Glorious Nosebleed Edward Gorey

The Glorious Nosebleed, an alphabet created with Edward Gorey's inimitable sense of the weird and the macabre, trips from A to Z with illustrations that are both strikingly funny and a bit weird, all the way from "She wandered among the trees Aimlessly" to "He wrote it all down Zealously." A classic of Gorey's imaginative and darkly humorous mind.

Lindsay says

Only Gorey could take on something as standard as the alphabet and deliver such a delightfully macabre style with lovely artistry.

David Schaafsma says

I read it delightedly, and quizzically. You know, every so often you need to read a Gorey book, and this is one of his deliciously sardonic and also darkly comic ABC books, this one focused on adverbs. It's maybe not really just for children: For the letter L he has "He exposed himself Lewdly." Very funny, sometimes forebodingly funny. And the sort of Victorian black and white pen and ink drawings? Impressively detailed.

Angie says

A very awesome friend gifted me with this last night. I love the untold story behind each picture/sentence. The title alone is almost worth five stars. Also, this is a great book for teaching your children about the alphabet and about adverbs (and for giving them a proper appreciation for black humor, or maybe just for warping them early).

Sam Albala says

A wonderful Gorey book! Outlined alphabetically using funny quips throughout! I recommend this book highly.

Kerri Fairclough says

L is my very favorite. And it's a little bit rapey.

MEGAN C says

Glorious. Like it says.

i don't think i mentioned it 'round these parts, but i picked up 10+ vintage gorey books at my lesbian great aunt's house (amongst other cool stuff)

i'm not rly going anywhere with this, i just want the collective goodreads community to be jealous of my good fortune

It made me smile Devilishly

The illustration that accompanies 'He exposed himself Lewdly' is terrifically tawdry.
