Just Can't Let Go (The Crystal Series) Mary B. Morrison

New York Times bestselling author Mary B. Morrison delivers an explosive second novel about the unforgettable Crystal women, a family battling to stay together as desire, deception, and ever-elusive happiness threaten to tear them apart . . .

Too much is never, ever enough for Alexis Crystal. She's playing a dangerous game, but she's finally close to getting 24/7 sizzling satisfaction. With a ring on her finger from James Wilcox and the woman she loves firmly between her sheets, no one can match Alexis when it comes to scheming. And her duplicity just makes her better at helping her siblings get revenge on the lovers who are doing them wrong. . .

Devereaux Crystal just about has it all. Producer of TV's hottest new reality show, she's engaged to entrepreneur Phoenix and will do anything for their adorable two-year-old, Nya. She and Phoenix have always set it off in the bedroom, but lately Devereaux is starting to question whether Phoenix will ever make his own success, much less set a wedding date. Soon, his seductive excuses and tantalizing evasion finally lead her to an unthinkable truth: Ebony, the fiery star of Devereaux's series, is keeping Phoenix primed, hot, and at her beck and call. But Devereaux is holding all the cards--and she plans to use them to exact the sweetest revenge. . .

With the help of her sisters, Devereaux sets out to blow up Phoenix's house of lies. But the explosion ignites its own chain of devastating consequences. Because no one should mess with the Crystal women without expecting some fierce payback. . .

Carol Hornsby-mccoy says

This is a very intriguing series. I love the sisters fuss among each other but still have each other's back. The way Blake and Alex sleep with the same guy but still have and show much love for each other is relatable. At the end of the day, life is full of do's and don't's, oh's and awe's but we learn from our mistakes and we move on. Well at least some of us do. Dev's and Dakota's plane was breath taken For Phoenix and Ebony and very well deserving. Yet when your circle is as small as it is in this book, what can you say? Keep your mouth and you pic to yourself. (you just never know who knows who). After all Alex's scheming and lying, she still comes out on top. Can't wait until the next one!!! Please hurry!!

Mary HoneyB Morrison is the Queen B when it comes to writing a drama filled, page turning novel with more than three main characters. I don't know many authors that can do that without confusing the hell out of me. It takes talent and skills to do this and Mary HoneyB Morrison does it well.

Just Can't Let Go is book two in The Crystal Series and it picks up with more drama among Blake and her daughters and their significant others and a few other folks. They're just one big reality show. Alexis makes and announcement to her entire family, including the father she just met a few months ago, her boyfriend and also her lady, that's when things begin to go from sugar to shit. Just MESSY! Messy indeed. But, I loved every bit of the mess that each character went through. The only one in the book that didn't have any problems was Blake's three-month old Yorkshire terrier, KingMaxB.

The story line flowed well. Even though the characters have flaws, and they're dealing with so much hurt and heartache, they weren't all bad either. During times of trouble the the sisters were there for each other. Because of how well written the book was I gave this book five stars and a fist bump.

The book will be available August 1, 2016.

****I received an ARC from the publisher for an honest review.****

Letesa Campbell says

It was ok

Michael Bell says

I thought that this was a pretty fair read. One scene where the sister sleeps with her brother after the brother was sleeping with her mother says is all. It is still hard to figure out how a woman with four different baby

daddies could still be looking for a man to settle down with. There is little in the way of intrigue. Infidelity reigns while a fiancée is supposedly managing an actress. I have read better from Mary Morrison.

Tamara says

This was an ok read, but it didn't really keep my attention.

Yellagirlgc says

The drama never stops in the Crystal family. Blake is still successful in business but unlucky in love. Alexis always wants her cake and to eat it too. Sandara has to figure out how to get her life on track for herself and her children. Devereux has begun filming her show but has suspicions about her husband. While Mercedes needs to know if her husband is as good as he seems.

Along with the Crystal clan there a a few new arrivals. This book was right up there with the first. Im addicted to the drama and where its going to lead next.

I received a copy from NetGalley and the publisher for a honest review.

Yolanda Knight- Palmer says

I've enjoyed every page of this book, the Crystal Women are not to be played with, Alexis is still up to her same tricks esp when it comes to getting that mighty dollar.

Devereaux is the producer of the hottest reality tv show and will do anything to get her fiancé Phoenix to commit and marry her.

Mercedes is still Mercedes thinking she better than her siblings, but little do she know, there is trouble in paradise.

Sandra is getting herself together finally.

Mamma Blake is on cloud nine with the new life she is about to embark on.

I love this series it well written and will keep you wanting me. I highly recommend this novel.

Great Job Ms. Morrison.

Shavonna Futrell says

Just Can't Let Go was a very good book, it was hot and steamy. I am really enjoying the Crystal series, these five ladies has it going it, I love the way the author is giving us a little snippet of each one of their lives,

Alexis is a bad chick and she does not take any mess. Devereaux has it all , or so she seems to think. Blake is looking for love, will she ever find it? Mercedes is fighting for her marriage Sandara is out on a new adventure, I am looking forward to the next book in the series and to hear about what is happening with Spencer and Goldie #Ebony. If you want a hot and steamy page turner I recommend this series.

The ARC was provided to Victorious Ladies Reading Book Club for an honest review.

KayBee's Bookshelf says

Much like book one felt like one long introduction, book two felt like we got midway thru the body of the story and then it dropped off. I was often confused by the reactions or actions of some of the main characters. This installment had a very sophomoric style of writing just as in book 1. The story progressed slowly. I still did not feel like I knew the characters and would have liked them to be more developed.. I hope book three is the final book.

Deborah Arrington says

Crystal Some

Keeping up with these sisters, whew! Lots of deciet, cheating and lots of whose doing who. Phoenix straight up dog! Never ft he loved Dev, his relationship with Goldie was what he had with Dev. Spencer, his issues with his dad haunted him. Alexis is just Alexis! Mercedes, not sure yet,but she will prevail. Hopefully Blake has found the love she craves. Great
Read

Joyce Hudson says

Great story.
#Goldie aka Eboni Waterhouse got on nerves with her #hagtags.
Finally Alexis met her match with Charlotte.
Didn't see that coming with Spencer and his father and uncle. Spencer's revenge.
I am a fan of Bing he and Blake make a nice couple. Blake deserves some happiness hopefully she has it with Bing.

Valarie says

Oh where to start. There was just so much going on in this book. Almost to the point of too much going on. I hope book 3 is a little tighter in focus. For me trying to keep up with Ebony, Alexis, Blake, Spencer, Devereaux, Phoenix, Mercedes, James, Chantal, long lost daddy and more. I will say if you like the "heat" this book has it. Great that the sisters and Mom are going to be there for each other even though it seems they are each others own enemies. Got a little lost trying to figure out how Sandara all of a sudden is becoming a super model when she seemed to have nothing going on but baby daddy issues. She was introduced and just

seems to make minor appearances occasionally. There is more about James and Chantel then her. And I am oh so glad that Charlotte tagged Alexis. And hopefully Mercedes and Benjamin's story will be highlighted in the next in the series. I really like Mary B. Morrison and loved the God Don't Play series the best but I guess I will read this one to the end.

Neti* says

I have read so many of this Author's books and loved them. Except, this book. I could not wait to put it down. There was just too much going on and it was not enjoyable to me.

S. Brown says

I had no clue that when I picked up this book from the library it was a nexus between the first novel. That explains why I felt lost with the story line. There are a plethora of characters, that are very flawed and complex. Takes a bit a effort to keep up with all of them. Lots of dramatic and erotic scenes, which kept me a least interested enough to finish the book. The plot was very trite, but entertaining at the very least.

Gwen says

Normally I can't put her books down but this was not exciting. I struggled to stay focus so I could hurry and get to the end. Hope her next book picks up.
