Texas Rebel Eve Gaddy

alternate cover/title edition for ASIN B013FDUNVE One Night with the Bad Boy

The Blues might be new to Whiskey River, Texas, but these illegitimate sons of the legendary Boots Kelly are no strangers to charisma.

Xander Blue, IT genius, has always been a love 'em and leave 'em kind of guy. But when he meets the CFO of Kelly Boots, beautiful single mom, Bailey Richmond, he knows he's down for the count.

Bailey Richmond has been there and done that and won't do it again. In Bailey's eyes, once a player always a player and she and her son have too much at stake to risk it all on a fling. But dark-haired, blue-eyed, sexy Xander Blue makes her question all her rules.

Xander is determined to prove to Bailey that there's more between than chemistry. Can a charming millionaire convince a once bitten, forever shy single mom that she wants more than one night with the bad boy?

Jayna says

This is the fourth book in the Whiskey River series. It pairs Xander Blue with Kelly Boots's CFO Bailey.

I found the story repetitive. Bailey has trust issues. Got it. The whole story was consumed by these issues. There was little interaction besides arguing/discussing the trust thing. Yawn.

I received an ARC in exchange for an honest review.

Heather andrews says

Xander will do anything his woman says especially when he has her right where he wants her, "he stopped kissing her long enough to stare at her. "Do you really think I'll say no to any rule? Now? With you in my arms and half-naked?" For a guy I thought Xander was pretty sensitive, which I found extremely attractive, "because he's your kid. Because we're together and it's— ***t, it's unnatural to keep us apart like this. Are you ashamed of me? Do you think I'd be bad for him?" I liked this book Xander was sweet, and had patience and he really needed that patience with Bailey, that girl had some issues to work out but luckily for her Xander was a patient man.

Jeannine L Muhn says

I loved the characters. Xander is not only a hunk, but also great with kids. I love that the 4 brothers are getting along as if they grew up together. This series is very well written of the series with the 4 brothers married and in the process of starting families in addition to children their wives had from previous relations. Can't wait to see where Nicholas ends up with his career now that he is part of the Kelly bunch.

Bette Hansen says

Loved this one! This is a quick light read that definitely left me smiling. Xander Blue has never been one for serious relationships but the minute he sees Bailey Richmond he knows she might be the one that's worth the effort. Now he just has to convince Bailey that he wants to be in her life. All in. That's no easy task though. Is he up to the fight???

You definitely want to read this one and find out. I highly recommend it.

Nicola says

Another quick and enjoyable read, *One Night with the Bad Boy* brings us Xander Blue and Bailey Richmond.

"Lord help her, she knew it was a bad idea to get involved with a coworker."

I'm quite partial to a good office romance and this one hits the spot. As Kelly Boots CFO, Bailey is driven and focussed on raising her son, Seth; anything more than a casual romance isn't on the cards and particularly with a man who has a love-em-and-leave-em reputation only in town for a year. Whilst he wasn't quite the bad boy I was expecting, Xander was charming, romantic and witty in all the right places and their chemistry was evident from the start. And when he unexpectedly meets her son, everything changes.

If you're looking for a fairly low drama, engaging, sexy read then I recommend this. And with one brother left to go, I'm looking forward to Nicholas' story and seeing how the series ends.

Christa says

Single mom Bailey Richmond has been badly burned by romance and doesn't want a serious relationship. Especially not with her coworker, Xander Blue, a member of the family who owns the company that employs her. Although immediately attracted to one another, Bailey tries to keep things on a friendship level with Xander. When she can no longer deny the attraction, the two begin a relationship, which Bailey intends to keep completely casual. Xander truly likes Bailey, and is insulted that she is determined that he not meet her six year old son, Seth, and that she doesn't intend to give their relationship a chance to be serious. When Xander inadvertently meets Seth and the two quickly become attached, Bailey has to see if she can overcome her past, even when it is suddenly looming over her and interfering with she and Xander.

I thoroughly enjoyed this contemporary romance by Eve Gaddy. Bailey and Xander were both great characters. Bailey was a wonderful mother, and she was very protective of her son. It was understandable that she was leery of having Seth become too attached to Xander. However, I felt really sorry for Xander when she purposefully kept him from meeting Seth and truly being part of her life. Xander was extremely likable, and was a genuinely nice man. I really liked the relationship that developed between Xander and Bailey. Seth was such a cute character, and he added greatly to the story. I liked the way that Xander bonded with him and understood him so well. I enjoyed every bit of this book, and reading it was a pleasure. Thanks to the publisher and Netgalley for providing me with a copy of the book in return for an honest review.

Claire - The Coffeeholic Bookworm says

I've witnessed how Kelly Boots' infamously playboy sons Trey and Wyatt finally fell in-love and thought of their future instead of jumping from one girl to another. Now, in the latest Whiskey River series, we get to meet Boots' two illegitimate sons, twins Nicholas and Xander Blue.

Bailey Richmond, Kelly Boots' CFO, caught the eyes of Xander and had never left her graces all throughout the Boots & Bangles Charity Gala. Bailey was a single mom to Seth, a hyperactive kid. Because Seth's father left them while she was six months pregnant, he never got to meet him, and Bailey never fell for any other men again. To her, there were two types of men - the players and the nice ones. But she preferred going out with the players because she thought the nice ones were boring.

Xander, who was definitely a player, soon had a change of heart. He found himself slowly falling for Bailey and her son. But because of Bailey's past, she'd grown weary and doubtful about X's intentions. Especially

when Ryan, Seth's father, finally contacted her. Would these two love birds ever had a future together?

Oh, I think, among the Boots' brothers, I liked Xander best. He was so "sinfully gorgeous" and great with kids, a trait most women find endearing. I thought he and Bailey got great chemistry, too. The story wasn't very complex, but it was entertaining and nicely written. Cheers to another light and comfy read from Eve Gaddy :)

Elaine says

I was introduced to this series by reading the novella "Where there's a Will" by Katherine Garbera and Eve Gaddy and was more than happy to find this, the fourth book in the series. This time the story focus is on Xander Blue, who unexpectedly learnt that his father was Boots Kelly after being called, with his twin brother, to listen to his will being read. Now he's living on the ranch his father owned together with his twin and his step-brothers. Part of the terms of the will include insisting that all four men live and work together in Whisky River for a year and that if one leaves they all lose everything.

When Xander spots Bailey Richmond walking into the room he can't take his eyes off her, the attraction is instant. Bailey, however, has very good reasons not to trust men like him, one of which is her six year old son, Seth. Seth's father deserted her when she was six months pregnant and has never been in touch to see if she and his son are ok, indeed he's never even spoken to her since he ran. Can Xander help Bailey recover her trust in men and, more especially, teach her to trust him? Is this lust or love? Will they have a chance to find out?

Once more the impact of past events and relationships on the present are explored in a manner which makes it so easy to empathise with all characters concerned. The story has plenty of obstacles, twists and turns to keep it an interesting read and great addition to the Whiskey River series and a lovely, enjoyable romance to get lost in. I have heard of another book in this series being released in September (One Night with the Playboy by Katherine Garbera) and I'll certainly be looking out for it and other books by this author!

Other books in this series are:

"Where there's a Will" by Katherine Garbera and Eve Gaddy
"One Night with the Cowboy" by Eve Gaddy
"One Night with the Tycoon" by Katherine Garbera
"One Night with the Bad Boy" by Eve Gaddy (Reviewed here)
"One Night with the Playboy" by Katherine Garbera
Thanks to the author, publishers and NetGalley, too,
for letting me read an ARC in exchange for an honest review.

Sue says

I am really enjoying following the journey of these brothers in this series!

I loved Xander, the challenges he's going through, the changes that have happened overnight to his life, and the easy acceptance he has with it all. Don't get me wrong, it's not a smooth road to the future, but the way Xander is navigating this new path is a great journey to take with him and his brothers! Getting to know all of the brothers is what I am loving the most about this series!

When Xander sees Bailey across the room, he's immediately smitten with her and wants to know her much better. He's not sure what his future holds, but he wants the present to include Bailey. Bailey is a woman who is not interested in relationships. She's been burned once and that has tainted all men for her. She also is very protective of her son, and doesn't want him to be hurt. So Bailey is all about no relationships, no meeting of families, and what comes across as no trust. Xander is definitely not relationship material for her...but what's some fun between the sheets?

Xander and Bailey have great chemistry, and Xander finds himself wanting more than he's ever wanted before. But convincing Bailey that he's not a short term man might be impossible.

As I said, I loved Xander. I didn't like Bailey as much, because I got really tired of her attitude towards men...especially the one she's currently spending a lot of time with. She has great qualities...she's independent, she's a fantastic mother, and she is a hard worker, but for me the way she treated Xander turned me off. Although I didn't really care for her, it is a sign of great writing that Eve has made Bailey so real and easy to have some kind of feelings about! You'll have to read One Night With the Bad Boy to see how it all unfolds and turns out!

I love the underlying theme of the brothers in this series . I am watching them get to know one another and form relationships not only with each other, but with other people and the town of Whiskey River.

One Night With the Bad Boy is well paced, and kept me interested. The secondary characters all work well with this plot, and I enjoyed that Seth, Bailey's son was a significant secondary character.

I look forward to reading the next book in this series and would recommend it to any romance reader!

Marsha Spohn says

First reviewed at Keeper Bookshelf

Four handsome, sexy brothers ready for love, commitment and a forever woman – what is there not to love about the Whiskey River series. In the fourth novel in the series we have Xander's story. Xander, a handsome man who gets mistaken for his half-brother Trey more than his twin Nick. Not a player in the strictest meaning of the term, more a man who hasn't met that one woman... yet.

Bailey would do anything to keep her son, Seth from being hurt. Including trying to keep the sexy man she's attracted to and having sex with regularly completely separated from her son. She sees Xander as a player with a capital "P" and while she enjoys his company, and the lovin' is good real good, Bailey doesn't trust Xander to not hurt Seth – or truth be told, to not hurt her either. While Xander understands her so called rules, he's never agreed to them – what Bailey thinks is probably a different story. For a time he was content to let things continue, then a chance meeting with Seth changes his mind – and Xander is about to break every rule Bailey has tossed up between them.

Even though they have said those magical words, "I love you" to each other, the reality of what those words mean is going to come crashing down on them both. Bailey is about to get a hard life lesson about love – without trust where does love come into a relationship.

One Night with the Bad Boy is an easy going story with two sexy, loveable people who need to be together – it's just going to take a bit of trust to get to the happy ever after part. If there is one man who can understand Bailey's concerns, as well as how her decisions will affect her son, it's Xander. It was so enjoyable to see the

situation from Xander's point of view – hell, he and his brother never knew their father, or much about him until the reading of the will that brought them and their two half-brothers together. So on some level he “got” Bailey – but he also understood Seth, even hurt for the boy knowing the questions he'd have throughout his life. Yes, these two needed each other.

While you could read this story as a stand alone, it's so much more satisfying if you pick up the entire series. Each story has each of the brothers and their ladies in them, but with enough conversation to get you up to date on the entire story line. Still, I would recommend all of the stories in Whiskey River, simply because they are fantastic, heartfelt, good stories.

I received an e-ARC of One Night with the Bad Boy from the publisher and NetGalley in exchange for an honest review. That does not change what I think of this novel.

Irene says

4.5 stars

One Night with the Bad Boy was such a good read, loved it!

Xander and Bailey were such fun and lovable characters, loved their connection and their chemistry was smoking!!!

And watching Xander with Bailey's little boy Seth? **swooooooon** he was so loving and such a wonderful male influence in that little boys life.

Another major plus for me was seeing how the brothers were forming a deeper connection with each book, they are all such fun and swoon worthy characters, I have some serious love for them all! lol

One Night with the Bad Boy is the fourth book from the Whiskey River series, while each book can be read as a standalone I highly recommend you read them all as each book has been a fun and heartwarming read.

I'm loving the Whiskey River series by Eve Gaddy and Katherine Garbera, can't wait for Nick's story next =)

Thank you to Tule Publishing via Netgalley for the advance copy.

Claire Robinson says

4 - *A players stock in trade is charm.* Stars!

Another enjoyable addition to the *Whiskey River* series. Xander and Bailey have sexy hot chemistry from the get-go, so it made this fourth novella in the series an easy story to read.

The addition of Bailey's son added a little extra dimension, and I liked that Bailey wasn't afraid to stand up to Xander, and was as confident, if not more-so than he was in going after what she wanted from their relationship.

"I want to be with you... whatever it takes."

I don't think the plot really offers any major surprises, but it was well written, the characters likeable and well developed for a book of this length. Well worth a couple of hours of your time, and easily read as a standalone if you haven't read the previous novellas.

ARC generously provided via Netgalley, it was a pleasure to provide the above honest review.

Judi Radtke says

Whiskey River is a fun read

The characters have been developed well and have good days and bad days. This is a good beach read and I am going to get the next one

Kelly says

So cute

I loved how this book included single mothers and their kids. It just made the story so much better. I especially loved the way Xander fell for Seth as much as Bailey. Becoming a family was such a cute process in the book. It was wonderful.

Penny Leidecker says

Texas Rebel is the story about Xander and single mom Bailey. Will Bailey be able to let Xander in or will they just be friends? Grab your copy and get ready to read about one of the Blue twins. I'm looking forward to reading about Nicholas next.
