Beautiful Assassin

Skyla Madi

Beautiful Assassin Skyla Madi

Spoiler alert.

I fall in love with the man who comes in the night.

He watches me down the scope of his rifle and it's terrifying, and exhilarating, not knowing when he'll squeeze the trigger. If he'll squeeze the trigger.

Maybe I'll die tonight...

...maybe I'll die next week.

It's a sick and twisted game, but it's ours. And just when I think our story ends at a distance, he comes in close, thrusting himself into my life.

We are at war, him and me, and eventually, he'll have to kill me.

If he doesn't, someone else will.

Bethyboo ? The Book Addict ? says

I really do love my mob stories. This one was pretty nice to read. The plot is rather cliché with its forbidden love, but I loved it. Stefan was almost perfect. My only issue with him was that he didn't just take what he wanted right away, but I guess we can't have everything that we want. Cammie was rather average in my opinion, but it fit into the story so I was fine with it. Was it the best mob book I've read? Nah, but I still enjoyed it and I can't wait for the next book. Hopefully we get more of Cammie and Stefan.

Espresso-Girls Just Wanna Have Books ; A Mafia Romance says

2.5 stars

Although Mafia, this story is not for me. The mafia angle is weak, the characters are underdeveloped and scattered.

I am unsure what the author wished to convey. Please consider other reviews if on the fence regarding purchasing. This review is my opinion of the book content only.

2.5 stars

Mg ♥ The Bookishmedialite says

Yeah, that bad.

Sorry.

Full review to come.

Summer says

This is a new author for me so I started this book with some trepidation! I was grabbed from the beginning till the end. The story itself is nothing out of the ordinary and neither are the characters. However it's one of those books where the storyline just flows. The romance build up between H and h is at a realistic pace, both taking their time before jumping in bed. This is certainly one to read if you are in the mood for light reading with enough drama to keep it interesting.

Skyla Madi says

I absolutely adored writing Beautiful Assassin.

Whenever I'm asked to recommend just ONE of my books, Beautiful Assassin is the first title that comes to mind. Stefan & Cammie's story was so much fun, and it was the first book I'd written in YEARS where the words simply poured from my fingertips. At this stage, there's no definite confirmation on a sequel. I'm focusing on completing my outstanding works (Deliver Us & The Misfortunates), but I do hope to revisit Stefan and Cammie in the future.

It's **EXCLUSIVE** to **AMAZON**, at the moment. You can read it for **FREE** with your **Kindle Unlimited subscription** by **CLICKING HERE**

Really hate that it's over...Stefan yum!

✿kawehi.reviews says

#Oooh!! This one sounds interesting!! ♥♥

*****Coming May 2015...*****

**He watches me.
He waits for me.
He wants me dead...**

... and yet, he can't pull the trigger.

Cammie Connors is a successful doctor at a leading hospital in the heart of Sydney. She's drifted far from her dream of helping terminally ill children and is running a private clinic in a secluded wing of the hospital, taking care of Australia's most notorious organised crime family, the Russo's.

There is no escape for her, she owes them her life and they vow to keep her safe for as long she aids them, but as things become heated between the Russo's and the Moretti's, they can no longer guarantee her protection.

Quickly, the Moretti's realise Cammie's worth and she swiftly becomes an easy target for deadly assassin, Stefan Valentino.

Stefan Valentino has spent his entire adult life working for the Moretti family. He has their trust, loyalty and respect, and has killed plenty of innocent people to get it. Not once has he missed a shot or bat an eyelid at their requests, until now. He sits on the rooftop of her neighbouring apartment, watching her through the scope of his M24.

He has to pull the trigger.

It twitches around the metal, but never clamps down. That's the first betraying move Stefan makes against his family and he swears he won't make another.

Can Cammie win the compassion of her assassin and finally leave her life of crime in the shadows, or will Stefan shoot down her hopes and dreams before she gets the chance?

Beautiful Assassin is a thrilling tale about betrayal, lust & putting your trust in someone other than yourself.

N.N. Light says

OMG! This is one of those books where I had no expectations whatsoever and I freaking LOVED it!!! The dark romance fed my wild side and I was like a drug addict while reading it. Yes, I was addicted to this book. Even if dark romance isn't your thing, give this a chance. You'll be surprised, like me.

My Rating: 5+ stars

Sakshi says

Ending was a bit mehhhhhh

Coco.V says

Beautiful Assassin was a story I enjoyed for the most part. This was a mob romance full of gritty action as well as a slightly forbidden love story.

Stefan Valentino is not a good man. He's a contract killer serving one of the most dangerous Italian crime syndicate in Australia, the Morettis. Death is all Stefan knows. He kills for a living and he has no regrets. Stefan never balks from getting the job done, no matter how unpleasant. He's a cold-hearted trained professional, always in control and pulling the trigger has never been a problem for him, until he's handed his next kill order. Cammie Connors, successful doctor and girlfriend of Christiano Russo, son of Don Marco, head of the notorious Russo family and Morettis' biggest enemy.

For weeks, Stefano has been following Cammie, playing some mind games with her and allowing her to catch glimpses of him. He can't help to admire her. She's beautiful, intelligent, and compassionate and she brings out feelings in him that he doesn't know what to do with. Stefan knows that Cammie has to die no matter what, yet he can't do it. For him, Cammie is innocent, nothing but a good girl trapped in a bad situation, but sparing her life might also be his downfall.

When circumstances lead him to thrust into Cammie's life, Stefan finds himself struggling with trying to protect her while being loyal to the Mob. His resolve and loyalties being tested, will Stefan go against the code he lives by when the time comes to turn against her ?

"She wants me as bad as I want her. She's wanted me as bad as I've wanted her from the fucking beginning. Before she knew my name. Before she saw my face."

Cammie is tired of the life she has been living for the last decade. Ten years ago, she saved Christiano's mother while she was still an undergrad in med school. A night that changed the entire trajectory of her life. Since then, she's been stuck in this intricate dangerous world and too far under the thumb of the mob to free herself. She's now a woman trapped in a dysfunctional and detrimental relationship with Christiano. But for the outside world Cammie is the Russo's beloved princess which makes her the target of the Morettis. Cammie can feel that someone is stalking her, that a hitman is out there to kill her. The single white rose he leaves her every day are swift reminders of her impending death. Strangely instead of sending her scrambling in a panic, Cammie can't help to feel something for this dangerous man. Little did she know that sometimes your enemy is the only one who can save you.

"For a long time I thought I was broken. Christiano wore me down. The pills I took wore me down. Hell, every aspect of my life was wearing me down. It wasn't until Stefan snuck into my life that I started feeling again. Excitement. Fear. Arousal. All of it. I can't go back to feeling nothing."

I liked this book overall. I thought the storyline was good and well-written and it held my interest the whole time. There was a slow build-up between Cammie and Stefan but there was also plenty of action to break up the sexual tension. I enjoyed both characters but didn't fall in love with them because it took me awhile to be fully invested in their relationship. All in all, I was pleased with the way things turned out for these two but I think it could have been a lot better. The ending felt rushed, and since that's where the most interesting action happened with the final confrontation, it was a bit disappointing. This looks to be a standalone because we did get an epilogue but for me it was more a promise of HEA than the kind that leaves me with a big smile on my face. Hopefully we will get more of this couple in the next book!

Sophia Holt says

This is the second book that i have read by Skylar Madi, and like the first one, kept me hooked. I actually read the whole thing in one day.

The book isn't very "dark" yes there is some killings, mafia stuff, but its not too heavy, its not written in such a gruesome way that would turn you off, well it didn't for me

I enjoyed the connection between Cammie and Stefan and what they went through to get to that end point. The ending, i am assuming and (syndicate #1) there will be other books in this series which i definitely will be reading.

I don't want to spoil the book, i hate giving out spoilers, so my review is short.

Definitely buy the book when it releases, its well worth the read, and you are going to fall in love with Stefan, i certainly did!

The writing is great, the plot/story keeps you hooked!

Erin F says

This is my first Skyla Madi book. I have to say, I was not disappointed. I kept waiting for this to be "another mafia" book. It definitely was not. She had me hook, line and sinker from the beginning. I loved that while Cammie was stuck in a horrible situation, she still didn't think negatively about herself. She was a strong main character and dealt with the cards she was handed. However, Stephan had my heart. Can I have him in real life.. PUHLEASE!
