Jacked Up

Jane Henry

Jacked Up Jane Henry

I'll show her who her daddy is.

When daddy's little girl comes into my repair shop begging for help, I agree.

With conditions.

I don't want her money.

I want her.

The pretty little girl will pay off her debts... but she'll have to get her hands a little dirty.

A standalone novel in the Hard n' Dirty series

Kali McQuillen says

3.5* If you're looking for a book that doesn't take long to read and starts out hot and finishes hot, than this is it.

She's looking to get her dad's car fixed but he wants so much more! She definitely has no problems being what exactly he has been looking for.

There was some funny parts in the book like when she would answer the phone with an accent that had me laughing. I loved that he was actually very sentimental.

Jos says

4.5 Stars

My first read by this author and loved it! It was a fairly quick and dirty read and I loved almost every second of it....now when I say almost, I mean I hate and I mean I detest and can't find anything sexy about calling a guy "daddy".... Daddy kink is NOT my thing AT ALL. I had no idea this would be part of the dirty talk and honestly it wasn't completely played up and in your face but for me it was enough times in my face that I just had to "ignore" that part of their sexual escapades, lol, and quite frankly if it wasn't for that one "fetish" these two had me squirming in my seat!

Anyhoo.....the writing was great and outside of the "daddy" thing, really enjoyed the story a lot!

Kathy Heare Watts says

I CAME, I SAW, I WILL CONQUER

The story is another great addition to the Hard n' Dirty series. I love how each of these stories will read well as a stand-alone and can be read in any order. On the outside, Tanya Hayes and Levi DeRocco look like opposites. The one thing they do have in common is classic cars. But their story is more than cars; it is passion, spanking, dominance, and submission.

Tanya Hayse is the daughter of Raymond and Sasha, and empress to the Hayse Family Automotive legacy. As their only child, it is the life she grew up with, but she is much more, she is a model, earns her own living and she has a master's degree in marketing.

Levi DeRocco is the boy who grew up in the rough neighborhood but had a wonderful mentor, Sal, who taught him everything he knows about cars. Now Levi is running a successful and highly sought after business in restoring classic vehicles.

The plot will have Tanya coming into Levi's business, Jacked Up Mechanics, needing his help in repairing major damage to one of her father's collectible vintage cars. While she didn't wreck it, a guy she dated did, she has two weeks to have it restored. Levi is shocked but gives her an ultimatum; he doesn't want her

money, he tells her she has to work for him for two weeks.

The story will have Levi laying down rules and telling Tanya he expects her to follow them. The first is no backtalk, the second, you do nothing stupid and dangerous, and the third, only mechanics enter the shop. When she breaks Levi's rule and comes into the shop, he sends the other employees to lunch, and he takes her into the office and spanks her.

"I can't believe he spanked me. And even more? I can't believe I liked it."

"One thing you'll learn, princess, is that this daddy won't hesitate."

The relationship goes from spanking to rough sex with age-play undertones of him calling her baby or little girl, and she calls him daddy. Both of them know that this agreement is to be for two weeks, and with each day, the more time they spend together, the deeper involve they become. They take turns at each other's home, cooking, spending time together and having sex.

Will this relationship be able to go further? He doesn't fit in with her social class, heavily tattooed, beard, and wearing jeans. She is high-class, designer clothing and lives in a high rise apartment. What will her family say, especially considering that Levi's business competes with her father's? Tanya has another job as a model and what will she do when she is needed for a photo shoot?

"Luxury is being with him, apart from the hustle and bustle of the city."

The story has several twists and turns, trouble with one of Levi's employees, and then a theft will add to the mix. Levi and Tanya have decisions to make for their future. Their relationship works well for them, he is dominant, and she willingly submits to him and calls him daddy. The story has age-play talk with her calling him Daddy along with erotically explicit sex scenes with spankings.

Jessica says

Jacked Up is part of the Hard 'n Dirty series, but can completely stand alone. Tanya made a mistake that has lead her to seek out the owner of Jacked Up, a classic car repair shop. Upon meeting Levi, she quickly realizes that she's not going to get what she wants as easily as she thought she could. When they strike a deal, she wasn't expecting the punishments when she broke the rules, but she soon is craving the firm hand of her daddy. What started as just a two week fling quickly evolves into more emotionally, but when someone is out to get Levi, their trust and relationship just might get ruined in the process, too!

What. A. Book! I was so quickly drawn in to this story, this drama, these characters and I did not want to put the book down! Tanya and Levi were fun, definitely into a DD/lg dynamic, and I loved that they both took their relationship seriously even though it moved quickly. Tanya was definitely used to getting her way, but I loved how well she responded to Levi's dominance and rules! Levi was in control, expected his rules to be followed, but was also really fair and I loved when he showed his softer side towards Tanya. Even though there were a few secrets hidden between them, I liked that there was a bigger problem than just her father finding out about his car, and it was one that neither really expected! This book definitely had me hooked and I really enjoyed reading this fast paced, Daddy Dom book!

B. Koe says

EMOTIVE, moving, and heartfelt. A MUST-READ story to warm every beat of your heart. Readers are lapping up every new title in the “HARD N’ DIRTY” series by some of my favorite authors in today’s ROMANCE genre. Of the seven or eight of the titles in this series currently available, I’ve had the pleasure to read all but one, and “JACKED UP” by author Jane Henry is at the top of my list today. It made me laugh, tear up, get riled and full of joy as I read the moving story. To say the least, the plot is complex and compelling enough to make me forfeit sleep in order to find out what happens next and then feel bereaved when it ended! The characters are well-developed, both flawed and loveable in that way author Henry uses to make her characters seem so real as to be able to walk right off the page into the reader’s life. And her prose is so eloquent, both easy to read and masterful that her words emote pictures easily seen by the mind. In total, Henry takes her readers on a journey through the lives of Tanya and Levi. A journey that leaves readers feeling full, satisfied in the knowledge that the crisis has passed, and the HEA will continue for eternity. For this reader, it was an entertaining journey that allowed me to step away from the crazy juggle of my life and immerse myself in a scenario that works out. That, plus Levi is a Daddy Dom – and my favorite book boyfriend this year! I jumped at the opportunity to voluntarily read “JACKED UP” and this is my honest 5+STAR review. I STRONGLY SUGGEST that you purchase your copy of Jane Henry’s “JACKED UP” today! You will be so glad you did! Happy pages. ?

Badh says

So, Jane Henry has decided to join the Hard n' Dirty set, and she does it with her typical Jane flare. She brings us a really dirty Daddy and his babygirl. And they are soooo good, and it is soooo dirty.

Tanya's dad is a huge name in the classic car business, which is why it's terrible when her ex-boyfriend crashes one of her dad's cars. She can't let him see what happened, so she goes to find someone to fix it, which she does, in the form of Levi and Jacked Up.

Levi will fix her car, but he's ready to take her down a wee bit and grab her off her high-horse. He decides that she's going to work for him to pay for the repair costs, and if he gets a chance to spank her, well, he's not going to complain about that.

I really liked Levi. Sometimes I don't like the Domly types all the time because I think that they are overbearing, but that's really not how Levi is. Yes, he is Domly, but there is just something different about him. He doesn't just move in and take over everything all at once and not listen if Tanya doesn't like something. I really do like that about him. I like Tanya too. She's feisty and sassy, and I really loved her and her character. I would really, really love to see more of these two, even if it was just a short story to let us know how things are working out for them.

Claypot_Reads - Michelle says

This one is my favourite of this series so far. I really enjoyed the dynamic between the characters & it was seriously hot read with just enough feels to make it interesting

Jo says

Once again Jane Henry has managed to get my motor running (heehee see what I did there)!

Tanya is a rich girl with a costly problem. Her ex-boyfriend has damaged her Father's very expensive classic car and there is only one qualified mechanic who can help her, even if his reputation is quite scary. Levi knows his classic cars and he seems to also know that Tanya needs this Daddy's hand. These two come together in some serious hot action!!! Levi is the perfect Daddy to Tanya's babygirl.

This book gives you hot nookie, swoon worthy romance, lots of giggles and of course a bad guy. No doubt about it, you'll be reading this book more than once!

Rhonda says

Holy smokes!! This book was hot, hot and hot! Tanya and Levi together set new records on heat levels because they light up the place. Spoiled, rich girl and tattooed bad boy car expert equals a very interesting story. Lots of feelings and emotions and even a bit of drama. Nothing real heavy but this book will keep you turning the pages until you're finished. Did I mention the book is HOT? LOL

Terri Trawets says

From the moment Tanya, a wealthy and entitled young woman, walked into Levi's auto mechanic shop, this story was hot – enticingly, erotically HOT. Although these two individuals come from different sides of the track, they are almost instantaneously drawn to each other. They instinctively see beyond the obvious outward façade of “rich” vs. “rough” into the hidden worth each possesses.

To me, each physical “encounter” between Tanya and Levi felt incredibly appropriate, tantalizing, enticing and sensual. The interaction between them, both physically and mentally, is scorching and beautifully erotic. I love the way they are both drawn and open to each other, despite their different backgrounds. It is as if they are able to enrich each other's lives just by being who they really are.

This pampered little rich girl seemed to have everything, and she did have everything that money could buy. What she did not have was anyone's dedicated interest and attention. She unknowingly needed the rules and discipline that Levi instinctively demonstrated in order to understand how much she should be protected and treasured. Tanya found that she craved the excitement that came along with Levi's honest attentiveness, strong dominance, caring discipline and love.

This story teased and tantalized my senses with each of the erotic pictures it painted. Now I have a new author to follow and read, and OMG! she is fantastic!

Eve Recinella (Between The Bookends) says

A reasonably decent Daddy kink book. A smidge of angst. Not OW/OM drama. Some hot sexy times...

Patty says

Rich girl Tanya has a problem. Her boyfriend, ex boyfriend has taken her father's car and wrecked it. Now Tanya has to get it fixed before her father gets back in town. Going to the only classic car business in town, she is surprised to find that the owner is young, rough and good-looking.

Levi is rugged and owns a successful classic car repair and restoration shop. When a hot sexy rich girl comes in begging for help, he can't help but be intrigued. But he won't take her money. Or her family's money as he likes to think of it. No this rich girl is going to work it off, in more ways than one. ;)

Being book 6 in the *Hard n' Dirty* series, it can be read as a standalone and was the also the first in the series I have read. I did not feel lost in the slightest. In fact I loved it. This book was exciting and hot, hot, hot!! I love dirty dom books and this one did the genre justice.

Levi was one hot *daddy*! His character was strong, dominating and protective. Tanya's character was sweet, naive, but naughty. Put these two characters together and they burn up the pages. I love how they hardly know each other, yet they are perfect companions, talking and working together with ease. My favorite scene is when Levi goes all caveman on Tanya and tracks her down, carrying her out like a caveman, putting everyone in their place. That kind of dominance will give a girl chills. And the spankings, oh! Levi can work on my undercarriage anytime. ;)

This is the first book I have read by Jane Henry. Believe me it won't be the last. This book was so much fun to read. Let's not forget how hot this book is! Wow!!! I love to read books with dominating alpha males. Add in a bit of BDSM and it just makes it that much better. Jane Henry has an excellent writing style with stories that have a great build up and fantastic finish.

Overall this book was extremely hot! It was a fun and exciting read that will have you begging for more. The characters are fun and dominating. The book is a quick read, that you will not want to put down. So if you like kinky hot and dominating men.....I mean books, then this one is right up your ally. But best believe that you will need to alone time to read it. ;)

Dee says

Daddy Please!

Jane Henry is such an incredibly versatile writer and "Jacked Up" is a great addition to the "Hard n' Dirty" series! Extremely fast paced, professionally written and a standalone within the series theme, "Jacked Up" is

one totally sweet ride. With various twists and turns along the way, “Jacked Up” features an engaging plot, likeable characterizations as well as plenty of DD/s panty melting heat. The chemistry between Levi and Tanya is scorching, but the story also captures the deeper connection of such a dynamic which demonstrates both reverence and trust. As with all of Ms. Henry’s novels, the hero’s brand of dominance is sweetly tempered and the relationship dynamic tastefully executed.

STEAM FACTOR: 5 HARD n’ DIRTY STARS

WRITING STYLE: 5 PROFESSIONAL STARS

PLOT: 5 ORIGINAL STARS

ENGAGING CHARACTERS: 5 DOMINANT STARS

SATISFYING CONCLUSION: 5 SATISFYING STARS

♥ **WishfulMiss** ♥ says

2.5 Stars

Went into this one knowing it would be a quick smutty read and it delivered. I liked the story overall. It was sweet at times – Levi was my favorite type of hero. He was rock hard on the outside, tattooed and bearded *sigh* but with a soft sweet center. He was affectionate, protective and devoted to Tanya. The kink was smutty and hot – if a bit repetitive at times. As an heroine, Tanya was just okay for me, I felt that sometimes she acted much younger than her 27 years and her actions made it hard to relate to her.

The outside conflict was just meh . . . nothing really noteworthy there. For a safe, short and smutty read with a cute HEA and no OM/OW drama this hit the spot.

♥?Fantasy Land Blog Book Reviewer♥? says

FINALLY!!! Finally, in this standalone series, we get our Daddy fun time. Haha. Jane brings her dirty mind to Jacked Up. Tanya is in big trouble if she doesn't get her fathers car fixed. It isn't just any kind of car, it is a historical kind of car that should never have been driven. So she goes to the one place she knows can do it and do it right.

Levi owns that place. But when Levi sets his eyes on Tanya he doesn't want her money he wants her. And these two put each other through their steps. Levi might be her daddy, but Tanya is still new to it all and she will do what she wants when it comes to being out of the bedroom.

This book made me laugh, roll my eyes, and just really enjoyed it. Another great book by Jane!
