Fight For Her Heart Nicole Snow

FIGHT BARE. FIGHT HARD. FIGHT WITHOUT END.

Rose Merchante never anticipates danger on a boring winter evening. Nor does she expect the hard bodied hero who appears like a guardian angel, saving her from an unspeakable attack. When her tattooed savior offers self-defense lessons, Rosie discovers something else in her dormant flesh.

Hunger. Fire. Lust. The carnal calling for his touch is unlike anything she's ever known.

Trainer and underground fighter William Gaulle saved the beautiful woman in the alley without hesitation. But Rosie's all temptress in his studio, awakening his deepest, primal desires.

William can't ignore the obvious. She's perfect to dominate, perfect to own, perfect to make a baby with.

He wants a submissive to possess. She wants a man to make her whole.

Soon, they're training long, hard, and unprotected between the sheets, but a fighter's world has stern demands...will Rosie be left behind, or can she carve a place in his hardened heart forever?

Word count: 27,500+ word erotic romance novella.

Night says

Good little read. I loved William coming to Rose's rescue and then offering her self-defense lessons. You can definitely feel the sexual tension between the two characters. Their relationship blooms slowly at first, but then seems to ignite and go a little crazy. Rose barely knows William but she wants him to blast his seed in her right away. Nothing pulls me out of a story faster than a needy heroine who wants to get knocked up by a guy she just met just because he's "hot". I kinda kept hoping he'd tell her he Surprise! had herpes or something.

Other than that, Fight for Her Heart is a sexy, quick read. It's got a lot of over-the-top purple prose type descriptions, but I was able to snort and move on.

Andrea says

A bit disappointed with this one. The smex was smokin ' as to be expected, but I was disappointed with William's behaviour. He gave her little in the way of promises or reassurance about a long term relationship but thought it was ok to punish her when she complained he hadn't called once in a weekend, AND then even admitted he's made a mistake, but still smacked her! Not cool.

dee says

Much too short

Steamy fast & furious passion! This story was short and to the point, honestly that's how it should be, in my mind. Yet, you can't help but to want more! It's good to know that our favorite underground MMA fighter won't be going it alone anymore; because behind every strong man is an even stronger woman & Rosie is just that lady.

Jennifer Bayles says

Decent parts but mainly sex.

?? Christine ?? says

I honestly don't care about what others have said and it's amazing how some of these ratings are! I LOVED THIS SO DAMN MUCH!!

The writing style. The storyline. The characters. The smexiness. The hot sexy-ass dirty talk. The fighting.

Absolutely an explosive mix! It does not get any better than this!

Ms Nicole Snow had me riveted right from the beginning. This will definitely be going into my Ultimate Favourite list!

I recommend this to everyone!

Seriously go...

Crystal Feaster says

Ummm.....this book was so hard for me to connect to

Rose and William appeared to have no friends or family (alien transplants???....lol)

and William seemed to have no entourage wierd for any level of MMA fighter they all have followers but he has none hmmm wierd

This book just was never very realistic to me and eve though I finished I was sooooo bored sorry this is my honest opinion you have yours so I will have mine!!!

Definitely no where near my fave MMA reads

Kaitlyn says

Cute a steamy novella. Lot of fun and action put onto a short novella. Cute story.

Amy Miller says

Rose and Hunter meet while Rose was being attacked in an alley. He is her savior! After her rescue he offers her free lessons of self defense ! She walks away think she will be ok but soon comes to realize she isn't and takes him up on the offer. Great chemistry between the two both trying to fight the attraction while practice fighting with each other ! The plot was well thought with both characters! If your into a good fighter/ alpha dom story this is for you!

Mary Mooney says

I received a copy from the author in exchange for my honest review, so here it is. This is a great story with a lot of passion and sexy MMA fighter. Rosie is being attached in a dark alley when William steps in and saves her. He gives her his business card and offers a few self defense lessons for free. The electricity between William and Rosie is so strong, they are drawn to each other. The lessons are going well and things

begin to heat up and they can't fight the attraction any longer. The friction in the relationship builds and when it finally explodes, William has Rosie hand-cuffed to his bed. He is a dominant and wants Rosie's total submission and she gives it willingly. I am a lover of all MMA fighters and this one was right up my alley and I loved it. I did notice a few grammar mistakes but not enough to take away from the story. This is a short story, about 100 pages but is complete and well worth the read. This is a first for me by Nicole Snow and I can't wait to read the next one, Big Bad Dare: Tattoos and Submission.

Jenny Brightman Harris says

I am a big fan of this author and have read and reviewed all of her books so when I found this one I had to check it out. This one has more of a hard core dom aspect to it then her other books but not in a bad way. William is a very dominant MMA fighter which means he trains hard and every other aspect he does things very roughly. Rosie and William meet in the beginning of the book when William saves Rosie from being raped. William then invites Rosie to his studio where he trains and is a personal trainer to come take some self defense classes. Rosie agrees but what starts out as learning how to protect herself turns into so much more. This is a great story about finding love, learning to let it in, and finding the balance between the people you love and the things that are going on around you in real life. I would recommend this book to anyone

◆?Kelly?◆ says

Maybe 2.5 stars. I really enjoyed the beginning but Rosie's neediness really started to detract from my enjoyment about midway. She appeared manipulative and overly.... well... needy. The fighter going crazy at the end seemed strange. But I liked Nicole Snow's writing voice. As far as a short story this was alright.
