I think I would've enjoyed this study book more in a group setting where there is discussion and feedback. By myself it was only a review of the chapters of the main book and that one alone makes you think a lot and evaluate your behavior in your marriage.

Joanna Haney says

Wonderful book on how to pray for your husband.

Sarah says

A great guide to being a Godly wife and woman and learn the power of prayer in you marriage. Its been incredible to see my prayers answered and my heart changed in ways I didn't think it would.

Ainsley Mcdougal says

If you're married and a Christ-follower, I think this is a must-read book. We don't like to admit it, but we are all selfish individuals. This book helped me to take my eyes (and my prayers) off myself - and to focus on my husband...his struggles, his needs, and by praying for him in a focused manner I support him in the best way possible. Every year I start this book on January 1st and read it every day for the whole month. It's a great way to start the year and I always learn something new.

Lisa Topp says

Is your husband stressed about work? Money? Friends? This book has wonderful prayers to support your spouse in a spiritual way. God does not disappoint!

Every married woman should read the book and use the study guide to enhance a wonderful marriage or get prayerful guidance in renewing a troubled one.

Reggie Connaughton says

This is a good book but you will need the companion book to go along with it. Those chapters are only 3-4 pages. This books chapters are around 6 pages but you're writing out a lot of prayers and scripture. (That's a good thing!) Both books are 31 weeks long. If you're wanting to do it with a group, I wouldn't recommend doing more than one chapter at a time because there are a lot more questions in the study guide. Some of which may lead to discussion between spouses. Anyway, if you do it, I recommend doing a face to face group. I did it online as a reading club. Marriage is challenging for everyone somewhere at some point and women are uncomfortable talking about it, even when we're face to face. So trying to do it online meant everyone would need to type or do a video and you couldn't get those kind of responses from everyone because of that. If you tried it online, I strongly recommend getting an app like zoom or working in some way to have face to face time weekly. I'd also suggest keeping the groups smaller, in groups of 8. Great study but you'll want it to be intimate. If you can't make that happen, you might not want to start. If you're doing it on your own that doesn't matter. This book was a great reminder to put my eyes (more) on my husband and (more) on God regarding him. It did ask me some things I hadn't thought about before. I did think the book was worth it. Anything thy can improve your prayer life or marriage is worth it.

Martha Kavata says

The best prayer guide book for any woman either married or yet to. The prayer guidelines on how to pray for your partner as a wife on the areas that affect a man on daily basis. It helps in spiritual growth as well as the relationship between the two partners as well as God. You can not read this book and your relationship remain the same again.

Erika says

I have read the Power of a Praying Wife already, but I am reading it again using this study guide. :)
