## Take Your Pick Jasmine Haynes

Grant Tyler is Rena Lancaster's perfect match: same background, same career path; they speak each other's language. In bed, he makes her see stars. But then there's Karl Kristiansen. Every bit as virile, masculine, and intelligent as Grant, he's her contractor: earthy, hands work-roughened, body tough, and powerful. And he takes Rena's senses by storm.

When Grant decides he wants Rena exclusively, he forces a decision on her. And it's Karl who comes up with the perfect test for choosing between them: make love with them both at the same time, and see who does the best job. When their sexual play becomes a true menage, with Grant and Karl each trying to top the other, willing to do anything Reba asks -- even touch each other -- the three of them together are like spontaneous combustion. Now that she's had a taste of the real thing, how can Rena choose between these two perfect men when they both give her different things she craves?

*Publisher's Note: This book contains explicit sexual content, graphic language, and situations that some readers may find objectionable: Anal play/intercourse, menage (m/m/f with male/male interaction).*

## From Reader Review Take Your Pick for online ebook

### Stace says

Although the sex scenes were HOTHOTHOT and worth at least 4 stars I can't get over the fact I HATED Rena. This is no loving ménage story. This is a selfish girl who wants what she wants and likes these boys on their knees worshipping her golden vajayjay. I would have been happier if in the end the boys had told her to piss off and ran away together.

### Rochelle says

I loved this book. The scenes were well played out and I couldn't get enough.

### SirenBookReviews says

Take Your Pick started off hot and heavy and kept the pace throughout the read. Grant and Rena belonged together. I enjoyed the way they blew off steam and the intense relationship they had together. I could tell that Rena loved him but something was missing, something she needed. Finding out what that something was took me awhile but when it manifested, making total sense I found myself agreeing one hundred percent with her. I'd hoped he'd kick it in high gear and let loose.

Karl the total opposite of Grant had me melting just from his presence alone. Rena's relationship with Karl differed from her relationship with Grant. As I got to know Karl, I realized he knew and was fine with it.

What surprised me was Grant's decision to give Rena what she needed a threesome, however in the back of my mind I had to wonder if after their completed time together she'd be able to leave one for the other. I couldn't believe the immediate change in Grant.

This was one hot read to be read again.

This is one of the hottest books I've ever read. Period.

Jasmine Haynes is a master of sexy storytelling. Her characters come to life off the page with their emotional needs and sensual banter. Other erotic authors often fall short of giving their readers a satisfying romance story; not so with Haynes. I'm a completely sated reader!

**LOVED IT!!!**

When Grant discovers that Rena is sharing both her heart as well as her body w/Karl, he tells her she must pick one of them...he no longer wants to share. Where's the fun in that?? Karl tells Rena to share a weekend w/both of them...at the same time. Now the fun begins!! If you are looking for a hardcore plot, it's not here. If you are looking for some VERY HAWT YOU WILL FAINT SEX, then download this NOW!!!

Loved how Grant thought he was controlling the situation, but folks, it's alllll Rena, and what she can get these two Alpha males to do for her pleasure!! GROWL!!! Just an FYI, this book contains m/m/f & m/m scenes...very very HAWT!!! I highly recommend this one!!!

My fav quotes/scenes:

"Sometimes she wanted down-and-dirty, no-holds-barred f\*cking because he was completely crazy for her."

"It wasn't sex; it was sensuality, both an aftermath and a prelude. She'd never experienced anything like what she'd just had..."

"The feel of them inside her had sucked her into another world where there was nothing but flesh and pleasure."

"I'm going to teach Karl how to do it like I do." Rena to Grant

"You've got a deliciously dirty mind."

"There are so many possibilities, baby. All you have to do is take your pick."

## Kathleen says

Yet another scorcher from Jasmine Haynes. This was a short erotic story that was filled with kinky heat from beginning to end. I tell you what the heroine Rena was one lucky girl to have two total hung hunks at her beck and call. The heat really turned on when one said hunk decided to suck the other, ohlala. Of course as the story went on the kink got even hotter.

Warning, if you don't like M/M with a woman looking on even if the two men are totally male and not gay one bit, this book is NOT for you.

## Brutally Honest says

No idea why this has such a high rating. For a short smut story it was all right, I guess, but definitely not worth this many stars. The one thing I did really enjoy about this one was the switching of perspectives, lots of scenes from the men's point of view. Also enjoyable was the slight angst in the beginning. But beyond that, there was no character development of the h, and also none - even less if that were possible - of the construction worker, Kayl or whatever. I honestly have no idea who he was. Grant could've used some also, or at least some more fleshed out angst, because that really had some potential. Sigh. The sex was pretty good, not overwhelmingly so.

Take Your Pick by Jasmine Haynes

Is it me or does the woman on this cover look like a mannequin? I digress...I thoroughly enjoyed this story. Though short at 10 chapters, it really packed a punch in the sex department!

Rena is Ms. Independent business woman who knows what she wants in her professional life and goes after it with no apologies. It's her personal life that has her questioning who she wants. Grant or Karl...can she have both?

Choose...

Grant is Mr. Control in both his professional and personal life. He's been burned in the past by being too possessive and jealous so for the past several years he's shut that part of himself off especially in his relationships. His relationship with Rena is hot and heavy and he gives her everything he thinks she needs... except his passion and darkest desires.

Karl is Mr. Rugged and all about passion in every aspect of his life. His relationship with Rena is wild and no desire is left in the dark. Rena shares all with him even the details of her time with Grant and Karl has no problem using that imagery to kick up the steam factor in their relationship.

A challenge is extended and accepted by both men for a free fall weekend with Rena and may the best man woman win!!!

Only book I've ever deleted from my kindle. I LOVED the desperate to the Max series but almost didn't finish this book. As suggested by the title I wanted her to pick. Had a hard time buying into the concept started out with such promise but mid way it lost me...so sorry b/c I like this author a lot.

## Kristy says

Ok. This just might be one of the dirtiest books I have ever read. Not that "dirty" is a bad thing. I'm just saying - this book isn't for the faint of heart. There is M/F, M/F/M, M/M/F, and M/M. Yep - it covers it all. There's also oral, anal, and plain ole va-jay-jay sex. BUT! Thankfully.....there are also a lot of condoms. I love it when a dirty book uses condoms. It just makes it feel less dirty somehow. Like - "Hey, they may like their hot monkey sex upside down, up the butt, and back again - but at least they're safety conscious!"

The story revolves around Rena - a beautiful, powerful business executive. She's involved with Grant - a handsome, powerful business executive. Together, they have awesome, kinky, powerful business executive sex. And - they also happen to have an open relationship. That is, until one night when Grant decides that he wants to be exclusive. Although Rena is totally into Grant, she feels that she can't get everything she needs from him alone. She feels he withholds his passionate side from her. Although she is sexually satisfied with him.....it's missing something....wild, unrestrained passion. That something - well - Rena gets it from Karl. Karl is her hot contractor. And he is 100% pure passion. He'll grab her as she walks in her house and fuck her up against a wall, or on a countertop, or the floor.....whenever and wherever the mood strikes. He also loves to fuck her after she leaves Grant's bed. The smell of another man on her turns him on. (Yea, he's a dirty boy.....!)

During Rena and Karl's hot monkey sex session.....Rena happens to mention that Grant wants to be exclusive. Meaning, she would have to give Karl up and neither one of them wants that to happen. Rena can't decide who she wants more (or rather - whose fucking she can do without). Karl suggests that she fuck both him and Grant - together - and decide then.

Grant agrees - somewhat reluctantly - and this is where the crazy stuff gets really crazy and really dirty.

I'm not about to go into detail about the crazy sexcapades that go down in this book. Instead, I'll just use a few key words: raunchy, menage, balls, licking, 69, and so on and so forth.

If you're looking for a sweet book where the characters make love to each other, this ain't that book. Oh sure, the characters care about each other and everything is consensual - but make no mistake about it - this book is about fucking. There's enough plot to move the characters from one orgasm to the next, but did I happen to mention that this book is all about the fucking? It's not about some pansy-ass plot points. It's about fucking. Hot monkey sex. Menage. Fucking.

Did I mention fucking?

Damn that was hot! I mean a guy gives a girl an idea and holy crap does she run with it. It wasn't super long - I think I read it within a few hours -- but the author packed a lot of squishiness in that time. Every part of it was wicked sexy. Just wow.

## **Christine says**

In typical Haynes' style, it reads well, and is very steamy and hot.

Even though it's a short story, it's too bad that there's not more character development. You don't learn much about the characters -- Rena, Karl, and Grant are absolutely cardboard.

## **(?) Hache says**

Oh myyyyyyy! I was hooked from the first chapter till the end. What a steamy little read this was!

This book is downright dirty. It doesn't waste any time before getting down ... Literally. Constant sex after sex sooo exhausting!
