Stitchywoman says

I love Arthurian stories. This one was not quite what I expected. Although I enjoyed it I would have preferred more about Merlin and Arthur.

Cynthiaj says

A very nice example of the genre. Exactly what one reads these for. I will be trying the next in the series.

Amy Kinard says

Sometimes you need cheesy, smutty historical romance books in your life.

Taylor says

I enjoyed this fantasy read. It was easy to read and I found the world interesting and wanted to know more about it.

Cilla Savary says

Not quite a bodice ripper but almost. Captive falls for capturer. Genuinely enjoyed reading it and enjoyed the characters but feel they are not fully developed.

From Fantastic Fiction: Set in England in the time of William the Conqueror, the first novel in this marvelous series that explores what might have been if Merlin had had three beautiful daughters, each possessing just a touch of magic, resolved to use her special skills to battle evil, and determined to find love.

A very enjoyable book.

Barbara ★ says

A typical Norman/Saxon start to the story. The Norman's overcome the Saxon's in battle and immediately show their dominance by terrorizing and killing the villagers. They are brutal with no regard to age (they kill the youngest to the oldest) or religious buildings (the abbey is completely trashed). Rorke FitzWarren is a brutal warrior and even have the nerve to capture a healer (Vivian) and threaten her people if she doesn't heal the new king of England. Of course, she falls madly in love with him and vice versa. What is it with these medieval women who fall victim to their conquerors? I guess survival makes you don't strange things. Rorke has a bad childhood and cannot love anyone...until he finds Vivian. And Vivian is basically cloistered at the Abbey and is virgin and knows no better. Even with all the cliches, it was a great book. I especially liked the link to Merlin, Vivian is his daughter you know and 500 years old. Gotta love it.

Susan says

Wlldn: Nrmn Rorke brngs Sxn Vivian 2 heal Wm Conqrr; hr counsel bcms imp as hr dr. gfts, chmstry btw grws. Lk R lots, V bttr, 2nds grt but too much 'trvl btw wrlds' 2 vst Merlin /dad & fghtg 'drknss' w/lght

Meiska says

I never finished this series so I'm rereading the first 3 then continuing on. I really love the author's writing style and descriptions for characters as well as settings. It really pulls you in and the lore is just fantastic. So glad I was able to get a copy for my kindle. I did wish that one of the villians (won't spoil it here) was more prominent in the book, but overall some of the suspense kept me on my toes and that's ok.

Stacy says

Now this series was one of my absolute favorites when I was younger. I loved the first four books after that they became a little too repetitive but still well worth the read. Full of magic, romance and mystery I've held onto this lovely series for years. Some day I may even re-read them. Very enjoyable overall.

Brenda says

This was a great book, the first romance book I ever read that involved mystical things. Had me craving for the rest of the series which was as wonderful as this one.

Kathy J says

This is a very good book for those of us who want to escape the world for just a few minutes. Not much truth to it but a real good adventure read.

Rachel says

This is a fairly quick and enjoyable medieval romp with delightful fantasy undertones. I look forward to reading the rest of the series.

Sandra DS says

It got my interest from the beginning, but left me wanting more from the story.
