YA series that is completely unique! She is one of my top authors on my Favourite Authors List. I will read ANY book that she writes in the future.

I recommend this book (and the whole Gryphon series so far) to everyone who likes their YA romances to be full of action, danger, wit, sarcasm and adventure! - Lynn Worton
