Her only option is becoming a temporary live-in nanny for a rancher.

Widowed single father Clint Shepard needs a nanny for his daughter immediately--even if hiring Laura means he'll have to find someone else in a few months when school starts up. There was too much going on. It spoiled the book.

I Read This on the Kindle

A Good read the storyline was a good one even with it being a typical Mills & Boon book where you know the ending even before you start to read it

In this one you have a widow school teacher who is asked in a note to bring up a baby that's left on the school porch, she takes up a temporary nanny's job

Romantic Intentions Quarterly says

Widowed schoolteacher Laura Lee didn't believe she'd ever have a child, until a desperate mother left her one-year-old, Hope, in her care. Soon she has another child in her charge, the motherless Grace, when Grace's rancher father Clint hires Laura as his little girl's nanny. A golden summer follows, with Hope and Grace filling Laura and Clint with as much joy as they find in each other, and God. Troubles do occur, of course, but they are easily resolved in this mild, tender little romance set on the Texas frontier that makes you smile in the moment, and then immediately forget. And sometimes that is all you're looking for, isn't it?

Loved this book! I have read all of Ms. Gibson's love inspired historical books and I can't even say I have a favorite as they are all very good. They glue me to the story. I hate to see the end of the love inspired historical line as I have read and collected them all, but look forward to see what else she and the other authors write.

I enjoyed the start of the book and the set up to the story, but there was just too much happening towards the end which made it seem unrealistic and hectic.

Laura was a good heroine and I liked her right away. How she handled both Hope and Grace was wonderful. I also thought she behaved well with Mrs. Murphy, who didn't give her the warmest welcome.

Clint took a while for me to warm up to and to be completely honest I didn't completely like him all that much in the end. I figure out why I felt this way, since he was an okay person.

All in all, this was a good story to read.

I received a complimentary copy of this book. I was asked to give my honest opinion of the book - which I have done.

Baby on Her Doorstep was a cute story and written well, but I wasn't a fan of the ending. Things wrapped up too perfectly and it just didn't seem believable.

I enjoyed the mystery of who left the baby on the doorstep and I didn't expect that story to play out the way it did. I liked both of the main characters and the girls were cute. :) I found it adorable how they got along so well with each other immediately.

All in all, Baby on Her Doorstep was a nice read.

Enjoyed this book by Rhonda. Well written and love stories with children in them. Laura and Clint have a

wonderful story. Will have to follow this new author, for me, to her other books. Thank you to the publishers and NetGalley for allowing me to read and review this book.

I really enjoyed this book. I got to meet Clint, Camila, Hope, Laura and Grace. Its a story about second chances and hope. I love the way Rhonda draws you into the story and it makes you want to turn the page. It has a great story line that talks about second chances for both Clint and Laura. I loved the story. I will miss this story line from Harlequin very much. But I will be looking for more books by this author. J

Baby On Her Doorstep Is a wonderful story. It has just what it says - a baby at the doorstep of Mrs. Lee. She has always prayed that God would always give her one - a sweet little baby and here one shows straight up at her doorstep - the school's doorstep - one morning all dressed up in a basket and a letter directed to her - a baby. Is this child legally hers? Will the lady at the boarding house let her keep the baby? If not what is going to happen to the baby? Is she going to keep the baby? If she does where she going to go with the baby? All that is safe and true is God and the baby.

Also posted **HERE** .

I started this book a little distracted, as the heroine shares her name with one of publishing's most famous erotic romance writers. This wasn't the best choice for a chaste Christian book!

Baby on Her Doorstep has all the hallmarks of Harlequin's Christian romance line: the abandoned child, the match of convenience, the single father trying to make ends meet in the 19th century Wild West.

I struggled to connect with the story in the beginning, because all the plot points seemed to be happening in a hurry, before we got to know or like these characters.

In the space of about an hour:

- The heroine finds an abandoned baby, with a note attached telling her to care for her.
- She meets with the sheriff, who gives her permission to keep the baby (it occurs to nobody to find out why the child was abandoned, or to find the mother).
- She meets the hero and his daughter.
- The hero offers her a job.
- Hero, heroine, and both children go out to lunch.

After that there's a time jump where we discover she has accepted the job and is moving in with him.

If you like books with these themes, there's nothing wrong with this one, but it felt more like paint-by-numbers than others I've read in the Love Inspired Historical series.
