UPDATE 10\19\18:

Dear publisher, here's a few facts:

-book 1 came out August 2018,

-it has been over a year and there is *zero new information*

-no cover

-no synopsis

-no official release date

-we literally don't know anything except that the title is *The Iron Will of Genie Lo* and that it is the sequel to *The Epic Crush of Genie Lo*

PRE REVIEW 3\28\18:

Librarian: *opens up library in the morning to find me sleeping in the YA section*screams*starts dialing 911*

Me: shhhhhh! I'm trying to sleep

Librarian: what are you doing here?

Me: waiting for The Iron Will of Genie Lo.

Librarian: that doesn't even have a release date yet!

Me: that's why I've moved in until it does come out.

Librarian: but that could take months!

Me: I know, hi roomie.

Sana says

'...it will be about Genie's development as a leader in the supernatural world. It'll touch upon her realization that ugh, everyone from book one is sticking around in her life, and she's got to adjust her long-term plans to deal with that. Also, there's more Yunie.'

AAAAAH, CAN'T WAIT. GIVE ME MORE FED UP GENIE AND HELL YEAH TO MORE YUNIE. FRIENDSHIP TIMES.
