The Island of Heavenly Daze Angela Elwell Hunt , Lori Copeland (Contributor)

To a casual visitor, the island of Heavenly Daze is just like a dozen others off the coast of Maine. It is decorated with graceful Victorian mansions, carpeted with gray cobblestones and bright wild flowers, and populated by sturdy, hard-working folks-most of whom are unaware that the island of Heavenly Daze is not just like the other islands of coastal Maine. The small town that crowns its peak consists of seven buildings, each inhabited, according to divine decree, by an angel who has been commanded to guard and help anyone who crosses the threshold.

Unexpected hijinks and heart-warming results occur when mortals and immortals cross paths-and unaware visitors to the picturesque establishments of Heavenly Daze discover that they have been entertained by angels.

Sometimes you just want to read a series that takes you away from pressing things and lands you in a world that makes you smile. This series does that! Charming! With lovable characters.

Cute book about angels

Another book that I read to Diana. We can't do much anymore after her stroke, so I read to her to spend time together. Diana has always loved to have someone to read to her - and I like to do just that.

An entertaining story of Angels, a pastor, and the people on a small island off the coast of Maine. Diana and I both enjoyed the story and the humor. It is good Christian entertainment.

Jerry Hunt says

Curl up in you favorite chair and relax...

While you get to know all the quirky residents of Heavenly Daze. They will learn forgiveness, mercy, grace and patience as they go about their daily lives with a little help along their way from a host of angels sent to light their journey. After you've walked around town and listened to the folks and watched Tallulah running to beat the bulldog to the ferry boat, you will chuckle and won't want to put this story down!!!

This is the first book of the series. Written by Angela Hunt and Lori Copeland, it is found in the RPL under Copeland (COP). I didn't get this book until I had read the other 4. They all can be "stand alone" books, but I would suggest reading them in order. This book gives you a good "history" of the island and how it got started! Christian theme, easy read. Takes place on an island off the coast of Maine.
