My book has a different cover!
Again another book brought back to life.
I really liked the pace and style of this book
It had a great plot but I have to laugh
to think in the first chapter her asks
her to marry him. And they just met.
Hilarious!

Sorry, this was another Kay Hooper that just wasn't for me. (When she does it right, she really gets it right, but when she gets it wrong... meh.) Josh falls into insta-love with Raven, who very nearly returns the favor, falling in love with him right back after just two or three scenes together. The spy plot was really unbelievable (a bad guy who trafficks women, but supposedly loves women so much that he trusts them implicitly unless given a reason to do otherwise? *Rurrrrrly?*) and since the romance was pretty much settled in the first 30% there wasn't much to hold my interest. DNF at 55%.

"Raven on the Wing" is the story of Raven and Josh.
Josh has spent his life running from commitments and brunettes, but restlessness has now plagued him. Things change when a gorgeous brunette unknowingly tackles him down, and he knows she is the one from him.
From stalking her, to professing love and marriage on the first meeting, Josh knows Raven is it for him. But Raven continues to push him away, and a little investigation reveals she might not be what she claims to be. But can Josh really let her go?
A love story filled with an interesting thriller plot and a couple who cant let go of each other, this one had all sweet elements of a Kay Hooper book- including an obsessed hero, a strong heroine and intense lust and love. Enjoyed this read!

This is a DNF for me. I just lost all interest in the way the series started to go. The funny quirky characters from book one is what got me interested. This book has none of it after the first few chapters. I really liked Josh in his sister's book but I got to 74% and now I'm stuck. I have no desire to read on. There are too many books out there to read to waste more time on a series I'm no longer interested in.

Josh Long falls in love at first sight when the dark hair beauty Ravens Anderson literally knocks him off his feet when they ran into each other in front of the elevator of the hotel where the party he was leaving and she was going to was he'll act. Raven is trying unsuccessfully to persuade Josh to forget her and leave her alone. Josh believes something is off about the way she is acting on the second time seeing each other. Josh uses all his contacts and millions to look into Ravens past. her dossier states so much illegal crimes from drugs and illegal arms to the white slave trade. he doesn't believe any of it. as Raven do her best in trying to keep her distance from Josh but as she falls in love with him she worries about the dangers and the future

Jane Doe says

This could have been much better. The heroine starts out rocking a great kick ass career and then "Josh" finds her and messes it up. He had some no con going on wanting more than she was willing to give, but it worked out because she knew what he needed and decided to give it to him otherwise she wouldn't have been able to stay with him. grrrr He seemed like a little boy wanting everything at once. Interesting side characters.

good. older loveswept, but stands the test of time.

Bridget says

Have you ever fallen for a man that you can't let yourself have because if you did the consequences would be dire? That's what is going on in Raven's life. She isn't exactly who she says she is. When she meets Josh the sparks fly immediately. Trying to keep Josh safe, Raven denies her attraction to him. But Josh has friends in high places and finds out who she really is. Will he embrace the person she truly is and offer her help or will he decide to live the rest of his life without the woman he's in love with?

This is the first Kay Hooper book I have read and now I am a die-hard-fan! Absolutely intriguing!

It's not as good as I remember it being when I first read it about 30 years ago now. I guess my tastes have changed. I still like the characters, but I have developed a distaste for undercover/espionage stories since then.

I Love This Book

"Oh hell," he muttered despairingly. "I knew it. I knew you were out there somewhere. And I was so careful."

FINAL DECISION: I have loved this book since it first came out. It is simple, but the characters are fun and I loved how the story made me laugh. These are not complex situations or characters but they are enjoyable. I can read this book quickly and I never fail to enjoy the story.

THE STORY: Josh Long has spent a lifetime avoiding brunettes because he knew that there was one out there that would challenge everything that he had decided about his own life. When he runs into -- literally -- into Raven Anderson, his life is turned upside down. A man who needs control, Raven shakes the foundations of his life. Raven is a woman with dark secrets and Josh fears that he is falling in love with a woman who appears to be all that he could ever want but perhaps is only a mirage.

OPINION: Love, love, love this book. It is silly and sweet and has a simple plot but I have always loved the characters. Truly, these characters are too simple for some. Josh is incredibly rich, smart and talented. He is so squeaky clean and noble. Raven appears to be sweet and innocent but might be hiding some very bad things about herself.

The story is quick, but the romance is allowed to develop well. This book isn't for those looking for deep dark complex romances. (I like those too, but this one is like eating candy -- sweet). I also like the sense of fun in this book. Although it deals with dark subjects, it never delves deep into those stories and thus the book always stays light and fun.

I have enjoyed this book for years and read it multiple times. I love the characters and their romance is so incredibly satisfying that I never fail to enjoy the short ride.

WORTH MENTIONING: This book was originally published as a category romance which means that it had a specified length and limits on its content. The story is short and the characters not complex but I like the simplicity of the story and the clear good/evil lines that are drawn.

CONNECTED BOOKS: RAVEN ON THE WING is the first real book in the Hagen series. It is sometimes listed as book two although this book is the first one that starts the overarching story concerning Hagen and his machinations against Long and his friends. The book before this SERENA'S WEB is a prequel in that Josh Long is in the book but readers can start here.

STAR RATING: I give this book 5 stars.

Margareta says

Duhovita, razigrana, dinami?na, pro?itajte.

Jodi says

Meh! Could not get into this book or care about the characters.

Kari says

I'm never one to give up on a series if the first book is so-so. So I did end up reading Raven on the Wing (First published in 1987 by Loveswept), which is Josh's story. This one was much better than the first in the series. I loved Josh and Raven. Josh is literally knocked over by pretty brunette, Raven and it is love at first sight. He will do everything he can to win her heart and make her his. The problem is that Raven seems to be living a double life.

There is pretty good suspense plot woven into this romance. I loved the twist at the end! The reader is also introduced to Josh's friends/employees who look to be the subjects of the later books. I knew all I had to do was trust in the author and the books would get better. I'm looking forward to catching up with the rest of the series.

Waste of my time reading this book!

Alan says

If you ignore the insta-love, the second book in the Hagen series by Hooper is a little better. One thing that appeals to me in romance series (and series in general, I guess) is the use of the supporting cast. This time we had an abundance of them on both sides of the story with Kelsey, Zach, Lucas, and Rafferty. Some good banter among the boys, and of course, we know they all get their own stories.

The story of the undercover operation was a little unbelievable to me. In another format besides Loveswept, I think this story could have been developed a little bit more. There just was not any tension about the situation or concern for any of the characters. This a major flaw in a romantic suspense thriller.
